Rise of China: Indian Perspective Editors: Prof S Gopal, Nabeel A Mancheri, The remarkable rise of China in the last three decades has had a mixed global reaction. While many countries have welcomed this rise, some of China's neighbours have viewed it with concern if not consternation. What does the rise of China signify for India, given our none too smooth relationship with China and latter's unqualified support to Pakistan in military and nuclear field? What do our leading companies feel about China? Would the Indian Ocean be the scene of stiff confrontation between India and China? Or is "China Threat" an exaggeration or hype as some would hold? This book is the result of intense discussions on the above questions in a seminar held on Dec 20/21, 2011 at the National Institute of Advanced Studies, Bangalore. The Chapters in this book, based on papers presented by leading experts on China both from the Government and the Private sectors covers almost all aspects of China from internal political developments, foreign policy to economy, S&T developments and Strategic capabilities, particularly with respect to India. China's growing military and economic clout and impressive advances in trade and technology have all been analysed by various speakers who are well known for their expertise on china. China's views on India have also been brought out succinctly. The Seminar was the first major interaction on a subject of strategic national interest. It is hoped that the book would contribute to better understanding of China by both the interested citizens of this country and the policy makers.

Annual Review of Antitrust Law Developments Paul B. Hewitt,2006 Among other topics, the 2005 Annual Review discusses: - The Supreme Court's decision in Reeder-Simco, the Court's first R-P case in

more than a decade; - The Sixth Circuit's Northwest Airlines decision remanding a predatory pricing case for trial; - Divergent court decisions upholding and condemning reverse payments patent litigation settlements; - FTC adjudicatory opinions addressing consummated mergers and price fixing; - FTC and DOJ appellate victories in joint venture, partial acquisition, and exclusive dealing cases; - Key court of appeals decisions discussing bankruptcy antitrust issues, the Illinois Brick co-conspirator exception, antitrust immunities, predatory overbidding, and class action and other procedural issues; - The court decision in Wal-Mart v. Visa approving the largest antitrust settlement in history; and more.

Cochrane Handbook for Systematic Reviews of Interventions Julian P. T. Higgins, Sally Green, 2008-11-24 Healthcare providers, consumers, researchers and policy makers are inundated with unmanageable amounts of information, including evidence from healthcare research. It has become impossible for all to have the time and resources to find, appraise and interpret this evidence and incorporate it into healthcare decisions. Cochrane Reviews respond to this challenge by identifying, appraising and synthesizing research-based evidence and presenting it in a standardized format, published in The Cochrane Library (www.thecochranelibrary.com). The Cochrane Handbook for Systematic Reviews of Interventions contains methodological guidance for the preparation and maintenance of Cochrane intervention reviews. Written in a clear and accessible format, it is the essential manual for all those preparing, maintaining and reading Cochrane reviews. Many of the principles and methods described here are appropriate for systematic reviews applied to other types of research and to systematic reviews of interventions undertaken by others. It is hoped therefore that this book will be invaluable to all those who want to understand the role of systematic reviews, critically appraise published reviews or perform reviews themselves.

Success in Practical/Vocational Nursing - E-Book Signe S. Hill, Helen Stephens Howlett, 2012-09-04 Part of the LPN Threads series, Success in Practical/Vocational Nursing: From Student to Leader, 7th Edition helps you develop the practical knowledge and problem-solving skills you need for a successful career as an LPN/LVN. This edition features up-to-date content that is logically organized with concepts that build on each other as you progress through the material. 1-2-3-approach walks you through the steps of what you need to do and how to do it. A separate chapter on critical thinking and plentiful critical thinking exercises encourage you to apply your knowledge to solve problems in both academic and personal situations. Coverage of Medicare helps you understand the costs of managed care, especially in long-term settings for older adults, and how it affects LPN/LVN practice and patients. Keep In Mind boxes prompt you to consider the underlying theme as you read the chapter. New Research and Evidence Based Practice chapter addresses topics commonly encountered in LPN/LVN practice. New technology content helps you understand the role of simulation in nursing education and the proper etiquette for using electronic devices. Content reflects the concepts contained in the most current NCLEX-PN test plan. Professional Pointers throughout the text offer valuable advice on expectations in the professional arena during and after nursing school. Revised chapter on Health Care Systems reflects the implementation of dramatic changes. Updated nutrition and dietary information includes new MyPlate information. The latest protocols from the NAPNES, including student confidentiality, keeps you updated on your national association's practice standards. Revised, updated, and expanded culture content allows you to provide culturally sensitive care.
