*Dead Lies Dreaming* Charles Stross, 2020-10-27 When magic and superpowers emerge in the masses, Wendy Deere is contracted by the government to bag and snag supervillains in Hugo Award-winning author Charles Stross' *Dead Lies Dreaming: A Laundry Files Novel*. As Wendy hunts down Imp—the cyberpunk head of a band calling themselves “The Lost Boys”—she is dragged into the schemes of louche billionaire Rupert de Montfort Bigge. Rupert has discovered that the sole surviving copy of the long-lost concordance to the one true *Necronomicon* is up for underground auction in London. He hires Imp’s sister, Eve, to procure it by any means necessary, and in the process, he encounters Wendy Deere. In a tale of corruption, assassination, thievery, and magic, Wendy Deere must navigate rotting mansions that lead to distant pasts, evil tycoons, corrupt government officials, lethal curses, and her own moral qualms in order to make it out of this chase alive. **The Labyrinth Index** Charles Stross, 2018-10-30 “A bizarre yet effective yoking of the spy and horror genres.” —The Washington Post Book World The Lovecraftian Singularity has descended upon the world in *The Labyrinth Index*, beginning an exciting new story arc in Charles Stross' Hugo Award-winning *Laundry Files* series! Since she was promoted to the head of the Lords Select Committee on Sanguinary Affairs, every workday for Mhari Murphy has been a

nightmare. It doesn't help that her boss, the new Prime Minister of Britain, is a manipulative and deceptive pain in the butt. But what else can she expect when working under the thumb of none other than the elder god N'yar Lat-Hotep a.k.a the Creeping Chaos? Mhari's most recent assignment takes her and a ragtag team of former Laundry agents across the pond into the depths of North America. The United States president has gone missing. Not that Americans are alarmed. For some mysterious reason, most of the country has forgotten the executive branch even exists. Perhaps it has to do with the Nazgûl currently occupying the government and attempting to summon Cthulhu. It's now up to Mhari and her team to race against the Nazgûl's vampire-manned dragnet to find and, for his own protection, kidnap the president. Who knew an egomaniacal, malevolent deity would have a soft spot for international relations? Archaeology Anthropology and Interstellar Communication Douglas A. Douglas A. Vakoch, 2015-03-24 Addressing a field that has been dominated by astronomers, physicists, engineers, and computer scientists, the contributors to this collection raise questions that may have been overlooked by physical scientists about the ease of establishing meaningful communication with an extraterrestrial intelligence. These scholars are grappling with some of the enormous challenges that will face humanity if an information-rich signal emanating from another world is detected. By drawing on issues at the core of

contemporary archaeology and anthropology, we can be much better prepared for contact with an extraterrestrial civilization, should that day ever come.

**Invisible Sun** Charles Stross, 2021-09-28 The alternate timelines of Charles Stross' Empire Games trilogy have never been so entangled than in Invisible Sun—the techno-thriller follow up to Dark State—as stakes escalate in a conflict that could spell extermination for humanity across all known timelines. An inter-timeline coup d'état gone awry. A renegade British monarch on the run through the streets of Berlin. And robotic alien invaders from a distant timeline flood through a wormhole, wreaking havoc in the USA. Can disgraced worldwalker Rita and her intertemporal extraordinaire agent of a mother neutralize the livewire contention before it's too late? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**The Rhesus Chart** Charles Stross, 2014-07-01 The Hugo Award-winning author of The Delirium Brief reveals the secrets of The Laundry Files in an adventure of Lovecraftian horror and espionage hi-jinks... As a newly appointed junior manager within the Laundry—the clandestine organization responsible for protecting Britain against supernatural threats—Bob Howard is expected to show some initiative to help the agency battle the forces of darkness. But shining a light on what's best left in the shadows is the last thing Bob

wants to do—especially when those shadows hide an occult parasite spreading a deadly virus. Traders employed by a merchant bank in London are showing signs of infection—an array of unusual symptoms such as super-strength and -speed, an uncanny talent for mind control, an extreme allergic reaction to sunlight, and an unquenchable thirst for blood. While his department is tangled up in bureaucratic red tape (and Buffy reruns) debating how to stop the rash of vampirism, Bob digs deeper into the bank's history—only to uncover a blood-curdling conspiracy between men and monsters...

**The Economics of Fantasy** Sharon Stockton, 2006 The author examines the evolution of the rape narrative in twentieth-century literature: What accounts for the persistence of the old story of male power and violence, and female passivity and penetrability? How has the story changed over the course of the twentieth century? She investigates the manner in which the violation of the female body serves as a metaphor for a synthesis of masculinity and political economy.

*The Works of William Cowper* William Cowper, 1817

*The Apocalypse Codex* Charles Stross, 2012-07-03 For outstanding heroism in the field (despite himself), computational demonologist Bob Howard is on the fast track for promotion to management within the Laundry, the supersecret British government agency tasked with defending the realm from occult threats. Assigned to External Assets, Bob discovers the company (unofficially) employs freelance agents to deal with sensitive situations

that may embarrass Queen and Country. So when Ray Schiller—an American televangelist with the uncanny ability to miraculously heal the ill—becomes uncomfortably close to the Prime Minister, External Assets dispatches the brilliant, beautiful, and entirely unpredictable Persephone Hazard to infiltrate the Golden Promise Ministries and discover why the preacher is so interested in British politics. And it's Bob's job to make sure Persephone doesn't cause an international incident. But it's a supernatural incident that Bob needs to worry about—a global threat even the Laundry may be unable to clean up...

The Fuller Memorandum Charles Stross, 2010-07-06 View our feature on Charles Stross' *The Fuller Memorandum*. National bestselling author Charles Stross brings back Bob Howard—a British super spy with a long-term girlfriend, no fashion sense, and an aversion to martinis (San Francisco Chronicle) Bob Howard is taking a much needed break from the field to catch up on his filing in The Laundry's archives when a top secret dossier known as *The Fuller Memorandum* vanishes—along with his boss, who the agency's executives believe stole the file. Determined to discover exactly what the memorandum contained, Bob runs afoul of Russian agents, ancient demons, and the apostles of a hideous faith, who have plans to raise a very unpleasant undead entity known as the Eater of Souls...

**The Wonder Book of Volcanoes and Earthquakes** Edwin James Houston, 1907

**The Ego Tunnel** Thomas Metzinger, 2010-05-21 We're used to thinking about the self as an independent entity, something that we either have or are. In *The Ego Tunnel*, philosopher Thomas Metzinger claims otherwise: No such thing as a self exists. The conscious self is the content of a model created by our brain - an internal image, but one we cannot experience as an image. Everything we experience is ''a virtual self in a virtual reality.'' But if the self is not ''real,'' why and how did it evolve? How does the brain construct it? Do we still have souls, free will, personal autonomy, or moral accountability? In a time when the science of cognition is becoming as controversial as evolution, *The Ego Tunnel* provides a stunningly original take on the mystery of the mind.

**Essays** Plutarch, 1992 Selections from one of the greatest essayists of the Graeco-Roman world Plutarch used an encyclopedic knowledge of the Roman Empire to produce a compelling and individual voice. In this superb selection from his writings, he offers personal insights into moral subjects that include the virtue of listening, the danger of flattery and the avoidance of anger, alongside more speculative essays on themes as diverse as God's slowness to punish man, the use of reason by supposedly irrational animals and the death of his own daughter. Brilliantly informed, these essays offer a treasure-trove of ancient wisdom, myth and philosophy, and a powerful insight into a deeply intelligent man. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world.

With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

*The Annihilation Score* Charles Stross, 2016-06-28 From the Hugo Award-winning author of *The Rhesus Chart* comes another supernatural case from *The Laundry Files*... Dominique O'Brien—her friends call her Mo—lives a curious double life with her husband, Bob Howard. To the average civilian, they're boring middle-aged civil servants. But within the labyrinthine secret circles of Her Majesty's Government, they're operatives working for the nation's occult security service known as the Laundry, charged with defending Britain against dark supernatural forces threatening humanity. Unfortunately, one of those supernatural threats has come between Mo and Bob. An antique violin, an Erich Zahn original, made of white human bone, was designed to produce music capable of slaughtering demons. Mo is the custodian of this unholy instrument. It invades her dreams and yearns for the blood of her colleagues—and her husband. And despite Mo's proficiency as a world-class violinist, it cannot be controlled...
