A Very Old Man with Enormous Wings Gabriel García Márquez, 2014 Strange, wondrous things happen in these two short stories, which are both the perfect introduction to Gabriel García Márquez, and a wonderful read for anyone who loves the magic and marvels of his novels. After days of rain, a couple find an old man with huge wings in their courtyard in 'A Very Old Man with Enormous Wings' - but is he an angel? Accompanying 'A Very Old Man with Enormous Wings' is the short story 'The Sea of Lost Time', in which a seaside town is brought back to life by a curious smell of roses.

The Kiss of Judice: The Constitution Betrayed Judge Douglass H. Bartley, 2011-01-05 This work is the first of a multi-volume treatise. In addition to a Prologue, this volume covers the Constitution's Natural Rights Pedigree, its Preamble, and the (very-limited) Federal Legislative Powers and Federal Executive Powers it grants. The volume is styled, *The Kiss of Judice: The Constitution Betrayed—A Coroner's Inquest and Report*. "Judice", Latin, a pun, means "pertaining to judges"; thus denoting the judicial, Judas-like betrayal of the Constitution. "Coroner's Inquest" denotes that the work is a study into the death of the Constitution. Your author is the Coroner. He proceeds in the Inquest with the aid of his Coroner's Jury: Jefferson, Madison, Hamilton, Story, Locke, and Blackstone. The work, at least in this volume, is a dialogue between the Coroner and his jury on the various parts of the Constitution covered. The jury members answer the Coroner's questions, for the most part in their own words, drawn from a variety of their written works. Occasionally the Coroner puts words in their mouths; those "inventions" are shown in brackets in the jurors' answers. The work is novel, because, to the author's knowledge, it is the only "Constitutional Law" textbook that collects the wisdom of the framers as the Constitution's only authoritative sources; it does not, as most Constitutional Law texts do, emphasize court cases as constitutional authority, for more often than not, the courts have only warped the Constitution. In a broader sense, though, the work is not novel, for it's only an arrangement of the work already done by the jurors. The author is pleased to say that the work, by and large, is not original thought. Its beauty is that it only revives long-forgotten constitutional "discoveries" as set in the words of the main jurors and some others within "interviewed". Note to purchasers: For updates to the manuscript, check Pastoral Republican @ <http://douglassbartley.wordpress.com/>.

China's Thought Management Anne-Marie Brady, 2012-02-06 China's Thought Management argues that by re-emphasizing and modernizing propaganda and thought work since 1989, the CCP has managed to overcome a succession of local and national level crises - the Tiananmen Square protests of 1989, the impact of the collapse of Socialism in the Eastern bloc, SARS, ethnic clashes in Tibet and Xinjiang, to name but a few - emerging re-strengthened and as dominant in Chinese society as ever. The contributors to this book address such crucial issues as the new emphasis on economic propaganda, the continued importance of the PLA propaganda system in China's overall propaganda work and political stability, how the CCP uses Confucianism in its foreign and domestic propaganda, and new approaches to mass persuasion such as campaigns of mass distraction. Each chapter is a case study of the multiple ways in which the CCP has modified and adjusted its propaganda to reflect China's changed economic and political environment. Challenging readers to reconceptualise mainstream understandings of the CCP's hold on power and the means the CCP government adopts to maintain its authority to rule, this book will be invaluable reading for anyone interested in the Chinese media and Chinese politics.

One Baptism: Patricia Gauthier,2022-06-17 Paul, a highly educated, first-century Jewish rabbi teaches, “There is one baptism.” What does he mean by these words? Why was John the Baptist, a Jewish prophet of the inter-Testament period, baptizing people before Jesus had even a single follower-before the word “Christian” came into existence? Who is Elijah and will he return? “Is baptism only a Christian water ritual? Why be baptized? Who should be baptized? Should Christians be rebaptized? Are baptism and salvation connected? What is the role of the Holy Spirit in baptism? These and other questions invite readers to explore the meaning, significance and power of baptism for their own lives.This book presents Jesus’ view of baptism through the lens of his own Jewish understanding, challenging traditional views of baptism on many fronts. It traces the development of baptismal theology through both Testaments to the present, examining the ways theology has muddled the meaning of baptism and the Trinity. *One Baptism: The Power of Water and the Spirit*, refreshes the soul, ignites the spirit, and offers the church a powerful path to unity through a biblical renewal of the meaning and practice of baptism.

Tourism and Gentrification in Contemporary Metropolises Maria Gravari-Barbas,Sandra Guinand,2017-06-14 Tourism gentrification is a critical shaping force of socio-economic and contemporary urban landscapes. This book aims to be the first substantive text on this subject, explaining the multiple and complex relationships between tourism and gentrification and their outcomes and manifestations in contemporary metropolises. This is achieved by drawing on in-depth case analyses addressing the different issues at stake. Part I deals with the manifestations of tourism gentrification and the ways it affects urban landscapes through heritagization and urban regeneration strategies. Part II looks at the correlations between tourism gentrification and culture. Finally, the last two parts aim to identify and examine forms and expressions of tourism gentrification, distinguishing among the actors, beneficiaries, and victims of the phenomenon while looking at its implications for intra-metropolitan territories and metropolitan governance. The book approaches these issues in an innovative way, by looking at a variety of metropolises in a diverse range of countries and by dealing with the different relations and management issues generated by gentrification in relation to tourism. Through interdisciplinary approaches, this groundbreaking text sheds light on the role tourism plays in contemporary metropolises, furthering knowledge of urban tourism. For these reasons, it will be of particular interest to scholars and students of tourism, urban studies, geography, anthropology and sociology.

God Is for Us Simon Ponsonby,2013-04-22 Simon Ponsonby presents 52 weekly chapters focused around the book of Romans, bringing Paul’s greatest letter to life. Blending careful theological and historical detail with illuminating application, this work is somewhat more substantial than most devotionals. No other New Testament epistle has such scope and depth: Touching on every major theological theme, Romans is intellectually and theologically massive. This remarkable epistle has had a huge impact on the Church over the Centuries: Augustine of Hippo, the great architect of Western theology, was converted while reading Romans. Martin Luther’s encounter with the text led to a personal revival and the European Reformation. and Dr. Martyn Lloyd Jones refused to teach on Romans for decades until he had grappled with and understood chapter 6. This passionate, illuminating devotional will prove to be a potent means of grace and growth.

The Routledge Handbook of Tourism Geographies Julie Wilson, 2012-03-15 Geographical analysis of tourism spaces and places is advancing fast. In terms of human geography, the various recent academic 'turns' have led to fresh examination of existing debates and have advanced new theoretical ideas in geography that are more salient than ever for tourism studies. The Routledge Handbook of Tourism Geographies seeks to examine such recent developments by providing a state-of-the-art review of the field, documenting advances in research and evaluating different perspectives, approaches, techniques and contexts. The Routledge Handbook of Tourism Geographies considers recent disciplinary developments (including post-disciplinarily) in geography in relation to the study of tourism. It also analyzes the fledging relationships of the new mobilities paradigm, critical tourism studies and cultural political economy to tourism spaces and places, as well as acknowledging a spatial turn in poststructuralist social sciences more generally. In addition, it evaluates how postcolonial, feminist, sensory, performative and queer perspectives have diversified research in the tourism geographies field. Spatial analysis, time geography, placemaking and landscape concerns are addressed and issues such as transport, environmental discourses and development are also analyzed. Finally, the volume's contributions highlight key areas for advancing research and map out the dimensions of future trajectories in tourism geographies in different theoretical and thematic contexts. Written by leading scholars in the tourism geographies field, this text will provide an invaluable resource for all those with an interest in tourism geographies, encouraging dialogue across disciplinary boundaries and areas of study.
