Toolkit to Combat Trafficking in Persons United Nations Office on Drugs and Crime, 2008 In the light of the urgent need for cooperative and collaborative action against trafficking, this publication presents examples of promising practice from around the world relating to trafficking interventions. It is hoped that the guidance offered, the practices showcased and the resources recommended in this Toolkit will inspire and assist policymakers, law enforcers, judges, prosecutors, victim service providers and members of civil society in playing their role in the global effort against trafficking in persons. The present edition is an updated and expanded version of the Toolkit published in 2006.

Medical and Veterinary Entomology Gary R. Mullen, Lance A. Durden, 2009-04-22 Medical and Veterinary Entomology, Second Edition, has been fully updated and revised to provide the latest information on developments in entomology relating to public health and veterinary importance. Each chapter is structured with the student in mind, organized by the major headings of Taxonomy, Morphology, Life History, Behavior and Ecology, Public Health and Veterinary Importance, and Prevention and Control. This second edition includes separate chapters devoted to each of the taxonomic groups of insects and arachnids of medical or veterinary concern, including spiders, scorpions, mites, and ticks. Internationally recognized editors Mullen and Durden include

extensive coverage of both medical and veterinary entomological importance. This book is designed for teaching and research faculty in medical and veterinary schools that provide a course in vector borne diseases and medical entomology; parasitologists, entomologists, and government scientists responsible for oversight and monitoring of insect vector borne diseases; and medical and veterinary school libraries and libraries at institutions with strong programs in entomology. Follows in the tradition of Herm's Medical and Veterinary Entomology The latest information on developments in entomology relating to public health and veterinary importance Two separate indexes for enhanced searchability: Taxonomic and Subject New to this edition: Three new chapters Morphological Adaptations of Parasitic Arthropods Forensic Entomology Molecular Tools in Medical and Veterinary Entomology 1700 word glossary Appendix of Arthropod-Related Viruses of Medical-Veterinary Importance Numerous new full-color images, illustrations and maps throughout

**Characterization** Dieter K. Schroder, 2015-06-29  
This Third Edition updates a landmark text with the latest findings The Third Edition of the internationally lauded Semiconductor Material and Device Characterization brings the text fully up-to-date with the latest developments in the field and includes new pedagogical tools to assist readers. Not only does the Third Edition set forth all the latest measurement techniques, but it also examines new interpretations and new applications

of existing techniques. Semiconductor Material and Device Characterization remains the sole text dedicated to characterization techniques for measuring semiconductor materials and devices. Coverage includes the full range of electrical and optical characterization methods, including the more specialized chemical and physical techniques. Readers familiar with the previous two editions will discover a thoroughly revised and updated Third Edition, including: Updated and revised figures and examples reflecting the most current data and information 260 new references offering access to the latest research and discussions in specialized topics New problems and review questions at the end of each chapter to test readers' understanding of the material In addition, readers will find fully updated and revised sections in each chapter. Plus, two new chapters have been added: Charge-Based and Probe Characterization introduces charge-based measurement and Kelvin probes. This chapter also examines probe-based measurements, including scanning capacitance, scanning Kelvin force, scanning spreading resistance, and ballistic electron emission microscopy. Reliability and Failure Analysis examines failure times and distribution functions, and discusses electromigration, hot carriers, gate oxide integrity, negative bias temperature instability, stress-induced leakage current, and electrostatic discharge. Written by an internationally recognized authority in the field, Semiconductor Material and Device Characterization remains essential reading for graduate students as well as

for professionals working in the field of semiconductor devices and materials. An Instructor's Manual presenting detailed solutions to all the problems in the book is available from the Wiley editorial department.

*Community/public Health Nursing* Mary Albrecht Nies, Melanie McEwen, 2007 *Community/Public Health Nursing: Promoting the Health of Populations*, 4th Edition focuses on the issues and responsibilities of contemporary community/public health nursing. Its emphasis on working with populations combined with the unique upstream preventive approach prepares the reader to assume an active role in caring for the health of clients in community and public settings. Plus, the new full-color design highlights special features and enhances content. Features photo-novellas to engage students and demonstrate applications of important community health nursing concepts. Provides detailed case studies that emphasize community aspects of all steps of the nursing process to promote the community perspective in all health situations. Examines issues of social justice and discusses how to target inequalities in arenas such as education, jobs, and housing to prepare students to function in a community-focused health care system. Demonstrates the use of theoretical frameworks common to community and public health nursing showing how familiar and new theory bases can be used to solve problems and challenges in the community. Illustrates real-life situations with highlighted Clinical Examples depicting

today's community/public health care. Discussion of Levels of Prevention presented within the Case Studies address specific applications for each level. Provides Learning Activities at the end of each chapter to challenge students to apply chapter material outside the classroom. Includes a disaster management and preparedness chapter to examine this important new area of concern and responsibility in community health. Offers content on forensic nursing to explore this new subspecialty in community health. Summarizes research study findings pertinent to chapter topics in Research Highlights boxes. Highlights specific ethical issues in Ethical Insights boxes. Presents Healthy People 2010 objectives in feature boxes in appropriate chapters. Provides a Media Resources section at the front of each chapter that details the numerous Evolve components available to students. Chapter outline added to the front of chapters makes locating information in the chapter easier.

**When Scotland Was Jewish** Elizabeth Caldwell Hirschman, Donald N. Yates, 2015-05-07 The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain.

Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

Acoustic Absorbers and Diffusers Trevor J. Cox, Peter D'Antonio, 2009-01-26 Absorbers and diffusers are two of the main design tools for altering the acoustic conditions of rooms, semi-enclosed spaces and the outdoor environment. Their correct use is important for delivering high quality acoustics. Unique and authoritative, this book describes how to effectively measure, model, design and apply diffusers and absorbers. It is a resource for new and experienced acousticians, seeking an understanding of the evolution, characteristics and application of modern diffusers. Absorption is a more established technology and so the book blends traditional designs with modern developments. The book covers practical and theoretical aspects of absorbers and diffusers and is well illustrated with examples of installations and case studies. This new edition brings Acoustic Absorbers and Diffusers up-to-date with current research, practice and standards. New developments in measurement, materials, theory and

practice since the first edition (published in 2004) are included. The sections on absorbers are extended to include more about noise control.

Early Illustrated Books Alfred William Pollard, 1893

The Strange Story Book Mrs. Andrew Lang, 2024-02-03 Now as this is the very last book of all this series that began in the long long ago, perhaps you may like to hear something of the man who thought over every one of the twenty-five, for fear lest a story should creep in which he did not wish his little boys and girls to read. He was born when nobody thought of travelling in anything but a train—a very slow one—or a steamer. It took a great deal of persuasion to induce him later to get into a motor and he had not the slightest desire to go up in an aeroplane—or to possess a telephone. Somebody once told him of a little boy who, after giving a thrilling account at luncheon of how Randolph had taken Edinburgh Castle, had expressed a desire to go out and see the Museum; 'I like old things better than new,' said the child! 'I wish I knew that little boy,' observed the man. 'He would just suit me.' And that was true, for he too loved great deeds of battle and adventure as well as the curious carved and painted fragments guarded in museums which show that the lives described by Homer and the other old poets were not tales made up by them to amuse tired crowds gathered round a hall fire, but were real—real as our lives now, and much more

beautiful and splendid. All beasts were his friends, just because they were beasts, unless they had been very badly brought up. He never could resist a cat, and cats, like beggars, tell each other these things and profit by them. A cat knew quite well that it had only to go on sitting for a few days outside the window where the man was writing, and that if it began to snow or even to rain, the window would be pushed up and the cat would spend the rest of its days stretched in front of the fire, with a saucer of milk beside it, and fish for every meal. But life with cats was not all peace, and once a terrible thing happened when Dickon-draw-the-blade was the Puss in Possession. His master was passing through London on the way to take a journey to some beautiful old walled towns in the south of France where the English fought in the Hundred Years War, and he meant to spend a few weeks in the country along the Loire which is bound up with the memory of Joan of Arc. Unluckily, the night after he arrived from Scotland Dickon went out for a walk on the high trellis behind the house, and once there did not know how to get down again. Of course it was quite easy, and there were ropes of Virginia creeper to help, but Dickon lost his presence of mind, and instead of doing anything sensible only stood and shrieked, while his master got ladders and steps and clambered about in the dark and in the cold, till he put Dickon on the ground again. Then Dickon's master went to bed, but woke up so ill that he was obliged to do without the old towns, and go when he was better to a horrid place called Cannes, all dust and tea-parties.
