Sustainable Urban Transport Maria Attard,Yoram Shiftan,2015-05-14 This publication brings together an international group of researchers and presents work from different countries dealing with issues related to transport policy, attitudes and mode choice, car sharing and alternative modes of transport, and discusses the future of non-motorized modes of transport.

Confronting Mainstream Economics for Overcoming Capitalism Rémy Herrera,2022-07-06 This book provides analytical arguments that demonstrate the necessity to go beyond not only mainstream economics but also, and especially, the capitalist economy itself. It provides a radical critique of mainstream economics, comparing it to an unscientific form of single thought, and applies this criticism to the specific fields of growth, development, the institutions, defense, or the environment. It targets both neoclassical economics and reformist “soft heterodox” currents, from neoinstitutionalists to neo-Keynesians—including Thomas Piketty or Amartya Sen, among others. In doing so, it rejects Keynes’ theories of money, the crisis, and the state. It then offers a Marxist interpretation of the current crisis of capitalism, considering it as a systemic crisis without solutions internal to its own logic and dynamics, and emphasizes the links between this capitalist crisis and imperialist wars, and the destruction of the environment and natural resources by capital. The book concludes by arguing that we must find the necessary theoretical and practical alternatives in a Marxist perspective, advocating for socialist transitions away from the capitalist economy to protect humanity and the environment.

2010 ADA Standards for Accessible Design Department Justice,2014-10-09 (a) Design and construction. (1) Each facility or part of a facility constructed by, on behalf of, or for the use of a public entity shall be designed and constructed in such manner that the facility or part of the facility is readily accessible to and usable by individuals with disabilities, if the construction was commenced after January 26, 1992. (2) Exception for structural impracticability. (i) Full compliance with the requirements of this section is not required where a public entity can demonstrate that it is structurally impracticable to meet the requirements. Full compliance will be considered structurally impracticable only in those rare circumstances when the unique characteristics of terrain prevent the incorporation of accessibility features. (ii) If full compliance with this section would be structurally impracticable, compliance with this section is required to the extent that it is not structurally impracticable. In that case, any portion of the facility that can be made

accessible shall be made accessible to the extent that it is not structurally impracticable. (iii) If providing accessibility in conformance with this section to individuals with certain disabilities (e.g., those who use wheelchairs) would be structurally impracticable, accessibility shall nonetheless be ensured to persons with other types of disabilities, (e.g., those who use crutches or who have sight, hearing, or mental impairments) in accordance with this section.

Fido's Virginia: Virginia is for Dog Lovers Ginger Warder,2013-03-04 From the Blue Ridge Mountains to the beach, in this book travelers and their dogs will find hotels and inns that offer canine-inspired Southern hospitality as well as a wide array of things to do with your best canine pal. Virginia truly is for dog lovers. For over 40 years Virginia's tourism slogan has been "Virginia is for lovers," but both resident pooches and visiting Fidos know that it really should be "Virginia is for dog lovers"! Whether they're relaxing on the river, checking out the crabs on Chesapeake Bay, or hiking through the beautiful state and national parks, four-legged visitors are welcomed warmly. After all, Virginia is one of only a handful of states that has an official dog breed, the American Foxhound, a direct descendant of the hounds that George Washington bred to indulge his passion for foxhunting. Virginia's historic love affair with canines continues today, with more than 1,000 pet-friendly hotels, restaurants, attractions, and events that you and your best furry friend (BFF) can explore together. From the Blue Ridge Mountains to the beach, visitors traveling with their BFFs will find fine hotels and inns that offer canine-inspired Southern hospitality, verdant vineyards that beg for a long stroll, battlefields, beaches, and an array of dining and entertainment options that you can enjoy with your best friend. Virginia truly is for dog lovers!

Career Diplomacy Harry W. Kopp,2011-03-22 Career Diplomacy—now in its second edition—is an insider's guide that examines the foreign service as an institution, a profession, and a career. Harry W. Kopp and Charles A. Gillespie, both of whom had long and distinguished careers in the foreign service, provide a full and well-rounded picture of the organization, its place in history, its strengths and weaknesses, and its role in American foreign affairs. Based on their own experiences and through interviews with over 100 current and former foreign service officers and specialists, the authors lay out what to expect in a foreign service career, from the entrance exam through midcareer and into the senior service—how the service works on paper, and in practice. The second edition addresses major changes that have occurred since 2007: the controversial effort to build an expeditionary foreign service to lead the work of stabilization and reconstruction in fragile states; deepening cooperation with the U.S. military and the changing role of the service in Iraq and Afghanistan; the ongoing surge in foreign service recruitment and hiring at the Department of State and U.S. Agency for International Development; and the growing integration of USAID's budget and mission with those of the Department of State.

Australasia and Pacific Ombudsman Institutions International Ombudsman Institute,2013-01-09 Commissioned by the International Ombudsman Institute (IOI), the Ludwig Boltzmann Institute of Human Rights (BIM) in Vienna conducted a comparative analytical study on Ombudsman Institutions in

the Australasia and Pacific region between January 2011 and April 2012. In Part 1, this book provides an analytical comparison of the public sector Ombudsman Institutions in Australia (the Commonwealth Ombudsman and the state/territory Ombudsmen of all Australian states as well as of the Northern Territory and the ACT), the Cook Islands, Hong Kong, New Zealand, Papua New Guinea, Samoa, Taiwan, Tonga and Vanuatu. In addition to a comparative analysis showing the partial heterogeneity of the Institutions, a comprehensive overview of common features, and explorations of the specifics and peculiarities of the Institutions, Part 2 presents separate reports on the 16 different jurisdictions featuring their main functions as follows: - Legal basis, legal status and organisation, - Mandate, object of control and standard of control, - Powers, including legal quality and impact of the outcomes of investigative procedures, - Relationship to the administration, the judiciary and the legislator, and - Special characteristics. Part 2 is based on information provided by the Institutions themselves in questionnaires sent out at the outset of the study, an analysis of the respective establishing acts and other relevant laws, and on relevant scientific publications and the Institutions' Annual Reports. The reports also refer to relevant legal provisions and include websites addresses for ease of reference.

La inteligencia de los bosques Enrique García Gómez, 2022-01-03 Agallas, semillas, micorrizas, alianzas revolucionarias, simbiosis imposibles, estrategias de competencia, guerras sin cuartel, ingeniería química, mecánica y genética... todo, absolutamente todo, cabe en un solo árbol. Cualquiera que haya visitado un bosque, atravesando anfractuosos senderos hasta llegar a umbrías que nunca vieron la luz del sol, se habrá sentido sobrecogido por los sonidos y olores que se derrochan. Robledales y hayedos, bosques de quercus milenarios, coníferas que parece sacadas de una novela de Julio Verne, titanes colonizados por minúsculos líquenes e insectos, estaciones que se suceden, lluvias, nieves, vida por doquier. Pero qué secretos esconden ecología y biología en los frondosos bosques salvajes de la Tierra, qué historias guardan sus raíces que acarician manantiales ancestrales. Descubra, de la mano del genial Enrique García, ingeniero y naturalista experto en bosques, lo que hay más allá de los árboles magníficos, la ciencia y las historias increíbles desde las primeras semillas y plántulas hasta los árboles extraordinarios. «La manera de cómo un observador ve y comprende el significado de la vida y el desarrollo de un árbol, su silueta y sus funciones ambientales, estéticas... muy posiblemente cambiará después de haber leído este genial libro». Gregorio Montero González. Expresidente de la Sociedad Española de Ciencias Forestales

Environment and Resettlement Politics in China Gørild Heggelund, 2017-07-05 The Three Gorges dam, currently being constructed on the Yantgze

River in China, is controversial both inside and outside China, particularly because of the large number of people to be resettled (officially 1.2 million) and the environmental impacts. Using material previously unavailable in any Western language, it analyses the Chinese discussions over policy-making for the resettlement process and impacts. It concludes that the environment and resettlement policies have been linked in a new way in this project. However, despite these positive developments, it argues that the social impacts from resettlement have not yet reached a high level of political attention and that the Chinese authorities need to acknowledge that resettlement has social costs. The book provides an understanding of the social, political and economic factors of one of the largest and most controversial development projects currently being implemented. It also sheds light on China's policy-making procedures and political priorities over the past decade.

Grey Wolf Simon Dunstan, Gerrard Williams, 2011-10-04 Did Hitler—code name “Grey Wolf”—really die in 1945? Gripping new evidence shows what could have happened. The basis for the titular documentary. When Truman asked Stalin in 1945 whether Hitler was dead, Stalin replied bluntly, “No.” As late as 1952, Eisenhower declared: “We have been unable to unearth one bit of tangible evidence of Hitler’s death.” What really happened? Simon Dunstan and Gerrard Williams have compiled extensive evidence—some recently declassified—that Hitler actually fled Berlin and took refuge in a remote Nazi enclave in Argentina. The recent discovery that the famous “Hitler’s skull” in Moscow is female, as well as newly uncovered documents, provide powerful proof for their case. Dunstan and Williams cite people, places, and dates in over 500 detailed notes that identify the plan’s escape route, vehicles, aircraft, U-boats, and hideouts. Among the details: the CIA’s possible involvement and Hitler’s life in Patagonia—including his two daughters. “Describes a ghastly pantomime played out in the names of the Fuhrer and the woman who had been his mistress.” —The Sun “Grey Wolf is more than a conspiracy yarn . . . Its authors show Hitler’s escape was possible . . . a gripping read.” —South China Morning Post “Remarkable detail.” —Sir David Frost, Frost Over the World “Stunning saga of intrigue.” —Pravda “Stunning account of the last days of the Reich.” —Parapolitical.com “I thought the book was hugely thought-provoking and explores some of the untold, murky loose ends of World War Two.” —Dan Snow, broadcaster and historian, The One Show BBC 1 “Laid out in lavish detail.” —Daily Mail

Securing Rights for Victims Robert C. Davis, James M. Anderson, Julie Whitman, Susan Howley, 2009-12-18 This book discusses how some clinics have won significant gains at the appellate and federal court levels concerning victim standing, the rights to be consulted and heard, and the right to

privacy. Some have won significant victories in gaining standing for victims and expanding the definition of particular rights. Others are enjoined in the battle. But all have raised awareness of victims' rights in the justice system.
