The Acts of the Lateran Synod of 649 Richard Price, Phil Booth, Catherine Cubitt, 2017-09 The Lateran Synod of 649 was a major event in the 'monothelete' controversy of the seventh century over 'wills' and 'operations' in Christ. It represented a determined attempt by the papacy to frustrate and reverse the ecclesiastical policy of the emperor and patriarch at Constantinople. It represented the boldest challenge to imperial authority by churchmen that late antiquity had seen. The theology adopted by the synod and its expression in a series of speeches was the work of a team of Greek monks under the leadership of St Maximus the Confessor. This translation will add to the still limited body of material available in English for the study of a writer who is widely held to have been the greatest of all Byzantine theologians. The Acts of the synod have been a major puzzle ever since their editor, Rudolf Riedinger, demonstrated that the Greek version, not the Latin, is the original, even though the council must have conducted its business in Latin. This edition offers a new explanation of this anomaly, which restores authenticity to the synodal sessions, without denying that the Acts, as published, were not a straight factual record but propaganda intended to convince the Roman world of the orthodoxy and authority of the papacy.

New Lives for Old Margaret Mead, 2001-10-23 When Margaret Mead first studied the Manus Islanders of New Guinea in 1928, they were living with a Stone Age technology. Economically vulnerable and burdened by a complex moral code, the Manus seemed ill-equipped to handle the massive impact that World War II had on their secluded world. But a unique set of circumstances

allowed the Manus to adapt swiftly to the twentieth century, and their experience led Mead to develop a revolutionary theory of cultural transformation, one that favors rapid, over piecemeal, change. As relevant today as it was a half-century ago, *New Lives for Old* is an optimistic examination of one society that chose to change, offering hope and a valuable model for today's developing societies. This edition, prepared for the centennial of Mead's birth, features introductions by Stewart Brand and Mead's daughter, Mary Catherine Bateson.
