*Migrating Meanings* Underhill James W. Underhill,2019-01-03 With economic, political and cultural globalisation, our world is inseparable from the fates of other nations and peoples. But how far can we trust English to provide us with a reliable lingua franca to speak about our world? If our keywords reflect our cultures and form parts of specific cultural and historical narratives, they may well help trace the paths we take together into the future. This book seeks the roots of four keywords for our times: the people, the citizen, the individual, and Europe. By exploring these keywords in English and understanding stories related to 'equivalent keywords' in Chinese, German, French and Czech, this book helps us to understand how other languages are adapting to English words, and how their worldviews resist 'anglo-concepts' through their own traditions, stories and worldviews.

*Skinny Bitch Bun in the Oven* Rory Freedman,Kim Barnouin,2009-03-17 *Skinny Bitch* created a movement when it exposed the horrors of the food industry, while inspiring people across the world to stop eating “crap.” Now the “Bitches” are back—this time with a book geared to pregnant women. And just because their audience is in a “delicate condition” doesn’t mean they’ll deliver a gentle message. As they did with *Skinny Bitch*, Rory Freedman and Kim Barnouin expose the truth about the food we eat—with its hormones, chemicals, and other funky stuff. But even though they are “Skinny,” they want women to chow down on the right foods and gain their fair share of weight through their pregnancies. They also won’t mince words on these topics: • the best foods for a healthy baby and mommy • the dangers of common lotions, creams, and beauty products that women slather on their bodies (many contain carcinogens) • why every mother should “suck it up” and breastfeed • the lowdown on what really happens “post-push” (after birth) • how the companies we trust don’t care about children (choosing baby food and other products carefully) With the same sassy tone that made *Skinny Bitch* laugh-out-loud funny, *Skinny Bitch: Bun in the Oven* will give expectant moms the information they need to “use their head” and have a healthy pregnancy and a healthy baby.

*Divine Dispatch* LaJun Cole,Valora Cole,2022-10-11 Only you can do what He sent you to do. Throughout the Bible, God sent people like Joseph, Deborah, David, Jesus and Paul to accomplish His purposes on the earth. You, too, were born with a divine and distinct assignment to make a difference. Yet most of us have trouble recognizing what that actually is--let alone living it out day-to-day. Filled with practical insights and tangible takeaways, this book will help you discern how the Lord has uniquely equipped you--and for what purpose. You'll also learn how to master and maximize your gifts and discover how to joyfully carry out His call on your life each and every day. You were created to become a force of change in the lives of others--to reform, transform, ignite hope, solve problems, and bring healing and deliverance. It's time to find and fulfill the reason you are here. A masterpiece of a book. LaJun and Valora will teach, train and equip you to hear from heaven and do the will of God for your life. This is a must-read.--JOE JOE DAWSON, ROAR Apostolic Network The insight and strategies you will receive in this book are tools that will change your life.--ANDREW TOWE, author, The Triple Threat Anointing

*Word-Reader, Light-Bringer* Adelynn Spiecker,2021-11-25 Genesis 1 opens with, “In the beginning, God ....” All life starts with Him. He wants total access to our souls, to dwell near us, to meet with us. And until we come face-to-face with Him, we can’t experience a saving relationship with the Lord. Once we gaze upon Jesus, we will automatically stop, drop, and shine—bringing the light to others, as Paul says in Philippians 2:15. As believers become readers of the Word of God, the Bible, they also become bringers of the light of Christ in their daily lives. Are you ready to get fire-hosed with living water? As that water washes your heart, the world will see you shining like the stars in the universe. Steeped in Scripture, overflowing with life application, and written with passion, *Word-Reader, Light-Bringer* will challenge Christ-followers to seize the power that comes to them through the Holy Spirit and shine the light of Christ to a watching world.

**We Cannot Deny It** Dr. Sharon Mari,2022-08-19 Most do not understand what it means to be born again. Even if you ask someone about salvation, you will often get a confused look. Eventually, they might say, “I go to heaven.” Dr. Sharon Mari examines what it means to have trust and faith in God in this book, noting that those things presuppose knowing that He is our Creator and a god of love, justice, and truth. She answers questions such as: • What does it mean to walk in the light? • Why did Jewish priests deny the authority and power of the miracles Jesus performed? • Why did Jesus have to take on our sins to have a pathway to God? The author notes that Acts 4:16 tells us religious leaders knew the truth that a notable miracle had taken place through the disciples and wanted to know by what power and authority they had done this. They conferred among themselves to deny it, so that the truth of the miracle would not spread throughout the Jewish community. They even plotted to kill the disciples—just as they had done to Jesus. Discover truths that will set you free in *We Cannot Deny It*.

*Human Security in China* Chi Zhang,2021-10-21 This book explores the emergent concept of 'human security' within the political context of COVID-19 Chinese politics. For decades, Western nations have used 'human rights' as a rubric with which to scold Chinese leaders, betraying a fundamental unwillingness to accept diversity of governance systems. As COVID-19 has demonstrated, different governance systems yield different outcomes—the freedom of circulation, speech and movement in Western democracies yielding one, and use of surveillance, lockdowns, and private-public collaboration in China and Asian societies such as Korea and Singapore yielding another. Chinese political scientists have become fixated on the notion of 'human security,' a utilitarian concept which insists on the importance of protecting and extending human life via health care, technology, and a wide range of other systems—sometimes, in ways which contradict Western notions of human rights, even as they demonstrably achieve superior outcomes for the humans involved. Being the first English language book to explore these issues, this book aims to generate a sustained theoretical relevance in the aftermath of the crisis which is likely to have lasting effects on how people live and will be of note for political scientists, China scholars, and economists.
