George Manning, Kent Curtis

Camgirls Theresa M. Senft, 2008 This book is a critical and ethnographic study of camgirls: women who broadcast themselves over the web for the general public while trying to cultivate a measure of celebrity in the process. The book's over-arching question is, «What does it mean for feminists to speak about the personal as political in a networked society that encourages women to 'represent' through confession, celebrity, and sexual display, but punishes too much visibility with conservative censure and backlash?» The narrative follows that of the camgirl phenomenon, beginning with the earliest experiments in personal homecamming and ending with the newest forms of identity and community being articulated through social networking sites like Live Journal, YouTube, MySpace, and Facebook. It is grounded in interviews, performance analysis of events transpiring between camgirls and their viewers, and the author's own experiences as an ersatz camgirl while conducting the research.

Einstein Fellows Tim Spuck, Leigh Jenkins, 2014 Science, technology, engineering, and mathematics (STEM) education is seen by leaders from across the globe as key to economic success and prosperity. Einstein Fellows attempts to improve the state of STEM education, not only here in the United States, but internationally as well. As the body of STEM-learning research grows, this volume provides the unique perspective of nationally recognized educators who have spent, collectively, more than 400,000 hours at the interface between teaching and learning. Readers of Einstein Fellows: Best Practices in STEM Education will gain powerful insight about what really works when it comes to teaching and learning STEM. This publication will serve as an excellent resource for use in any science, technology, engineering, and mathematics teaching methods course; no professional education library K through college, should be without a copy.

Museums and the Act of Witnessing ROSS J. WILSON, 2021-10-21 Museums and the Act of Witnessing examines how representations of traumatic histories and the legacies of the twentieth century in museums and heritage sites across the world shape political, social and cultural identities. Drawing on an interdisciplinary analysis of a variety of museum exhibitions around the globe, the book demonstrates how the narrative of 'witnessing' has shaped representation of war, genocide, repression and violence. Revealing that this form of presentation is inherently Western in its origins and nature, Wilson goes on to argue that witnessing the past is to colonise the future, as we project a certain view of the events of the past onto the present. Detailing the character, content and meanings of representation that focus on the traumatic events of the twentieth century, the book demonstrates the way in which visitors are cast as 'witnesses' and questions what the true purpose of witnessing really is. Museums and the Act of Witnessing draws attention to the fact that we have inherited a distinct, and often limited, mode of seeing the past and considers how we can more effectively engage with the past in the present. The book will be of interest to academics and students engaged in the study of museums, history, sociology, conflict, politics and memory.

To Stand with the Nations of the World Mark Ravina, 2017-09-15 The samurai radicals who overthrew the last shogun in 1868 promised to restore ancient and pure Japanese ways. Foreign observers were terrified that Japan would lapse into violent xenophobia. But the new Meiji government took an opposite course. It copied best practices from around the world, building a powerful and modern Japanese nation with the help of European and American advisors. While revering the Japanese past, the Meiji government boldly embraced the foreign and the new. What explains this paradox? How could Japan's 1868 revolution be both modern and traditional, both xenophobic and cosmopolitan? *To Stand with the Nations of the World* explains the paradox of the Restoration through the forces of globalization. The Meiji Restoration was part of the global long nineteenth century during which ambitious nation states like Japan, Britain, Germany, and the United States challenged the world's great multi-ethnic empires--Ottoman, Qing, Romanov, and Hapsburg. Japan's leaders wanted to celebrate Japanese uniqueness, but they also sought international recognition. Rather than simply mimic world powers like Britain, they sought to make Japan distinctly Japanese in the same way that Britain was distinctly British. Rather than sing God Save the King, they created a Japanese national anthem with lyrics from ancient poetry, but Western-style music. The Restoration also resonated with Japan's ancient past. In the 600s and 700s, Japan was threatened by the Tang dynasty, a dynasty as powerful as the Roman empire. In order to resist the Tang, Japanese leaders borrowed Tang methods, building a centralized Japanese state on Tang models, and learning continental science and technology. As in the 1800s, Japan co-opted international norms while insisting on Japanese distinctiveness. When confronting globalization in 1800s, Japan looked back to that ancient globalization of the 600s and 700s. The ancient past was therefore not remote or distant, but immediate and vital.

Wrestling with Shylock Edna Nahshon, Michael Shapiro, 2017-03-10

Shakespeare's *The Merchant of Venice* occupies a unique place in world culture. As the fictional, albeit iconic, character of Shylock has been interpreted as exotic outsider, social pariah, melodramatic villain and tragic victim, the play, which has been performed and read in dozens of languages, has served as a lens for examining ideas and images of the Jew at various historical moments. In the last two hundred years, many of the play's stage interpreters, spectators, readers and adapters have themselves been Jews, whose responses are often embedded in literary, theatrical and musical works. This volume examines the ever-expanding body of Jewish responses to

Shakespeare's most Jewishly relevant play.

The Summer Dragon Todd Lockwood, 2016-05-03 "The master of dragon art brings the same skills to dragon storytelling" in this debut high fantasy adventure "as detailed and exciting as anything since the Pern tales" (Terry Brooks, New York Times-bestselling author). "Packed with action and fully-developed characters, both human and scaly." -Alan Dean Foster, author of *Star Wars: The Force Awakens* Maia and her family raise dragons for the political war machine. As she comes of age, she hopes for a dragon of her own to add to the stable of breeding parents. But the war goes badly, and the needs of the Dragonry dash her hopes. Her peaceful life is shattered when the Summer Dragon—one of the rare and mythical High Dragons—makes an appearance in her quiet valley. The Summer Dragon is an omen of change, but no one knows for certain what kind of change he augurs. Political factions vie to control the implied message, each to further their own agendas. And so Maia is swept into an adventure that pits her against the deathless Horrors—thralls of the enemy—and a faceless creature drawn from her fears. In her fight to preserve everything she knows and loves, she uncovers secrets that challenge her understanding of her world and of herself.

When You Only See One Set of Footprints Darlene Jackson, 2012-03-01 As I was called, like Abraham, to leave my father's house and follow Christ, my journey would take me and my children to many places which God has caused us to Triumph in Christ Jesus. I was told to share my story and write the things I've seen and heard and lived through so others can know they too can do the same when they put ALL of their Trust in the Holy God of Israel. When You Only See One Set of Footprints is like an open letter to all Living Epistle, for my life has seen everyday living and living for Christ. To give people hope no matter where you are, He can be there, also to show my children and others what Faith looks like despite what people think it ought to look like, to give people hope and encouragement to follow God to the end. This was also a walk for the destroying of Generational Curse so my children (Donelle, Nathifa, Monae, Dominique, Nakeya, Simone), and now my grandson (Nook, Nook), would not have to encounter because I have gone before them to destroy all curses in their path. To bring about transparency in this walk and to show We can come through all things through Christ who strengthens us, so may all be encouraged as well as inspired to continue in the faith and to fight the good fight of faith and know you fight not alone, for you too can see there were only one set of footprints. God Bless.
