United States Presidential Elections ,

Tejano Tiger Jerry Thompson,2017-10-25 Riding the rough and sometimes bloody peaks and canyons of border politics, Santos Benavides's rise to prominence was largely the result of the careful mentoring of his well-known uncle, Basilio Benavides, who served several terms as alcalde of Laredo, Texas, and Chief Justice of Webb County. When the Civil War erupted in 1861, Basilio was one of only two Tejanos in the state legislature. During Santos's lifetime, five flags flew over the small community he called home—that of the Republic of Mexico, the ill-fated Republic of the Rio Grande, the Republic of Texas, an expansionist United States, and in March 1861, the rebellious Confederate States of America. It was under the Confederacy in the disputed Texas-Mexico borderlands that Santos Benavides reached the pinnacle of his military career as the highest-ranking Tejano in the entire Confederate army. In the decades that followed the Civil War, he became an esteemed political leader, highly respected on both sides of the border. This is the first scholarly study of this important historical figure. At the pinnacle of his political career in 1879, Benavides held the distinction of being the only Tejano in the Texas legislature. Through strife, sweat, blood, and heroism in defense of the border, Benavides rose to economic and political heights few could dream of. As a friend and confidant of two Mexican presidents, he was one of the single most influential individuals in the nineteenth-century history of the border. His life was one of enduring perseverance as well as binational leadership and skilled diplomacy. He was without doubt the single most important individual in the long and often violent history of Laredo. The niche he carved in the tumultuous transnational history of the Texas-Mexico borderlands seems secure.

Some old-timers have vivid memories of cheering for Willie Mays and Roy Campanella at Nicollet and Lexington. Others marveled at a majestic Killebrew home run at the Met. Many a lucky resident celebrated two world championships in the Metrodome and witnessed one of the greatest pitching performances in World Series history. More recently, fans have enjoyed the return of sunshine and even raindrops at Target Field. Described by City Pages as the most respected local baseball historian, Stew Thornley leads a tour of where we--as well as our grandparents and now our children--discovered baseball.

Fighter in Velvet Gloves Annie Boochever,Roy Peratrovich, Jr.,2019-02-16 "No Natives or Dogs Allowed," blared the storefront sign at Elizabeth Peratrovich, then a young Alaska Native Tlingit. The sting of those words would stay with her all her life. Years later, after becoming a seasoned fighter for equality, she would deliver her own powerful message: one that helped change Alaska and the nation forever. In 1945, Peratrovich stood before the Alaska Territorial Legislative Session and gave a powerful speech about her childhood and her experiences being treated as a second-class citizen. Her heartfelt testimony led to the passing of the landmark Alaska Anti-Discrimination Act, America's first civil rights legislation. Today, Alaska celebrates Elizabeth Peratrovich Day every February 16, and she will be honored on the gold one-dollar coin in 2020. Annie Boochever worked with Elizabeth's eldest son, Roy Peratrovich Jr., to bring Elizabeth's story to life in the first book written for young teens on this remarkable Alaska Native woman.

Sex at the Margins Laura María Agustín,2010-08-17 This groundbreaking book explodes several myths: that selling sex is completely different from any other kind of work; that migrants who sell sex are passive victims; and that the multitude of people out to save them are without self-interest. Laura Agustín makes a passionate case against these stereotypes, arguing that the label 'trafficked' does not accurately describe migrants' lives and that the 'rescue industry' disempowers them. Based on extensive research amongst migrants who sell sex and social helpers, Sex at the Margins provides a radically different analysis. Frequently, says Agustín, migrants make rational choices to travel and work in the sex industry. Although they are treated like a marginalised group they form part of the dynamic global economy. Both powerful and controversial, this book is essential reading for all those who want to understand the increasingly important relationship between sex markets, migration and the desire for social justice.

Chronology of the Birth of Cinema 1833–1896 Deac Rossell,2022-10-18 Written from an international perspective, this account of the origins of the cinema begins in 1833 with the introduction of optical toys for reproducing movement and ends with a thorough examination of the first full year of projected moving pictures in 1896. Comprehensive and verifiable, with citations that support each individual entry, the book examines the events that culminated in the establishment of the moving picture world that was the dominant visual medium of the last century. Drawing on a range of international sources, this chronology is a readable, vivid account that corrects many longstanding errors in the story of moving pictures while at the same time recording the astounding diversity of ideas, apparatus, personalities, and exhibitions that turned a passing novelty into a major industry. Populated by dreamers, inventors, scientists, and entrepreneurs with widely different skills, interests, and backgrounds, the many origins of the cinema are all recorded here in a rich tapestry that has been woven with attention to the detailed shape and placement of each individual thread. The result is a fully- indexed reference that reflects the state of modern scholarship and should be useful over the long term as both a reference to the period of early cinema and as a starting point for further research.
