**The 1964-1965 New York World's Fair** Bill Cotter,Bill Young,2014-01-20 Advertised as the Billion-Dollar Fair, the 1964-1965 New York World's Fair transformed a sleepy park in the borough of Queens into a fantasy world enjoyed by more than 51 million visitors from around the world. While many countries and states exhibited at the fair, the most memorable pavilions were built by the giants of American industry. Their exhibits took guests backward and forward in time, all the while extolling how marvelous everyday life would be through the use of their products. Many of the techniques used in these shows set the standard for future fairs and theme parks, and the pavilions that housed them remain the most elaborate structures ever built for an American fair. The 1964-1965 New York World's Fair showcases the beauty of this international spectacular through rare color photographs, published here for the first time.

**The Man Who Saved New York** Seymour P. Lachman, Robert Polner, 2010-07-01 Winner of the 2011 Empire State History Book Award presented by New York State Archives Partnership Trust The Man Who Saved New York offers a portrait of one of New York's most remarkable governors, Hugh L. Carey, with emphasis on his leadership during the fiscal crisis of 1975. In this dramatic and colorful account, Seymour P. Lachman and Robert Polner's examine Carey's youth, military service, and public career against the backdrop of a changing, challenged, and recession-battered city, state, and nation. It was Carey's leadership, Lachman and Polner argue, that helped rescue the city and state from the brink of financial and social ruin. While TV comedians mocked and tabloids shrieked about the Big Apple's rising muggings, its deteriorating public services, and the threats and walkouts by embattled police, firefighters, and teachers, all amid a brutal recession, Carey and his team managed to hold on and ultimately prevailed, narrowly preventing a huge disruption to the state, national, and global economy. At one point, the city came within a few hours of having to declare itself incapable of paying its debts and obligations, but in the end stability and consensus prevailed, and America's largest city stayed out of bankruptcy court. The center held. Based on extensive interviews with Carey and his family, as well as numerous friends, observers, and former advisors, including Steven Berger, David Burke, John Dyson, Peter Goldmark, Judah Gribetz, Richard Ravitch, and Felix Rohatyn, The Man Who Saved New York aims to place Carey and his achievements at the center of the financial maelstrom that met his arrival in Albany. While others were willing to let the city go into default, Carey was strongly opposed, since it would not only affect the state as a whole but would have reverberations both nationally and internationally. In recounting the 1975 rescue of New York City and the aftershocks that nearly sank the state government, Lachman and Polner illuminate the often-volatile interplay among elite New York bankers, hard-nosed municipal union leaders, the press, and influential conservatives and liberals from City Hall to the Albany statehouse to the White House. Although often underappreciated by the public, it was Carey's force of will, wit, intellect, judgment, and experiences that allowed the state to survive this unparalleled ordeal and ultimately to emerge on a stronger footing. Further, Lachman and Polner argue, Carey's accomplishment is worth recalling as a prime example of how governments—local, state, and federal—can work to avoid the renewed threat of bankruptcy that now confronts many overstretched states and localities.

de Kooning Mark Stevens, Annalyn Swan, 2006-04-04 Winner of the Pulitzer Prize and National Book Critics Award Circle Award. An authoritative and brilliant exploration of the art, life, and world of an American master. Willem de Kooning is one of the most important artists of the twentieth century, a true "painter's painter" whose protean work continues to inspire many artists. In the thirties and forties, along with Arshile Gorky and Jackson Pollock, he became a key figure in the revolutionary American movement of abstract expressionism. Of all the painters in

that group, he worked the longest and was the most prolific, creating powerful, startling images well into the 1980s. The first major biography of de Kooning captures both the life and work of this complex, romantic figure in American culture. Ten years in the making, and based on previously unseen letters and documents as well as on hundreds of interviews, this is a fresh, richly detailed, and masterful portrait. The young de Kooning overcame an unstable, impoverished, and often violent early family life to enter the Academie in Rotterdam, where he learned both classic art and guild techniques. Arriving in New York as a stowaway from Holland in 1926, he underwent a long struggle to become a painter and an American, developing a passionate friendship with his fellow immigrant Arshile Gorky, who was both a mentor and an inspiration. During the Depression, de Kooning emerged as a central figure in the bohemian world of downtown New York, surviving by doing commercial work and painting murals for the WPA. His first show at the Egan Gallery in 1948 was a revelation. Soon, the critics Harold Rosenberg and Thomas Hess were championing his work, and de Kooning took his place as the charismatic leader of the New York school—just as American art began to dominate the international scene. Dashing and handsome and treated like a movie star on the streets of downtown New York, de Kooning had a tumultuous marriage to Elaine de Kooning, herself a fascinating character of the period. At the height of his fame, he spent his days painting powerful abstractions and intense, disturbing pictures of the female figure—and his nights living on the edge, drinking, womanizing, and talking at the Cedar bar with such friends as Franz Kline and Frank O'Hara. By the 1960s, exhausted by the feverish art world, he retreated to the Springs on Long Island, where he painted an extraordinary series of lush pastorals. In the 1980s, as he slowly declined into what was almost certainly Alzheimer's, he created a vast body of haunting and ethereal late work.

**The Boy Who Came Back from Heaven** Kevin Malarkey, A True Story A Remarkable Account of Miracles Angels, and Life beyond this World AN ACCIDENT, A MIRACLE , and a SUPERNATURAL ENCOUNTER that will give you new insights on Heaven, angels, and hearing the voice of God. In 2004, Kevin Malarkey and his six-year-old son, Alex, suffered a terrible car wreck. The impact from the crash paralyzed Alex - and it seemed impossible that he could survive. When Alex awoke from a coma two months later, he had an incredible story to share. Of events at the accident scene and in the hospital while he was unconscious. Of the unearthly music that sounded just terrible to a six-year-old. Of the angels who took him through the gates of Heaven itself. And, most amazing of all . . . of meeting and talking to Jesus. The Boy Who Came Back from Heaven is the true story of an ordinary boy's most extraordinary journey. As you see Heaven and earth through Alex's eyes, you'll come away with new insights on miracles, life beyond this world, and the power of a father's love.
