**Landscapes of Realism** Dirk Göttsche, Rosa Mucignat, Robert Weninger, 2021-04-15 Few literary phenomena are as elusive and yet as persistent as realism. While it responds to the perennial impulse to use literature to reflect on experience, it also designates a specific set of literary and artistic practices that emerged in response to Western modernity. Landscapes of Realism is a two-volume collaborative interdisciplinary exploration of this vast territory, bringing together leading-edge new criticism on the realist paradigms that were first articulated in nineteenth-century Europe but have since gone on globally to transform the literary landscape. Tracing the manifold ways in which these paradigms are developed, discussed and contested across time, space, cultures and media, this first volume tackles in its five core essays and twenty-five case studies such questions as why realism emerged when it did, why and how it developed such a transformative dynamic across languages, to what extent realist poetics remain central to art and popular culture after 1900, and how generally to reassess realism from a twenty-first-century comparative perspective.

This book is intended to bring together a composite overview of the needs of individuals unable to use print resources and to describe current and historic practices designed to meet those needs. - Preface.

**Migration, EU Integration and the Balkan Route** Marko Kmezić, Alexandra Prodromidou, Pavlos Gkasis, 2023-10-20 Contributing to our understanding of the impact of the 2015 migrant “crisis” on the future of EU integration, this book views the “crisis” as an accelerant to existing problems, namely Brexit, the growing popularity of anti-immigrant far right parties and the rise of xenophobic and antiliberal governments from the Baltics to the Balkans. Providing analysis at the national, regional level and EU level, this book shows how the countries on the migrant route have been affected according to their degree of integration with the EU and the specific socio-political and economic conditions of each country. The volume will be of interest to scholars or international relations, security studies, border studies, EU policies, migration studies and Southeast European studies.

**Greece and Turkey in Conflict and Cooperation** Alexis Heraclides,Gizem Alioğlu Çakmak,2019-06-14 This book offers a sober, contemplative and comprehensive coverage of Greek–Turkish relations, covering in depth the current political climate, with due regard to the historical dimension. The book includes up-to-date accounts of the traditional areas of unresolved discord (Aegean, minorities, Cyprus, the Patriarchate), with emphasis on why they remain contentious, despite the thaw in Greek–Turkish relations from 1999 until recently. It also covers new topics and challenges that have led to cooperation as well as friction, such as unprecedented economic cooperation, energy resources, or the refugee crisis. Furthermore, the volume deals with the ‘Europeanization’ of Greek–Turkish relations and other facilitating factors as they appeared in the first decade of the 21st century (including the role of civil society) as well as the contrary, ‘de-Europeanization’ from the 2010 onwards, which presages a hazardous downward trend in their relations, often not helped by the media in both countries, which is also examined. This volume will be essential reading to scholars and students of Greek–Turkish relations, more generally Greece and Turkey, and more broadly to the study of South European Politics, European Union politics, security studies and International Relations.

*I Am Malala* Malala Yousafzai,2013-10-08 A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman I come from a country that was created at midnight. When I almost died it was just after midday. When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and

encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person's voice to inspire change in the world.
