Language Studies Andrew Littlejohn, Sandhya Rao Mehta, 2012-12-04 As a defining characteristic of what it means to be human, the use of language plays a central role in almost all human activity. Language functions as a cornerstone in the construction of our identity and in the relationships we build. It takes a central role in facilitating every enterprise we undertake, creates the thread which forms our own biographies, and enables us to play a part in the transmission and maintenance of our culture. This pervasive nature of language means that it may form the starting point for an investigation into virtually any aspect of social life. In recent years, this has led to a stretching of the boundaries of language studies, prompted by an intense cross-fertilisation of ideas with a wide range of disciplines. It is this cross-fertilisation which forms the focus of the present collection. Taken together, the thirteen papers it contains provide an absorbing, rich array of subjects touched by the centrality of language. Encompassing themes from social psychology, translation theory, computer science, forensics, educational policy, language change, archaeology, and literature, the collection demonstrates that the study of language offers limitless possibilities to aid an understanding of the world in which we live. International in scope, the collection includes contributions from scholars well-established in their fields, at work in Europe, the USA, the Middle East and Asia. As such, the collection offers a stimulating perspective for readers in a wide range of contexts, whether they themselves are principally concerned with language or are simply eager to see how the study of language may be relevant to their own discipline.

Angstbeißer, Trauerkloß, Zappelphilipp? Matthias Franz, André Karger, 2015-10-28 Bis heute ist der männliche Rollenkäfig recht stabil. Gefühlsferne und klagloses Ertragen von Härten und Gesundheitsrisiken sind immer noch typische Merkmale der Männerrolle. Sie erschweren einen sensiblen und reflektierten Umgang mit der eigenen emotionalen Bedürftigkeit. In der Kindheit erlittene Verunsicherungen und damit zusammenhängende unverarbeitete Ängste, Wut und Trauer werden abgewehrt. Bei Jungen zeigen sich destruktive Impulsivität und ADHS. Seelische Belastungen äußern sich bei Männern häufig anders als bei Frauen. Ungesundes Arbeiten, Alkoholmissbrauch, Aggression, Hochrisikoverhalten sind dann krank machende Auswege – mit Folgen für die seelische Gesundheit. Vielen Männern sind solche Zusammenhänge nicht bewusst. Es fällt ihnen schwer, über seelische Verwundungen und emotionale Bedürfnisse zu sprechen, sich psychotherapeutische Hilfe zu suchen. Medizinische Diagnostik und Behandlung sind noch zu unsensibel für die rollentypisch verzerrten Symptomschilderungen und dahinterliegende seelische Nöte von Jungen und Männern. Renommiertere Expertinnen und Experten informieren über diese Problematik und zeigen Lösungswege auf.

Captain George Flavel Jon Drury, 2020-12-02 Astoria is the gateway by the sea, and Portland is the gateway by land. I suspect that Astoria will not be quiet and obscure for long. -George Flavel Astoria, Oregon, owes its existence as much to a little-known ship captain as its namesake, John Jacob Astor. Captain George Flavel happened upon the ramshackle village at the mouth of the Columbia River in the fall of 1849, bringing goods during the California Gold Rush. As he subsequently captained and piloted three different ships along the Pacific coast, he learned that the perilous Columbia River Bar, the graveyard of the Pacific, barred the entrance to most mariners. Hazards abounded. Tides and currents merged with the river's flow, storms, and winds to produce towering waves and an ever-shifting bar-a living, breathing peril to lives, shipping, and cargo. But Flavel recognized that a wise and knowledgeable pilot could master this peril and possibly build a career and a future. On the basis of his knowledge and sailing experience, the State of Oregon commissioned Flavel as a pilot. Then appointed harbor master by Astoria, Flavel and the piloting team he built successfully guided hundreds of ships into the port over more than thirty years. Marrying the daughter of his boardinghouse host, he built businesses on the waterfront and increasingly led in his community and on the city council and school board, and he devoted his personal and professional life to his adopted home. Jon Drury, upon discovering that no book had been written about one of the most influential persons in Astoria's history, remedies that with this account, which showcases Flavel's courage, inspiring character, and professional excellence. The Flavel House, a must-see in Astoria, showcases the captain, his career, and the home his family built in the community they loved.

Water and Sanitation for Disabled People and Other Vulnerable Groups Hazel Jones, Bob Reed, R. A. Reed, 2005 The main focus of the book is on facilities for families in rural and peri-urban areas of low- and middle-income countries, but many of the approaches and solutions may also be applied in institutional settings, such as schools and hospitals and in emergency situations.

Origin of the Solar System Dr. Milton M. Beck,2023-07-24 This book contains the reasons why the author does not believe the accretion disk origin theory for our solar system. That theory might fit other system, but not ours. The author first shows reasons why the currently accepted theory doesn't fit. He goes from one facet of the accretion disk theory to another discrediting each in turn. The author then describes his own theory. The author has made a good effort to define a sequence of events that resulted in our solar system. How well his theory is accepted remains to be seen, but he asks for a fair chance for its evaluation. He presents an interesting idea.
