**Dead Lies Dreaming** Charles Stross,2020-10-27 When magic and superpowers emerge in the masses, Wendy Deere is contracted by the government to bag and snag supervillains in Hugo Award-winning author Charles Stross' *Dead Lies Dreaming: A Laundry Files Novel*. As Wendy hunts down Imp—the cyberpunk head of a band calling themselves “The Lost Boys”— she is dragged into the schemes of louche billionaire Rupert de Montfort Bigge. Rupert has discovered that the sole surviving copy of the long-lost concordance to the one true Necronomicon is up for underground auction in London. He hires Imp’s sister, Eve, to procure it by any means necessary, and in the process, he encounters Wendy Deere. In a tale of corruption, assassination, thievery, and magic, Wendy Deere must navigate rotting mansions that lead to distant pasts, evil tycoons, corrupt government officials, lethal curses, and her own moral qualms in order to make it out of this chase alive. **Archaeology Anthropology and Interstellar Communication** Douglas A. Douglas A. Vakoch,2015-03-24 Addressing a field that has been dominated by astronomers, physicists, engineers, and computer scientists, the contributors to this collection raise questions that may have been overlooked by physical scientists about the ease of establishing meaningful communication with an extraterrestrial intelligence. These scholars are grappling with some of the enormous challenges that will face humanity if an information-rich signal emanating from another world is detected. By drawing on issues at the core of contemporary archaeology and anthropology, we can be much better prepared for contact with an extraterrestrial civilization, should that day ever come.

**Invisible Sun** Charles Stross,2021-09-28 The alternate timelines of Charles Stross' *Empire Games* trilogy have never been so entangled than in *Invisible Sun*—the techno-thriller follow up to *Dark State*—as stakes escalate in a conflict that could spell extermination for humanity across all known timelines. An inter-timeline coup d'état gone awry. A renegade British monarch on the run through the streets of Berlin. And robotic alien invaders from a distant timeline flood through a wormhole, wreaking havoc in the USA. Can disgraced worldwalker Rita and her intertemporal extraordaire agent of a mother neutralize the livewire contention before it's too late? *The Economics of Fantasy* Sharon Stockton,2006 The author examines the evolution of the rape narrative in twentieth-century literature: What accounts for the persistence of the old story of male power and violence, and female passivity and penetrability? How has the story changed over the course of the twentieth century? She investigates the manner in which the violation of the female body serves as a metaphor for a synthesis of masculinity and political economy.

**The Labyrinth Index** Charles Stross,2018-10-30 “A bizarre yet effective yoking of the spy and horror genres.” —The Washington Post Book World The Lovecraftian Singularity has descended upon the world in *The Labyrinth Index*, beginning an exciting new story arc in Charles Stross' Hugo Award-winning *Laundry Files* series! Since she was promoted to the head of the Lords Select Committee on Sanguinary Affairs, every workday for Mhari Murphy has been a nightmare. It doesn’t help that her boss, the new Prime Minister of Britain, is a manipulative and deceptive pain in the butt. But what else can she expect when working under the thumb of none other than the elder god N’yar Lat-Hotep a.k.a the Creeping Chaos? Mhari's most recent assignment takes her and a ragtag team of former Laundry agents across the pond into the depths of North America. The United States president has gone missing. Not that Americans are alarmed. For some mysterious reason, most of the country has forgotten the executive branch even exists. Perhaps it has to do with the Nazgûl currently occupying the government and attempting to summon Cthulhu. It's now up to Mhari and her team to race against the Nazgûl's vampire-manned dragnet to find and, for his own protection, kidnap the president. Who knew an egomaniacal, malevolent deity would have a soft spot for international relations? **Essays** Plutarch,1992 Selections from one of the greatest essayists of the Graeco-Roman world Plutarch used an encyclopedic knowledge of the Roman Empire to produce a compelling and individual voice. In this superb selection from his writings, he offers personal insights into moral subjects that include the virtue of listening, the danger of flattery and the avoidance of anger, alongside more speculative essays on themes as diverse as God's slowness to punish man, the use of reason by supposedly irrational animals and the death of his own daughter. Brilliantly informed, these essays offer a treasure-trove of ancient wisdom, myth and philosophy, and a powerful insight into a deeply intelligent man. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

*Kabbalah, Magic, and the Great Work of Self-transformation* Lyam Thomas Christopher,2006 Advancing to higher levels of ritual magic with purpose and power requires an exaltation of consciousness—a spiritual transformation that can serve as an antidote to the seeming banality of modern life. Based on Kabbalistic techniques, the teachings of the Hermetic Order of the Golden Dawn, and an Hermetic tradition spanning nearly two thousand years, this innovative new work introduces the history of the Golden Dawn and its mythology, the Tree of Life, Deities, demons, rules for practicing magic, and components of effective ritual. A comprehensive course of self-initiation using Israel Regardie's seminal *Golden Dawn* as a key reference point, *Kabbalah, Magic and the Great Work of Self-Transformation* guides you through the levels of the Golden Dawn system of ritual magic. Each grade in this system corresponds with a sphere in the Kabbalistic Tree of Life and includes daily rituals, required reading, written assignments, projects, and additional exercises. Knowledgeable and true to tradition, author Lyam Thomas Christopher presents a well-grounded and modern step-by-step program toward spiritual attainment, providing a lucid gateway toward a more awakened state. Finalist for the Coalition of Visionary Resources Award for Best Magick/Shamanism Book

**The Ego Tunnel** Thomas Metzinger,2010-05-21 We're used to thinking about the self as an independent entity, something that we either have or are. In The Ego Tunnel, philosopher Thomas Metzinger claims otherwise: No such thing as a self exists. The conscious self is the content of a model created by our brain - an internal image, but one we cannot experience as an image. Everything we experience is "a virtual self in a virtual reality." But if the self is not "real," why and how did it evolve? How does the brain construct it? Do we still have souls, free will, personal autonomy, or moral accountability? In a time when the science of cognition is becoming as controversial as evolution, The Ego Tunnel provides a stunningly original take on the mystery of the mind.

Ethics, Hunger and Globalization Per Pinstруп-Andersen,Peter Sand  ,2007-07-20 This unique book adds an ethics dimension to the debate and research about poverty, hunger, and globalization. Scholars and practitioners from several disciplines discuss what action is needed for ethics to play a bigger role in reducing poverty and hunger within the context of globalization. The book concludes that much of the rhetoric is not followed up with appropriate action, and discusses the role of ethics in attempts to match action with rhetoric.

The Rhesus Chart Charles Stross,2014-07-01 The Hugo Award-winning author of The Delirium Brief reveals the secrets of The Laundry Files in an adventure of Lovecraftian horror and espionage hi-jinks... As a newly appointed junior manager within the Laundry—the clandestine organization responsible for protecting Britain against supernatural threats—Bob Howard is expected to show some initiative to help the agency battle the forces of darkness. But shining a light on what’s best left in the shadows is the last thing Bob wants to do—especially when those shadows hide an occult parasite spreading a deadly virus. Traders employed by a merchant bank in London are showing signs of infection—an array of unusual symptoms such as super-strength and -speed, an uncanny talent for mind control, an extreme allergic reaction to sunlight, and an unquenchable thirst for blood. While his department is tangled up in bureaucratic red tape (and Buffy reruns) debating how to stop the rash of vampirism, Bob digs deeper into the bank’s history—only to uncover a blood-curdling conspiracy between men and monsters...

Refiguring the Archive Carolyn Hamilton,Verne Harris,Mich  le Pickover,Graeme Reid,Razia Saleh,Jane Taylor,2012-12-06 Refiguring the Archive at once expresses cutting-edge debates on `the archive' in South Africa and internationally, and pushes the boundaries of those debates. It brings together prominent thinkers from a range of disciplines, mainly South Africans but a number from other countries. Traditionally archives have been seen as preserving memory and as holding the past. The contributors to this book question this orthodoxy, unfolding the ways in which archives construct, sanctify, and bury pasts. In his contribution, Jacques Derrida (an instantly recognisable name in intellectual discourse worldwide) shows how remembering can never be separated from forgetting, and argues that the archive is about the future rather than the past. Collectively the contributors demonstrate the degree to which thinking about archives is embracing new realities and new possibilities. The book expresses a confidence in claiming for archival discourse previously unentered terrains. It serves as an early manual for a time that has already begun.
