*Devagar é que não se vai longe – Parcerias público-privadas e desenvolvimento econômico* Guilherme N. de Lacerda, O livro de Guilherme Lacerda é uma importante contribuição ao debate sobre o investimento no Brasil. Sua experiência como professor universitário, dirigente de investidores institucionais como a FUNCEF e diretor de um banco de desenvolvimento como o BNDES proporcionaram-lhe uma oportunidade única de discorrer sobre o tema. No passado recente o país foi beneficiado por um ciclo de crescimento que teve seu ápice no segundo mandato da Presidência Lula e no início do primeiro mandato da Presidência Dilma. Na ocasião, o país teve a maior janela de oportunidade desde o regime autoritário para alavancar o crescimento econômico, em função de uma combinação de estabilização macroeconômica, reformas econômicas, políticas regulatórias, boom de commodities e políticas públicas – industrial, científica e tecnológica, de inovação e de infraestrutura. Mas, ficou comprovado que disponibilidade de recursos e vontade política eram condições necessárias, mas não suficientes para fazer certas coisas acontecerem. Mecanismos como parcerias público-privadas (PPPs) e concessões passaram a ser discutidos e explorados como opções destinadas a impulsionar investimentos. Guilherme Lacerda foi protagonista destes tempos e nesta publicação compartilha sua experiência de profissional para viabilizar os investimentos naquela quadra da história do país. Trata-se de um texto que combina sua formação acadêmica com reflexões ex-post sobre sua vivência – rica contribuição e rara à compreensão dos desafios nacionais em um setor pouco explorado do ponto de vista da literatura econômica. **Bushwhacker Belles** Larry Wood,2016-04-20 The award-winning author provides “a look at the women who supported the male border raiders . . . includes heartrending stories from a savage war” (HistoryNet). In this fascinating look at an often overlooked subject, historian Larry Wood delves into the hidden lives of the brave belles of Missouri. Sometimes connected by blood but always united in purpose, these wives, sisters, daughters, lovers, friends, and mothers risked their lives and their freedom to give aid and comfort to their menfolk. They used subterfuge and occasionally sheer luck to feed, clothe, and shelter the guerrillas. These courageous women of every age and station acted as essential go-betweens, scouts, spies, guides, and mail handlers. They often joined in on the bushwhackers’ campaigns, assisting them in any way possible. They even received and traded stolen property for their Confederate brethren. Many of the women were arrested or banished from their home state of Missouri; many were forced to give an oath of allegiance to the Union in order to gain their freedom; a few were able to carry out their clandestine missions undetected. Wood traces these women through their own diaries and other primary sources from the era. The poignant tales of these women are punctuated by images of many of them; the stiff, posed portraits give silent testimony to their resiliency and strength during tumultuous times. “A fascinating glimpse into the irregular warfare that embroiled the state during the Civil War.” –Jefferson City News Tribune

Sovereign Wealth Funds, Local Content Policies and CSR Eduardo G.

Pereira,Rochelle Spencer,Jonathon W. Moses,2021-01-25 This book explores three particular strategies in the extractives sector for creating shared wealth, increased labour opportunities and positive social, environmental and economic outcomes from corporate projects, namely: state wealth funds (SWF), local content policies (LCP) and corporate social responsibility (CSR) practices. Collectively, the chapters explore the associated experiences and challenges in different parts of the world with the view to inform equitable and sustainable development for the communities living adjacent to extractives sites and the wider society and environment. Examples of LCPs, SWFs and CSR practices from 12 jurisdictions with diverse experiences offer usefull insights. The book illuminates challenges and opportunities for sustainable development outcomes of the extractives sector. It reflects the need to take on board the lessons of these global experiences in order to improve outcomes for poverty reduction, inequality reduction and sustainable development.

**B-26 Marauder at War** Roger Anthony Freeman,Trevor J. Allen,Bernard Mallon,1978-01-01 Beskriver det amerikanske bombefly B-26 Marauder og dets operationer under 2. verdenskrig.

International Arbitration in Times of Economic Nationalism Bjorn Arp,Rodrigo Polanco,2022-07-06 Numerous developments across the world in recent years bear witness to States' increasing skepticism about the benefits of international cooperation and the efficiency of international economic law understood as a multilateral set of rules equally binding on all States. This timely book reviews situations where this new economic nationalism may impact the way arbitration—in both commercial and investment disputes—is practiced. Distinguished international arbitrators and academic experts analyze a wide array of topics, covering a broad spectrum of juristic traditions, geographic areas, foreign investment protection laws, and dispute resolution mechanisms and issues. Topics covered include the following: evolution of the definitions of arbitrable standards; amendments to procedural rules; States' policy choices as reflected in recent investment treaties; procedural trends to restrict access to investment arbitration; the effects of the Achmea decision in the European Union; growing use of the public policy exception; dispute settlement of public-private partnership agreements; and diversification of dispute resolution methods (e.g., business courts). An important feature of the book is the ability it offers to compare various contemporary transformations of dispute settlement mechanisms, with attention

to developments in a number of jurisdictions including the United States, the European Union, China, Canada, Switzerland, Turkey, and the Latin American countries. With its comprehensive analysis of how economic nationalism may lead to limiting the jurisdictional, procedural, and substantive scope of arbitration, the authors underscore the crucial importance of a robust system of international arbitration of economic disputes to ensure a stable and secure world order. The global coverage of the contributions and the insightful views offered in them speak eloquently about their usefulness and outreach for arbitration practitioners and scholars, as well as for professionals involved in drafting policies for economic development or in the negotiation of investment agreements.

**Flying the B-26 Marauder Over Europe** Carl H. Moore,2013-05-21 "This is the story of my experiences with the medium bomber designated by the Army as a B-26 and named by the British the Marauder. The book includes a history of the development of the plane. My war experience began with ferrying our Marauder to England, which included a Sahara Desert stretch from Dakar to Marrakesh. Less than a third of the way there we lost the right engine but flew on safely on one engine, making an emergency landing at the oasis village of Tindouf, an old French Foreign Legion base. The Marauders were involved in the tragic, low-level mission over the E-boats in Holland where 60 percent of the officers and airmen and all ten aircraft were lost. This mission resulted in a reconsideration of low level operations in Europe (decision: move to medium altitude). My journal entries were created after each mission and offer details (target, date, crew members, their emotions, action narrative) of 50 combat missions (Appendix A). Considerable background on the design and construction of the Marauder is included, as well as a description of the B-26 reconstructed by the Confederate (now: Commemorative) Air Force. The book ends with a description of each of the crew members and their activity since the war if available."

**Think Bayes** Allen B. Downey,2021-05-18 If you know how to program, you're ready to tackle Bayesian statistics. With this book, you'll learn how to solve statistical problems with Python code instead of mathematical formulas, using discrete probability distributions rather than continuous mathematics. Once you get the math out of the way, the Bayesian fundamentals will become clearer and you'll begin to apply these techniques to real-world problems. Bayesian statistical methods are becoming more common and more important, but

there aren't many resources available to help beginners. Based on undergraduate classes taught by author Allen B. Downey, this book's computational approach helps you get a solid start. Use your programming skills to learn and understand Bayesian statistics Work with problems involving estimation, prediction, decision analysis, evidence, and Bayesian hypothesis testing Get started with simple examples, using coins, dice, and a bowl of cookies Learn computational methods for solving real-world problems

*Corporate Compliance in Home Health* Fay Adrienne Rozovsky,1998 Litigation is rampant in the home health field - and it's not just about billing and coding. It's also about other practices that could lead to compliance problems, such as substandard employment practices or failing to run background checks. A lawsuit against your agency could come completely out of left field. But you can avoid getting blind-sided and protect your agency. *Corporate Compliance in Home Health: Establishing a Plan, Managing the Risks* gives home health care providers practical, down-to-earth standards for controlling and preventing losses growing out of corporate compliance. With this new resource from Aspen, get an up-to-date and easy-to-understand review of the law of corporate compliance, find out how the new OIG (Office of the Inspector General of HCFA) model compliance guidance for hospitals impacts home health, and uncover where your agency is at risk. You'll find out what to do if and when your agency comes under investigation, and get important, timely federal reference material from the GAO to HHS, and key parts of the Federal Sentencing Guidelines.
