Moon-face and Other Stories Jack London, 1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, The Call of the Wild (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including The Sea-Wolf (1904), White Fang (1906), South Sea Tales (1911), and Jerry of the South Seas (1917). One of London's most interesting novels is the semi-autobiographical Martin Eden (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

F Power Mode Fitness Mehrshad Dave, 2016-12-26 F Power Mode Fitness Systematic workout Program for no doubt gives you the best results to achieving a fit body but challenging yourself with new exercises and workouts is a different discussion. When your body gets used to a specific workout program, it loses its effectiveness. For example if you do sit-ups every day in a month and increase the number of reps as days pass, not only it doesn't help your body to burn fats and build muscles, but it makes this exercise easy for your body and it loses its effectiveness. If you always get your body in to new challenges and learn more exercises, for sure, your body is going to be fit. In this book we challenge you and your body to new workouts and exercises. All of the body parts, legs, abs, and upper body... have been categorized in their own section and each section consists of steps. Each step is different from each other and is a challenge for you. From step 1 as you go forward you face new exercises and different levels of reps for each exercise which has been divided to 3 Modes: Minimum, Middle, and Maximum. Each step is a prerequisite for the next one. If you find a step hard, don't rush ahead to the next step. Just practice this one in your workout till you get comfortable with it and then go for the next step. Choose your Specific Body Type workout program that suits your body. Follow along with our workout program and know that if you are serious to be fit, you are in the right way. Remember, always challenge yourself. The Veiled Web Catherine Asaro, 2022-09-27 “A near-future layering of East and West, of religion and technology . . . and of love and its loss—all woven into an intriguing tapestry.” —Diana Gabaldon, bestselling author of the Outlander series Winner of the Homer Award for Best Science Fiction Novel A renowned prima ballerina, Lucia del Mar is far more comfortable expressing herself through dance than with words. Shy and introverted, she spends most of her spare time on her laptop. Still, Lucia’s job forces her out of her comfort zone, which is how she winds up at a White House reception where she meets Rashid al-Jazari, the wealthy CEO of a multinational corporation. Although attracted to him, Lucia can’t help but feel awkward and shrugs off their encounter as a one-time event. Not realizing he feels a similar attraction, she never imagines Rashid will seek out her performances; he is the last person she expects to see when her dance company travels to Italy. Their reunion takes an even more unexpected turn when they’re both drugged and kidnapped. Although they overcome their abductors, it leaves them stranded in North Africa. For her own safety, Lucia agrees to marry Rashid, at least for the time being. As she recovers at his family compound in Morocco, reeling from their brush with danger, she struggles to fit into a culture she knows nothing about—and to deal with her growing feelings for Rashid. At the same time, at his secret office there, Rashid is developing a dramatic leap forward in artificial intelligence combined with virtual reality. He finds himself plunged into a fight for control of his work against powerful international forces, and caught in the middle, Lucia is swept into that battle . . . “A terrific novel, ripping a path from today’s headlines to tomorrow’s realities.” —Robert J. Sawyer, Nebula Award–winning author
