T-62 Main Battle Tank 1965-2005 Steven J. Zaloga,2011-10-20 The Soviet Army hastily developed the T-62 in a struggle to compete against the rapid proliferation of NATO tanks in the 1960s. It was essentially a modification of the widely-manufactured T-55 tank with the addition of a new 115mm gun. Within the USSR itself, the T-62 was quickly superseded, but it was widely exported, becoming a critical component of the Egyptian and Syrian armies in the 1973 Yom Kippur conflict and heavily influenced later designs of the M1 Abrams and Challenger tanks. In the first English-language history of this tank, Steven Zaloga examines the development of the T-62 using detailed combat descriptions to bring to life the operational history of this tank from the deserts of the Sinai to the harsh terrain of Afghanistan.

Rest Anna Zamoranos,Timothy Jay Schwab,2021-08-08 It is time to truly explore the Word and discover what it says about the authentic ways of the Creator. Examine The God Culture rather than the culture of the gods which permeates our society today just as prophesied many times in scripture. This is not a debate nor a topic that can be broken into fragments out of context. If you are a believer, even a pastor, and you have not reviewed this case except fragments, this book will change your life. Is the Sabbath still applicable today? Why? When you learn Jesus kept and taught the Sabbath and ALL 10 commandments followed by His Apostles who kept and taught the Sabbath and ALL 10 commandments succeeded by the True Early Ekklesia who kept and taught the Sabbath and ALL 10 commandments, shockwaves will vibrate. Learn about the Lord of the Sabbath and His ways which are higher than our ways and the doctrines of men. Study the overwhelmingly abundant scripture proving this as well as history. Explore Messiah's Great Sabbath Sermon which is mischaracterized yet explained as such in the New Testament in which the 7th Day Sabbath observance remained. That's what the Bible says and it is time to know. This extensive Bible case for Sabbath will arm you with the needed data to render a Biblical decision on this topic. Don't let this pass you by another day. Yah Bless.

Deep Learning and Parallel Computing Environment for Bioengineering Systems Arun Kumar Sangaiah,2019-07-26 Deep Learning and Parallel Computing Environment for Bioengineering Systems delivers a significant forum for the technical advancement of deep learning in parallel computing environment across bio-engineering diversified domains and its applications. Pursuing an interdisciplinary approach, it focuses on methods used to identify and acquire valid, potentially useful knowledge sources. Managing the gathered knowledge and applying it to multiple domains including health care, social networks, mining, recommendation systems, image processing, pattern recognition and predictions using deep learning paradigms is the major strength of this book. This book integrates the core ideas of deep learning and its applications in bio engineering application domains, to be accessible to all scholars and academicians. The proposed techniques and concepts in this book can be extended in future to accommodate changing business organizations' needs as well as practitioners' innovative ideas. Presents novel, in-depth research contributions from a methodological/application perspective in understanding the fusion of deep machine learning paradigms and their capabilities in solving a diverse range of problems Illustrates the state-of-the-art and recent developments in the new theories and applications of deep learning approaches applied to parallel computing environment in bioengineering systems Provides concepts and technologies that are successfully used in the implementation of today's intelligent data-centric critical systems and multi-media Cloud-Big data

Zimbabwe's Exodus Jonathan Crush,Daniel Tevera,2010-07-01 The ongoing crisis in Zimbabwe has led to an unprecedented exodus of over a million desperate people from all strata of Zimbabwean society. The Zimbabwean diaspora is now truly global in extent. Yet rather than turning their backs on Zimbabwe, most maintain very close links with the country, returning often and remitting billions of dollars each year. Zimbabwe's Exodus. Crisis, Migration, Survival is written by leading migration scholars many from the Zimbabwean diaspora. The book explores the relationship between Zimbabwe's economic and political crisis and migration as a survival strategy. The book includes personal stories of ordinary Zimbabweans living and working in other countries, who describe the hostility and xenophobia they often experience.

Leading with Vision Bonnie Hagemann,Simon Vetter,John Maketa,2017-05-16 What does it mean to lead with vision? From LinkedIn Learning Expert, Bonnie Hagemann comes the first book devoted entirely to vision as a key leadership principle. Hagemann and her co-authors delve deeply into the notion that a compelling vision that motivates and inspires is a differentiator for organizations that want to hire and retain talent, be more competitive, and thrive in uncertain times. But a compelling vision on its own is not enough, which is why the authors, sought-after leadership development experts globally, provide readers with detailed analysis of the essential things leaders must do to effectively engage the workforce around that vision: embody courage, forge clarity, build connectedness, and shape culture. Leading with Vision draws on quantitative data from the authors' research of over 400 companies supplemented with real-world examples from thoughtful leaders who exemplify the core principles of leading with vision in established companies, including: Olukai, Bumble Bee, Coresystems, Jimbo's, Bunge, and more. The book also includes an actionable blueprint developed by the authors that leaders and their organizations can implement on day one of their journey.

The Acts of the Lateran Synod of 649 Richard Price,Phil Booth,Catherine Cubitt,2017-09 The Lateran Synod of 649 was a major event in the 'monothelete' controversy of the seventh century over 'wills' and 'operations' in Christ. It represented a determined attempt by the papacy to frustrate and reverse the ecclesiastical policy of the emperor and patriarch at Constantinople. It represented the boldest challenge to imperial authority by churchmen that late antiquity had seen. The theology adopted by the synod and its expression in a series of speeches was the work of a team of Greek monks under the leadership of St Maximus the Confessor. This translation will add to the still limited body of material available in English for the study of a writer who is widely held to have been the greatest of all Byzantine theologians. The Acts of the synod have been a major puzzle ever since their

editor, Rudolf Riedinger, demonstrated that the Greek version, not the Latin, is the original, even though the council must have conducted its business in Latin. This edition offers a new explanation of this anomaly, which restores authenticity to the synodal sessions, without denying that the Acts, as published, were not a straight factual record but propaganda intended to convince the Roman world of the orthodoxy and authority of the papacy.
