**Conquer the Clutter** Elaine Birchall, Suzanne Cronkwright, 2019-10-01 How to take back your life when your things are taking over. Why does Cliff, a successful lawyer who regularly wins landmark cases, step over two-foot piles of paper whenever he opens his front door? Why do Joan and Paul ask Children's Services to take their three children instead of decluttering their home? Why does Lucinda feel intense pressure to hold onto her family's heirlooms even though she has no room for them? They have hoarding disorder, which an estimated 2% to 6% of the adult population worldwide experience. *Conquer the Clutter* offers hope to anyone affected by hoarding. Real-life vignettes, combined with easy-to-use assessment and intervention tools, support those who hoard—and those who care about them. Written by Elaine Birchall, a social worker dedicated to helping people declutter and achieve long-term control over their belongings, the book • provides an overview of hoarding, defining what it is—and is not • explains the difference between clutter and hoarding • describes different types of hoarding in detail, including impulse shopping, closet hoarding, and animal hoarding • debunks myths about hoarding and hoarders • explores the effects that hoarding has on relationships, on work, and on physical and financial health • presents a practical, step-by-step plan of action for decluttering • contains dedicated advice from individuals who have successfully overcome their hoarding disorder The most comprehensive work about hoarding on the market, *Conquer the Clutter* discusses special populations who are not often singled out, such as the disabled and the elderly, and includes numerous worksheets to assist individuals in determining the scope of their hoarding disorder and tackling the problem. Over 40 pages of additional resources are available online at [jhupbooks.press.jhu.edu/title/conquer-clutter](http://jhupbooks.press.jhu.edu/title/conquer-clutter).

**Punishing Poverty** Christine S. Scott-Hayward, Henry F. Fradella, 2019-09-24 Most people in jail have not been convicted of a crime. Instead, they have been accused of a crime and cannot afford to post the bail amount to guarantee their freedom until trial. *Punishing Poverty* examines how the current system of pretrial release detains hundreds of thousands of defendants awaiting trial. Tracing the historical antecedents of the US bail system, with particular attention to the failures of bail reform efforts in the mid to late twentieth century, the authors describe the painful social and economic impact of contemporary bail decisions. The first book-length treatment to analyze how bail reproduces racial and economic inequality throughout the criminal justice system, *Punishing Poverty* explores reform efforts, as jurisdictions begin to move away from money bail systems, and the attempts of the bail bond industry to push back against such reforms. This accessibly written book gives a succinct overview of the role of pretrial detention in fueling mass incarceration and is essential reading for researchers and reformers alike.

*The Big Rich* Bryan Burrough, 2010-03-30 “Full of schadenfreude and speculation—and solid, timely history too.” —Kirkus Reviews “This is a portrait of capitalism as white-knuckle risk taking, yielding fruitful discoveries for the fathers, but only sterile speculation for the sons—a story that resonates with today's economic upheaval.” —Publishers Weekly “What's not to enjoy about a book full of monstrous egos, unimaginable sums of money, and the punishment of greed and shortsightedness?” —The Economist Phenomenal reviews and sales greeted the hardcover publication of *The Big Rich*, New York Times bestselling author Bryan Burrough's spellbinding chronicle of Texas oil. Weaving together the multigenerational sagas of the industry's four wealthiest families, Burrough brings to life the men known in their day as the Big Four: Roy Cullen, H. L. Hunt, Clint Murchison, and Sid Richardson, all swaggering Texas oil tycoons who owned sprawling ranches and mingled with presidents and Hollywood stars. Seamlessly charting their collective rise and fall, *The Big Rich* is a hugely entertaining account that only a writer with Burrough's abilities-and Texas upbringing-could have written.

**Moon-face and Other Stories** Jack London, 1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, *The Call of the Wild* (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of

struggle, travel, and adventure followed, including *The Sea-Wolf* (1904), *White Fang* (1906), *South Sea Tales* (1911), and *Jerry of the South Seas* (1917). One of London's most interesting novels is the semi-autobiographical *Martin Eden* (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

**Enhanced Disclosure and New Prospectus Delivery Option for Registered Open-End Management Investment Companies (US Securities and Exchange Commission Regulation) (Sec) (2018 Edition)** The Law Library, 2019-01-27 The Law Library presents the complete text of the Enhanced Disclosure and New Prospectus Delivery Option for Registered Open-End Management Investment Companies (US Securities and Exchange Commission Regulation) (SEC) (2018 Edition). Updated as of May 29, 2018 The Securities and Exchange Commission is adopting amendments to the form used by mutual funds to register under the Investment Company Act of 1940 and to offer their securities under the Securities Act of 1933 in order to enhance the disclosures that are provided to mutual fund investors. The amendments require key information to appear in plain English in a standardized order at the front of the mutual fund statutory prospectus. The Commission is also adopting rule amendments that permit a person to satisfy its mutual fund prospectus delivery obligations under section 5(b)(2) of the Securities Act by sending or giving the key information directly to investors in the form of a summary prospectus and providing the statutory prospectus on an Internet Web site. Upon an investor's request, mutual funds are also required to send the statutory prospectus to the investor. These amendments are intended to improve mutual fund disclosure by providing investors with key information in plain English in a clear and concise format, while enhancing the means of delivering more detailed information to investors. Finally, the Commission is adopting additional amendments that are intended to result in the disclosure of more useful information to investors who purchase shares of exchange-traded funds on national securities exchanges. This ebook contains: - The complete text of the Enhanced Disclosure and New Prospectus Delivery Option for Registered Open-End Management Investment Companies (US Securities and Exchange Commission Regulation) (SEC) (2018 Edition) - A dynamic table of content linking to each section - A table of contents in introduction presenting a general overview of the structure

**Learning to Teach** Neville Bennett, Clive Carre, 2002-01-31 The Leverhulme Primary Project reported here provides for the first time evidence on what is actually happening in teacher education today and on how novice teachers learn their craft. The book looks in detail at the experience of all the student teachers on one post graduate primary teacher training course and of those responsible for them in their university and in schools. It tracks them as they work to acquire the appropriate subject and pedagogical knowledge and as their own beliefs about teaching develop during the course. A final section follows some of the students through their first year as qualified teachers. Teacher education is going through a period of radical change and more people than ever before now have some responsibility, whether in higher education or in school for the training of teachers. None of them can afford to ignore the fresh insights into how teachers are made contained in this book.
