Greene's Protective Groups in Organic Synthesis Peter G. M. Wuts, Theodora W. Greene, 2012-12-20 The Fourth Edition of *Greene's Protective Groups in Organic Synthesis* continues to be an indispensable reference for controlling the reactivity of the most common functional groups during a synthetic sequence. This new edition incorporates the significant developments in the field since publication of the third edition in 1998, including... New protective groups such as the fluororous family and the uniquely removable 2-methoxybenzenesulfonyl group for the protection of amines New techniques for the formation and cleavage of existing protective groups, with examples to illustrate each new technique Expanded coverage of the unexpected side reactions that occur with protective groups New chart covering the selective deprotection of silyl ethers 3,100 new references from the professional literature The content is organized around the functional group to be protected, and ranges from the simplest to the most complex and highly specialized protective groups.

IBM Power Systems SR-IOV: Technical Overview and Introduction Scott Vetter, Shivaji D Bhosale, Alexandre Bicas Caldeira, Bartłomiej Grabowski, Chuck Graham, Alexander D Hames, Volker Haug, Marc-Eric Kahle, Cesar Diniz Maciel, Manjunath N Mangalur, Monica Sanchez, IBM Redbooks, 2017-01-12 This IBM® Redpaper™ publication describes the adapter-based virtualization capabilities that are being deployed in high-end IBM POWER7+™ processor-based servers. Peripheral Component Interconnect Express (PCIe) single root I/O virtualization (SR-IOV) is a virtualization technology on IBM Power Systems servers. SR-IOV allows multiple logical partitions (LPARs) to share a PCIe adapter with little or no run time involvement of a hypervisor or other virtualization intermediary. SR-IOV does not replace the existing virtualization capabilities that are offered as part of the IBM PowerVM® offerings. Rather, SR-IOV compliments them with additional capabilities. This paper describes many aspects of the SR-IOV technology, including: A comparison of SR-IOV with standard virtualization technology Overall benefits of SR-IOV Architectural overview of SR-IOV Planning requirements SR-IOV deployment models that use standard I/O virtualization Configuring the adapter for dedicated or shared modes Tips for maintaining and troubleshooting your system Scenarios for configuring your system This paper is directed to clients, IBM Business Partners, and system administrators who are involved with planning, deploying, configuring, and maintaining key virtualization technologies.

1998 Fourth International High Temperature Electronics Conference IEEE Electron Devices Society, 1998 These papers discuss the need for and status of high temperature electronics development with particular reference to semiconductor materials, devices and applications, passive components, ohmic contacts and metallizations, testing at high temperatures, and thermal management.

Educação de Jovens e Adultos Integrada à Educação Profissional: História, Discursos e Diálogos Rodrigo de Freitas Amorim, 2019-07-01 *Educação de Jovens e Adultos integrada à Educação Profissional: história, discursos e diálogos* trata de uma investigação sobre o Programa Nacional de Integração da Educação Profissional com a Educação Básica na Modalidade de Educação de Jovens e Adultos (Proeja), que, apesar do tamanho da amostra do estudo, vai muito além do programa, pois resgata elementos históricos, discursivos e dialógicos que envolvem a formação do trabalhador, de modo a estender suas contribuições ao campo das Ciências Sociais e Humanas, em especial da Educação e daqueles que pensam a relação Trabalho-Educação e suas implicações no contexto brasileiro. Com fundamentação teórica contundente e rigor metodológico em pesquisa, esta obra traz a trajetória de duas modalidades de ensino – Educação de Jovens e Adultos (EJA) e Educação Profissional (EP) – que pouco dialogaram desde suas concepções nas políticas públicas brasileiras, perfazendo, cada uma, caminhos distintos e, ao mesmo tempo, tão próximos, tendo em vista o sujeito de sua formação: o trabalhador. Dessa forma, aspectos ideológicos são desnudados demonstrando como as políticas públicas estão imbricadas por interesses, por vezes, particulares e projetos distintos de sociedade que compõem a correlação de forças dos poderes democráticos – Executivo, Legislativo e Judiciário. O leitor perceberá como os sujeitos – professores e alunos trabalhadores – que fazem com que essa integração seja possível fazem ouvir suas vozes em diálogos institucionais que afirmam as lutas pela inserção da modalidade de EJA na Rede Federal de Educação Profissional e Tecnológica, suscitando esperança e sonhos de um Brasil melhor. Este livro não é apenas uma fonte de ricas informações sobre o assunto, mas também uma fonte de inspiração para aqueles que acreditam no trabalho como categoria central de construção das riquezas humanas. É também uma obra destinada a pesquisadores, professores, alunos de graduação e pós-graduação e a todos que se interessam pelo tema da formação do trabalhador tendo como grande desafio provocar uma reflexão crítica e consistente sobre o assunto, em uma perspectiva do direito à escolarização básica integrada à profissionalização.

Satire and Politics Jessica Milner Davis, 2017-11-17 This book examines the multi-media explosion of contemporary political satire. Rooted in 18th century Augustan practice, satire's indelible link with politics underlies today's universal disgust with the ways of elected politicians. This study interrogates the impact of British and American satirical media on political life, with a special focus on political cartoons and the levelling humour of Australasian satirists.

Einstein's Bridge John Cramer,2023-05-02 Somewhere in the Multiverse, in a lab distant from the Makers' Planet, Tunnel Maker, Creator of Bridges, answers an alarm. His inter-universe probe is detecting signals from another bubble universe, indicating that some new high-intelligence alien species is doing high-energy physics and creating hyperdimensional signals. Tunnel Maker knows that, in another bubble universe, the predatory Hive Mind should be receiving the same signals. It is time to make a Bridge . . . George Griffin, experimental physicist working at the newly-operational Superconducting Super Collider (SSC), observes a proton-proton collision that doesn't make sense. He chases it down and discovers a Bridgehead, a wormhole link to the Makers' universe. With help from theorist Roger Coulton and writer Alice Lancaster, he establishes communication with the Makers, only to learn that a Hive invasion of Earth is imminent. As the Hive invasion is destroying humanity, by wormhole the Makers transport George and Roger back to 1987, where they must undertake the task of manipulating the Reagan, Bush, and Clinton administrations to change the future and prevent construction of the SSC. At the publisher's request, this title is sold without DRM (Digital Rights Management).

India and Central Europe Rajendra K. Jain,2021-09-01 This book explores the transformation of India's relations with Central and Eastern Europe from being a subset of Indo-Soviet relations during the Cold War to the rediscovery and rebuilding of relations with the region almost from scratch in the post-Cold War era. It examines how the combination of Brexit, the rise of China and India's expanding geo-economic interests in Europe has led the Narendra Modi government to contemplate relations with Central Europe through a more strategic lens and treat the region as an autonomous element within India's foreign policy rather than a footnote of its relations with other great powers. Fulfilling a long-felt gap in existing literature, this volume examines India's political, economic, investment, defence and cultural relations with the Visegrad Four (the Czech Republic, Hungary, Poland and Slovakia). It analyzes Indian perceptions of Central Europe and explores prospects of New Delhi's political and economic engagement with the region. The painstakingly compiled appendices on the exchange of bilateral visits and agreements between India and the Visegrad Four would be of immense use as a handy reference to scholars, policy-makers, and other interested persons and institutions.

USAMRIID's Medical Management of Biological Casualties Handbook U.S. Army Medical Research Institute of Infectious Diseases,2001 The purpose for this handbook is to serve as a concise pocket-sized manual that will guide medical personnel in the prophylaxis and management of biological casualties. It is designed as a quick reference and overview, and is not intended as a definitive text on the medical management of biological casualties.

Essential Health Benefits Institute of Medicine,Board on Health Care Services,Committee on Defining and Revising an Essential Health Benefits Package for Qualified Health Plans,2012-01-17 In 2010, an estimated 50 million people were uninsured in the United States. A portion of the uninsured reflects unemployment rates; however, this rate is primarily a reflection of the fact that when most health plans meet an individual's needs, most times, those health plans are not affordable. Research shows that people without health insurance are more likely to experience financial burdens associated with the utilization of health care services. But even among the insured, underinsurance has emerged as a barrier to care. The Patient Protection and Affordable Care Act (ACA) has made the most comprehensive changes to the provision of health insurance since the development of Medicare and Medicaid by requiring all Americans to have health insurance by 2016. An estimated 30 million individuals who would otherwise be uninsured are expected to obtain insurance through the private health insurance market or state expansion of Medicaid programs. The success of the ACA depends on the design of the essential health benefits (EHB) package and its affordability. Essential Health Benefits recommends a process for defining, monitoring, and updating the EHB package. The book is of value to Assistant Secretary for Planning and Evaluation (ASPE) and other U.S. Department of Health and Human Services agencies, state insurance agencies, Congress, state governors, health care providers, and consumer advocates.

The Heliand ,2020-05 Mariana Scott, poet and translator of Hofmannsthal, Meyrink, Celan, and others, translates the eight-century Old Saxon Heliand into its original meter in this work originally published in 1966. This anonymous masterpiece presents the life of Christ and affords an excellent

insight into medieval life.

Inter-Municipal Cooperation in Europe Rudie Hulst,André van Montfort,2007-05-11 This book presents an overview of inter-municipal cooperation in eight European countries. Each country study sketches its attendant forms, their institutional design, the tasks and competencies attributed to joint authorities of municipalities and the way inter-municipal cooperation operates in practice. Both performance and democratic aspects of cooperation are recurring topics.

Risk and Choice in Maternity Care Andrew Symon,2006-11-16 This title is directed primarily towards health care professionals outside of the United States. This book explores the complex interrelationship between risk and choice in maternity care, taking a close look at how high and low risk are defined and what impact this has on a woman's ability to exercise informed choices throughout pregnancy. It offers an international collaboration that highlights different perspectives on debated issues, with chapters on maternity care in the UK, United States, Australia, and Ireland contributed by midwives, obstetricians, risk management experts, and sociologists. The aim of this book is to illustrate the changing reality of risk management as it relates to maternity care, and to highlight risk management concerns that may limit the choices available to pregnant women. Clarifies how applications of risk affect the choices pregnant women are able to exercise. Locates pregnancy risk considerations within the overall scheme of risk management. Analyzes practitioners' responses to the requirements of risk management. Presents risk management and choice from the risk manager's perspective, providing an understanding of risk as a macro concept in health care. Highlights medico-legal opinions on exercising choice, underscoring the need for accurate information and the ability to make informed decisions. Two chapters examine women's perspectives on risk labeling and the impact this has on choice - one in which the concept of safety within maternity care is discussed, and one in which the views of women with defined risk factors are explored and their ability to make choices is evaluated. Two chapters written by health service risk managers discuss the differences between an inner-city approach and a rural approach to the debate surrounding risk and choice. Discusses midwifery's focus on normality in childbirth and considers how this viewpoint affects the risk dialogue, including a chapter on clinical trends in maternity care. An obstetric perspective on risk refutes criticisms of obstetricians as being more likely to impose risk labels and limit choices by discussing how risks and choices are presented and considered within obstetric care. Explores the debate surrounding a woman's right to have a home birth in Ireland, in light of its risk management climate. Two chapters discuss the collaboration between service users, midwives, and obstetricians in Australia regarding the organization and delivery of maternity care, as well as the views concerning risk among indigenous Australians. Perspectives from nurse-midwives in the U.S. discuss the complex relationships among nurse-midwives, obstetricians, and pregnant women with regard to choice, including views on risk within immigrant communities.
