Peace and Justice at the International Criminal Court Errol Mendes,2010-01-01 Errol Mendes spent nearly a year as a Visiting Professional with the Prosecutor of the International Criminal Court. This has given him a unique perspective and some special insight into the big situations confronting the Court, including Darfur,

Palestine and Uganda. William A. Schabas, National University of Ireland, Galway This authoritative book addresses the greatest challenge facing the International Criminal Court since its historic establishment in 1998: reconciling the demand for justice for the most serious crimes known to humanity with the promotion of sustainable peace in conflict areas around the world. In describing and analyzing this challenge, Errol Mendes demonstrates that the Court is a product of centuries of global efforts to integrate peace with justice. Focusing on two important prosecutions involving indictments of the president and other senior officials of Sudan and a savage rebel group in Northern Uganda, the author argues that the choice between peace and justice is not a zero sum game. Based on knowledge and experience obtained during his time as a visiting professional at the Court, the author combines insights from Court leaders with his own analysis in his call for greater international cooperation with the Court in fulfilling its mandate and overcoming other obstacles that threaten its work into the future. Scholars and students of criminal justice, international studies, political science and human rights, as well as civil society groups, government officials and those working with international justice organizations, will find in this book a unique and sophisticated perspective on this complex dilemma.

The Printer and the Preacher Randy Petersen,2015-06-09 They were the most famous men in America. They came from separate countries, followed different philosophies, and led dissimilar lives. But they were fast friends. No two people did more to shape America in the mid-1700s. Benjamin Franklin was the American prototype: hard-working, inventive, practical, funny, with humble manners and lofty dreams. George Whitefield was the most popular preacher in an era of great piety, whose outdoor preaching across the colonies was heard by thousands, all of whom were told, "You must be born again." People became excited about God. They began reading the Bible and supporting charities. When Whitefield died in 1770, on a preaching tour in New Hampshire, he had built a spiritual foundation for a new nation—just as his surviving friend, Ben Franklin, had built its social foundation. Together these two men helped establish a new nation founded on liberty. This is the story of their amazing friendship.

Henry Friendly, Greatest Judge of His Era David M. Dorsen,2012-03-27 Henry Friendly is frequently grouped with Oliver Wendell Holmes, Louis Brandeis, Benjamin Cardozo, and Learned Hand as the best American jurists of the twentieth century. In this first, comprehensive biography of Friendly, David M. Dorsen opens a unique window onto how a judge of this caliber thinks and decides cases, and how Friendly lived his life. During his time on the Court of Appeals for the Second Circuit (1959-1986), Judge Friendly was revered as a conservative who exemplified the tradition of judicial restraint. But he demonstrated remarkable creativity in circumventing precedent and formulating new rules in multiple areas of the law. Henry Friendly, Greatest Judge of His Era describes the inner workings of Friendly's chambers and his craftsmanship in writing opinions. His articles on habeas corpus, the Fourth Amendment, self-incrimination, and the reach of the state are still cited by the Supreme Court. Dorsen draws on extensive research, employing private memoranda between the judges and interviews with all fifty-one of Friendly's law clerks—a veritable Who's Who that includes Chief Justice John R. Roberts, Jr., six other federal judges, and seventeen professors at Harvard, Yale, Stanford, and elsewhere. In his Foreword, Judge Richard Posner writes: "David Dorsen has produced the most illuminating, the most useful, judicial biography that I have ever read . . . We learn more about the American judiciary at its best than we can learn from any other . . . Some of what I've learned has already induced me to make certain changes in my judicial practice."

Georgia O'Keeffe, A Private Friendship, Part I Nancy Hopkin Reily,2014-12-01 The time is 1887. From any window in Georgia O'Keeffe's Sun Prairie, Wisconsin birthplace home she only saw the Wisconsin prairie with its traces of roads veering around the flat marshlands and a vast sky that lifted her soul. At twelve years of age Georgia had a defining moment when she declared, "I want to be an artist." Years later from her east-facing window in Canyon, Texas she observed the Texas Panhandle sky with its focus points on the plains and a great canyon of earth history colors streaking across the flat land. Georgia's love of the vast, colorful prairie, plains and sky again gave definition to her life when she discovered Ghost Ranch north of Abiquiu, New Mexico. She fell prey to its charms which were not long removed from the echoes of the "Wild West." These views of prairie, plains and sky became Georgia's muses as she embarked on her step-by-step path with her role models—Alon Bement, Arthur Jerome Dow and Wassily Kandinsky. In this two-part biography of which this is Part I covering the period 1887-1945, Nancy Hopkins Reily "walks the Sun Prairie Land," as if in Georgia's day as a prologue to her family's friendship with Georgia in the 1940s and 1950s. Reily chronicles Georgia's defining days within the arenas of landscape, culture, people and the history surrounding each, a discourse level that Georgia would easily recognize.
