Yellow Star Jennifer Rozines Roy, 2009 In 1939, the Germans invaded the town of Lodz, Poland, and moved the Jewish population into a small part of the city called a ghetto. As the war progressed, 270,000 people were forced to settle in the ghetto under impossible conditions. At the end of the war, there were 800 survivors. Of those who survived, only twelve were children. This is the story of Sylvia Perlmutter, one of the twelve.

Yellow Star, Red Star Jelena Subotić, 2019-12-15 *Yellow Star, Red Star* asks why Holocaust memory continues to be so deeply troubled—ignored, appropriated, and obfuscated—throughout Eastern Europe, even though it was in those lands that most of the extermination campaign occurred. As part of accession to the European Union, Eastern European states were required to adopt, participate in, and contribute to the established Western narrative of the Holocaust. This requirement created anxiety and resentment in post-communist states: Holocaust memory replaced communist terror as the dominant narrative in Eastern Europe, focusing instead on predominantly Jewish suffering in World War II. Influencing the European Union's own memory politics and legislation in the process, post-communist states have attempted to reconcile these two memories by pursuing new strategies of Holocaust remembrance. The memory, symbols, and imagery of the Holocaust have been appropriated to represent crimes of communism. *Yellow Star, Red Star* presents in-depth accounts of Holocaust remembrance practices in Serbia, Croatia, and Lithuania, and extends the discussion to other East European states. The book demonstrates how countries of the region used Holocaust remembrance as a political strategy to resolve their contemporary ontological insecurities—insecurities about their identities, about their international status, and about their relationships with other international actors. As Subotić concludes, Holocaust memory in Eastern Europe has never been about the Holocaust or about the desire to remember the past, whether during communism or in its aftermath. Rather, it has been about managing national identities in a precarious and uncertain world.

The Yellow Star Carmen Agra Deedy, 2020-07-07 Without the yellow star to point them out, the Jews looked like any other Danes. In 1940, Nazis occupied Denmark and King Christian X, beloved amongst his people, had to find some way to resist their overwhelming power. When the order went out that all Jews must wear a yellow star on their clothes, the king had an idea that might just work. But it would take the faith and commitment of all Danes. In this retelling of a World War II legend, New York Times best-selling author Carmen Agra Deedy poignantly reminds us of the power of a good, wise leader. Paired with Henri Sørensen's arresting full-color portraits, this is a powerful and dignified story of heroic justice.

The Yellow Star Gerhard Schoenberger, 2004 Photograph, page after page, the Shoah unfolds as inexorable horror—captured with resonance that remains unequalled.

It's wartime, and there is much that is different now. There are more things that Claudine will lose to this terrible war. But not everything that is lost must be lost forever. Here is a moving story about lost and found lives, and the healing power of love.

My Canary Yellow Star Eva Wiseman, 2009-05-08 The Second World War was a time of terrible injustices. It was also a time of incredible bravery. *My Canary Yellow Star* is the remarkable story of one of the last century's greatest heroes, Raoul Wallenberg, who was responsible for saving as many as 100,000 lives. Young Marta's life in Budapest has been shattered by the war. First, her school closes. Jews are prohibited from attending classes. Then her father, along with other able-bodied men, is arrested and sent to work digging ditches on the eastern front. The family's apartment is confiscated, and Marta, her brother, and her mother must share cramped space with her aunt and cousin. Food, warm clothing, and any kind of personal freedom have all but vanished. Jewish life becomes more and more confined as the old people, women, and children are forced into the ghetto. From there, the next step is the waiting cattle cars and the concentration camps. But Marta's family is lucky. They are numbered among those who could be saved by the efforts of Raoul Wallenberg. Among the few points of hope was this extraordinary Swedish diplomat. Raoul Wallenberg issued papers to thousands of Jews, declaring them to be Swedish citizens. Wallenberg was questioned by the Russians after the war and disappeared, possibly to die in Siberia. An international movement has been in place for decades to press Russia for news of his fate. Although details of his death remain a mystery, he has come to represent courage and justice in the face of great evil.

Yellow Star, Red Star Agnes Kaposi, 2020 Agnes Kaposi was born in Hungary the year before Hitler came to power and started school at the outbreak of World War II. The Holocaust killed many of her family, together with half a million Hungarian Jews, but a series of miracles and coincidences allowed her to survive. She worked as a child labourer in the agricultural and armament camps of Austria and was liberated by a rampaging Soviet army. She struggled through post-war hardship to re-enter Hungarian society, only to be caught up for a decade in the vice of Stalinism. In 1956 a bloody revolution offered the opportunity to escape to Britain, a country of freedom and tolerance, where she started a family and built a career as a ground-breaking electrical engineering teacher and consultant. Dr Kaposi writes with compassion and optimism, without self-pity. The tone is light, and there is plenty of irony, even humour. The narrative is underscored by the historian László Csósz and illustrated by several maps and more than a hundred archival images and family photographs.
