**Ecology of Fragmented Landscapes** Sharon K.

Collinge, 2009-06 Ask airline passengers what they see as they gaze out the window, and they will describe a fragmented landscape: a patchwork of desert, woodlands, farmlands, and developed neighborhoods. Once-contiguous forests are now subdivided; tallgrass prairies that extended for thousands of miles are now crisscrossed by highways and byways. Whether the result of naturally occurring environmental changes or the product of seemingly unchecked human development, fractured lands significantly impact the planet's biological diversity. In *Ecology of Fragmented Landscapes*, Sharon K. Collinge defines fragmentation, explains its various causes, and suggests ways that we can put our lands back together. Researchers have been studying the ecological effects of dismantling nature for decades. In this book, Collinge evaluates this body of research, expertly synthesizing all that is known about the ecology of fragmented landscapes. Expanding on the traditional coverage of this topic, Collinge also discusses disease ecology, restoration, conservation, and planning. Not since Richard T. T. Forman's classic *Land Mosaics* has there been a more comprehensive examination of landscape fragmentation. *Ecology of Fragmented Landscapes* is critical reading for ecologists, conservation biologists, and students alike.

Twelve Years a Slave Solomon Northup, 2024-01-04  
Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

**The Sixth Station** Linda Stasi,2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.

**Apocalypse** Jacques Ellul, 2020-05-05 "There has never been a book provoking more delirium, foolishness and irrational movements, without any relationship to Jesus Christ [than the Book of Revelation]." -Jacques Ellul, Introduction Known for his trenchant critique of modernity and of those Christians who celebrate their captivity to it, Ellul here cuts to the heart of the theological intention of the Book of Revelation, and thereby reveals the liberating gospel in all its offensiveness. Neither an exhaustive commentary nor a work of historical-exegetical analysis, Apocalypse is a provocative, independent interpretation. Ellul seeks to rescue Revelation from the reassuring and orthodox banality to which commentators often reduce it. The goal is to perceive the totality of the book in its movement and structure. "Architecture in movement" is the key to understanding Revelation's puzzling but simple message. This edition also comes with a new foreword by Jacob Marques Rollison who provides an essential aid for guiding readers through Ellul's thorough engagement with Revelation.

**Why Don't the Poor Rise Up?** Ajamu Nangwaya, Michael Truscello, 2017-07-17 Each of these essays is a sharpened weapon for the battles looming large on the horizon. -George Ciccariello-Maher, author of Building the Commune Combining the most creative thought from the global North and South, Why Don't the Poor Rise Up? promises to be an indispensable resource for understanding why the new revolutionary movement of the 21st century will emerge from the ranks of the most marginalized by capitalism and colonialism. -Ajamu Baraka, editor of Black Agenda Report Even mainstream media like the New York Times and The Economist have recently posed the question: Why don't the poor rise up?, uneasily amazed that

capitalism hasn't met with greater resistance. In the context of unparalleled global wealth disparity, ecological catastrophe, and myriad forms of structural oppression, this vibrant collection offers a reassessment of contemporary obstacles to mass mobilization, as well as examples from around the world of poor people overcoming those obstacles in inspiring and instructive new ways. With contributions from Idle No More cofounder Alex Wilson, noted Italian theorist Franco Bifo Berardi, and nineteen other scholars and activists from around the world, *Why Don't the Poor Rise Up?* presents a truly global range of perspectives that explore the question of revolution, its objective and subjective prerequisites, and its increasing likelihood in our time. Ajamu Nangwaya, Ph.D., is an educator at Seneca College with over twenty-five years of experience in community organizing and advocacy. Michael Truscello, Ph.D., is an educator at Mount Royal University and author of the forthcoming book- *The Infrastructure Society*.

Their relationship hasn't been smooth sailing, but their love is on solid ground. Too bad their work lives are on shakier soil-Jordan's is, anyway, as he sets out with his partner to investigate Aldous Henley, a shady art dealer suspected of forgery and smuggling. But proving these crimes and bringing the man to justice is more challenging than Jordan expected. Before long, Henley isn't just a work problem. The case consumes Jordan's attention, and he's struggling to balance his busy professional life

and his equally important private life—especially with a significant anniversary approaching. Love may be in plain sight, but that doesn't mean it should be taken for granted.

He will up the ante substantially, exponentially, and pretend to be someone really important and successful: God. His mission to convince the citizenry of Miami that he is, despite appearances, the Supreme Being results in him taking over the Church of the Heavily Armed Christ. His duties there involve him in forming a private army, hiring call girls, trafficking coke, issuing death threats, beating off church-jackers and sorting out (as almightily as possible) various problems his parishioners are having with pets. All the while he is working on his grand project, the clincher miracle, dying and coming back to life...
