### **Designation of Energy Corridors on Federal Land in 11 Western States ,2008**

*Selling Jerusalem* Annabel Jane Wharton,2006-08-15 'Selling Jerusalem' offers an introduction to the explosive combination of piety and capital at work in religious objects and global politics. It is sure to interest students and scholars of art history, economic history, popular culture, religion, and architecture.

### **The OzBoy File ,**

*Library Services for Children and Young People* Carolynn Rankin,Avril Brock,2012-11-23 A vision for children's library services in the next decade. This book provides a sound background to all aspects of library provision for 6–18 year olds. It is designed to support the strategic planning and delivery of library services and programmes at a local community level or in schools. The book outlines a vision for children's library services in the next decade and carves out a strategy for engaging with the challenges and opportunities for children's librarians and policy makers in the Google environment. This book is accessible, informative and inspiring and offers practitioners the knowledge, ideas and confidence to work in partnership with other key professionals in delivering services and programmes. It provides an evidence base, which promotes and encourages the development of effective library services for children and young people. The case studies, scenarios and vignettes, drawn from UK and international sources, show that the key issues have an international dimension, and the similarities and differences in service provision will be of interest to many. In addition to the two editors, chapters are contributed by a range of internationally known practitioners and academics, offering a wide perspective. Case studies at the end of each section

complement themes and practices from previous chapters while rooting the discussion in a specific context. The book is organized into four parts: • Children's library services – policy, people and partnerships • Connecting and engaging – reaching your audience and catching the latest wave (acknowledging the role of technology) • Buildings, design and spaces – libraries for children and young people • Issues for professional practice. Readership: This book is essential reading for all senior library practitioners, children's librarians and school librarians, subject co-ordinators, and managers in schools. It will also be of value for all postgraduate students on CILIP accredited library and information management courses.

The Networked Citizen Giovanni Navarria, 2019-10-28 This book investigates the changing meanings of power and politics in the Internet age and questions whether the political category of the citizen still has a meaningful role to play in the highly-mediated dynamics of an increasingly networked world. To answer such questions, the book analyses and compares the impact of the Internet on the relationship between state, citizens, and politics in three countries: the USA, Italy, and China. The book's journey starts in the mid-90s and ends in 2016. It pays particular attention to Obama 2008 and Trump 2016 presidential campaigns, the ascendance to power in Italy of the anti-establishment Five Star Movement, and to the enduring Chinese government's struggle to control the Internet public opinion. The book challenges the traditional understanding of power through which the strong typically prevails over the weak. This leads to a clearer understanding of the wider role citizens can play (and must play) in a networked political sphere, while it also warns the reader on the many risks citizens face in a post-truth world. The book challenges the traditional understanding of power through which the strong typically prevails over the

weak. This leads to a clearer understanding of the wider role citizens can play (and must play) in a networked political sphere.

*E-Reference Context and Discoverability in Libraries: Issues and Concepts* Polanka, Sue, 2011-09-30 Examines the issues of reference context and discoverability in school, public, and academic libraries, as well as within the reference publishing community.

Citizen Publications in China Before the Internet S. Jiang, 2015-06-16 This book presents the first panoramic study of minkan (citizen publications) in China before the Internet. This recent history of citizen publications contributes to the reclamation of a lost past of resistance. It is an exercise in remembering a past that has been marginalized by official history and recovering ideas obliterated by state power.

**Web Design for Libraries** Charles P. Rubenstein, 2014-08-28 Having a clear, attractive, and easy-to-navigate website that allows users to quickly find what they want is essential for any organization—including a library. This workbook makes website creation easy—no HTML required. This book teaches all of the essentials for designing and creating a simple, professional-looking website for any library. By using cut-and-paste templates from familiar software programs, readers can create complex websites in short order—without learning confusing HTML coding. Three final chapters cover using style sheets, address the potential benefits of HTML5, and overview content management system based websites. By using this guidebook as a reference, even those without previous knowledge about web design will possess enough basic information to create a great web page—and, with a little practice, prepare a full library website.

The Corporate Responsibility Code Book Deborah Leipziger, 2017-09-29 There is no single code or standard, no panacea that will lead to corporate responsibility (CR). Yet, now, more than ever before, corporations are waking up to the fact that they must adopt codes and implement standards to satisfy the growing demands of an ever-wider and ever-less-trustful spectrum of stakeholders. So, where do companies start? Information overload is nowhere more apparent than in the field of CR. There are millions of pages and web pages written on codes and standards, but most of it is spin: organisations punting to sell their code or standard. The reality is that CR is an emerging field, a new terrain for which maps are much needed, but often imprecise. Each company is different, each with its own challenges, corporate culture, unique set of stakeholders, and management systems. Corporate responsibility is a journey for which, today, there is no single map but a multitude of codes and standards that can be combined in new ways for different journeys. In her many lectures around the world, CSR consultant Deborah Leipziger has been asked the same question over and over again: What are the best standards for companies seeking to be socially responsible? Over the course of more than a decade, she has analysed hundreds of codes of conduct and standards to answer that question. This indispensable resource is the result. The Corporate Responsibility Code Book is a guide for companies trying to understand the landscape of corporate responsibility and searching for their own, unique route towards satisfying diverse stakeholders. There is no one-size-fits-all approach. A company may face quite different challenges if it operates in more than part of the world. And yet stakeholders, especially consumers and investors, are keen for some degree of comparability with which they can evaluate corporate performance. There are countervailing forces at

work within corporate responsibility: on the one hand is the need for convergence in order to simplify the large numbers of codes and standards; and, on the other hand, the need to foster diversity and innovation. Many of the best codes of conduct and standards are not well known while some CR instruments that are well disseminated are not terribly effective. Some comprehensive codes of conduct achieve nothing, while other quite vague codes of conduct become well embedded into the organisation and foster innovation and change. The book explains some of the best CR instruments available, and distils their most valuable elements. The goal of the book is to help companies select, develop and implement social and environmental codes of conduct. It demonstrates how the world's leading companies are implementing global codes of conduct, including the United Nations Global Compact, the OECD Guidelines for Multinational Enterprises, Social Accountability 8000 (SA 8000) and AccountAbility 1000 (AA 1000). The codes in this book cover a wide range of issues, including human rights, labour rights, environmental management, corruption and corporate governance. The book also includes how-to (or process) codes focusing on reporting, stakeholder engagement and assurance. This book is based on interviews with the standard-setters, the implementers of standards, academics, activists and other key stakeholders from around the world; and in many cases includes the full text of the code profiled. Each of the standards and codes described has been shared with the promulgators of the instrument to ensure that the information is as up to date as possible. The Corporate Responsibility Code Book will be an invaluable tool for companies developing their own code, but will also be a key tool for companies with a strong track record in CR, seeking to understand the interrelationships among codes and standards to create their own corporate

vision. It will be the key reference text on corporate codes of conduct for many years to come.

**The Best Place to Work** Ron Friedman, Ron Friedman, PhD, 2015-12 Resource added for the Administrative Professional program 101066 and Office Professional program 311061.

*Legal Issues in Social Work Practice and Research* Sana Loue, 2018-05-17 This highly practical text surveys the myriad legal and ethical issues that social workers encounter both in daily practice and under special circumstances. Its initial section presents concepts in law and ethics that unite practitioners, researchers, and academics in the field, such as confidentiality, informed consent, and the interplay between social work and administrative and judicial systems. A selection of representative cases illustrates legal aspects involved in providing services to families, children, elders, and persons with disabilities. Also included are chapters on advocacy in social work, both in its potential to influence policy and on the global stage as part of the ongoing struggle for human rights and dignity. Among the topics covered: Confidentiality and the social worker-client relationship Liability issues for social workers in the clinical context Legal issues arising in the context of social work research The social worker and forensic social work Social worker involvement in access to school and school services Social work in the context of health care Legal issues working with immigrants, refugees, and asylees The interface between social work and human rights *Legal Issues in Social Work Practice and Research* is an interdisciplinary text aimed at social work, mental health, and legal professionals. It enhances the power of social work as an integrative system to support clients' rights and agency.

*Studies in World Affairs* Ed. K.R Gupta, 2006 In Recent Years, Phenomenal Developments Have Taken

Place In The Field Of International Relations. With The Disintegration Of The Union Of Soviet Socialist Republics [Ussr], Bipolar World Has Given Place To A Unipolar World With The United States Playing A Dominating Role In World Affairs. The Functioning Of The United Nations Organisation Has Been Under Great Strain Particularly Because Of The Behaviour Of The United States Under The Regime Of George W. Bush. The United States Has Been Flouting The Provisions Of The United Nations. A Recent Example Of This Is The Unilateral Action Taken By It In Iraq In Spite Of Strong Opposition From The United Nations And Many Other Countries. Likewise, It Has Recently Brushed Aside Some Good International Agreements (For Example On Nuclear Testing, World Criminal Court, Land Mines, Etc.) And Dismissed Some Others (The Kyoto Convention On Global Warming) With An Insouciance Unbecoming To The World S Biggest Producer Of Greenhouse Gases. Furthermore, It Has Been Dominating The United Nations Organisations Like The World Bank, International Monetary Fund, International Finance Corporation, Etc. The Grant Of Loans By The Financial International Institutions Is Considerably Influenced By The United States Instead Of Being Guided Strictly By Commercial And Financial Prudence. The United Nations Undoubtedly And Urgently Needs To Reform, Resurrect And Update. Moreover, The Terrorist Attack On September 11, 2001 On World Trade Center And Pentagon Have Shaken The Idea Of Security And Its Military, Economic, Political And Societal Considerations World Over. Question On Military Capability And Security And State S Ability To Guarantee Security And The Citizen S Right To It, Have Come Into Focus As Never Before. In The Interest Of National Survival, National Security Has Become A Prominent Concern Of States. The Present Book Focuses On All Contemporary Issues Of Global Significance. It Aims At

Addressing Ambitious Themes Such As The International Security Situations, Reforms Of United Nations, India S International Relations, The Changing Socio-Politico-Economic Situation And Equations, Increasing Terrorism And Shrinking Moral And Ethical Values In The New Millennium.It Is Hoped That The Volumes Would Be Found Useful By The Students, Researchers And Teachers Of World Affairs And International Relations. Even The Parliamentarians And Government Executives Concerned With India S Foreign Policy And International Relations Would Find Them Useful. It Will Prove Informative And Interesting To General Readers Keen To Know About The Current Developments In The Field Of International Relations.

**The Rule of Law and the Rule of God** S. Ilesanmi,W. Lee,J. Parker,2014-10-09 This book examines the competing regimes of law and religion an offers a multidisciplinary approach to demonstrate the global scope of their influence. It argues that the tension between these two institutions results from their disagreements about the kinds of rule that should govern human life and society, and from where they should be derived.

**Handbook on Measuring Quality of Employment** United Nations Economic Commission for Europe,2015-12-31 Employment is a key driver of social and economic development. It is also at the centre of most people's lives and the quality of an individual's employment is an important element of his or her well-being. At the same time, labour markets are evolving and the conditions of employment are continuously changing, which affects the lives of workers and their households. This development has been accompanied by growing interest in quality of employment and demands from policymakers,

governments and researchers for more systematic information on the quality of employment to complement the well-established quantitative labour market indicators. The Framework offers a coherent structure for measuring quality of employment and provides practical guidance for compiling and interpreting a number of proposed indicators.

*Made in Korea* Hyunjoon Shin,Seung-Ah Lee,2016-09-13 *Made in Korea: Studies in Popular Music* serves as a comprehensive and thorough introduction to the history, sociology, and musicology of contemporary Korean popular music. Each essay covers the major figures, styles, and social contexts of pop music in Korea, first presenting a general description of the history and background of popular music in Korea, followed by essays, written by leading scholars of Korean music, that are organized into thematic sections: History, Institution, Ideology; Genres and Styles; Artists; and Issues.

*Ethical Health Informatics* Laurinda B. Harman,Frances Cornelius,2017 *Preceded by: Ethical challenges in the management of health information / [edited by ]* Laurinda Beebe Harman. 2nd edition. 2006.

**Contemporary Nursing** Barbara Cherry,Susan R. Jacob, PhD, RN,2016-02-01 Thoroughly prepare for the rapidly evolving world of nursing with *Contemporary Nursing: Issues, Trends, & Management*, 7th Edition. Expert authors Barbara Cherry and Susan Jacob combine their own expertise from both academics and practice as they cover the relevant issues affecting today's nurses. In 28 chapters, including a new chapter on palliative care, this comprehensive new edition takes readers through the evolution of nursing, the role of the nurse today, safe and effective decision-making, collaboration and communication, leadership, job opportunities, and a number of timely issues affecting healthcare and nursing practice today. Full-color

design enhances the narrative with a clear, visually appealing explanation of concepts. Humorous cartoons open each chapter to illustrate the chapter themes. Vignettes at the beginning of each chapter personalize nursing history and practice and help readers understand their place in the profession. Questions to Consider While Reading This Chapter follow the vignettes and prepare the reader for the topic to be discussed. Key terms, learning outcomes, chapter overviews, and chapter summaries help readers focus their learning experience. Unit on Leadership and Management in Nursing includes content to prepare nurses to effectively function in the management roles expected of the professional nurse. Unit on Career Management provides strategies on how to make the transition from student to practitioner and tips on how to pass the NCLEX-RN Examination. Case studies help readers apply theory to clinical practice. NEW! Chapter on palliative care focuses on how to best provide patients with relief from the symptoms and stress of a serious illness, and how to improve the quality of life for both the patient and family. NEW! Combined chapter on quality improvement and QSEN keeps readers up to date on the latest competencies from the Institute of Medicine. NEW! Professional/Ethical Issue boxes provide a short scenario about an ethical issue related to the chapter content. NEW! Updated coverage reflects the latest NCLEX test plan. NEW! Incorporation of Triple Aim in healthcare discusses ways to improve the health of the population, enhance the experience and outcomes of the patient, and reduce per capita cost of care for the benefit of communities. NEW! Expanded coverage of working in an interdisciplinary team reflects the changing healthcare landscape and need to work in collaboration with a variety of healthcare specialists.
