Blindsight Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist--an informational topologist with half his mind gone--as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Suds Series J. Daniel, 2023-03-15 In *Suds Series*, J. Daniel takes readers back forty years, telling a story that is part baseball history, part urban history, and part U.S. cultural history, the narrative weaving together the development of the Midwest cities of St. Louis and Milwaukee through their engagement with beer and baseball. As the National and American League champions squared off for the 1982 Fall Classic, the St. Louis Cardinals, owned by Anheuser-Busch, took on the Milwaukee Brewers, so named by owner Bud Selig in homage to the city's baseball and brewing past. Even nominal baseball fans will enjoy reading about legendary players, teams, and personalities that emerged in the 1982 season: the year Ricky Henderson stole 130 bases; Reggie Jackson led the league in home runs; and Cal Ripken Jr. began his remarkable playing streak. Readers will also enjoy the cultural references, including the Pac-Man craze, a chart-topping album by Rush, and the "Light Beer Wars" waged by Anheuser-Busch and the Miller Brewing Company through a series of humorous TV commercials featuring well-loved professional sports figures.

Moral Rhetoric and the Criminalisation of Squatting Lorna Fox O'Mahony, David O'Mahony, Robin Hickey, 2014-10-24 This collection of critical essays considers the criminalisation of squatting from a range of different theoretical, policy and practice perspectives. While the practice of squatting has long been criminalised in some jurisdictions, the last few years have witnessed the emergence of a newly constituted political concern with unlawful occupation of land. With initiatives to address the 'threat' of squatting sweeping across Europe, the offence of squatting in a residential building was created in England in 2012. This development, which has attracted a large measure of media attention, has been widely regarded as a controversial policy departure, with many commentators, Parliamentarians, and professional organisations arguing that its support is premised on misunderstandings of the current law and a precarious evidence-base concerning the nature and prevalence of 'squatting'. *Moral Rhetoric and the Criminalisation of Squatting* explores the significance of measures to criminalise squatting for squatters, owners and communities. The book also interrogates wider themes that draw on political philosophy, social policy, criminal justice and the nature of ownership, to consider how the assimilation of squatting to a contemporary punitive turn is shaping the political, social, legal and moral landscapes of property, housing and crime.
