How to Pass OSCP Series: Windows Privilege Escalation Step-By-Step Guide Alan Wang,2020-11-13

This book is the first of a series of How To Pass OSCP books and focus on techniques used in Windows Privilege Escalation. This is a step-by-step guide that walks you through the whole process of how to escalate privilege in Windows environment using many common techniques. We start by gathering as much information about the target as possible either manually or using automated scripts. Next, we search for misconfigured services or scheduled tasks, insufficient file permission on binaries or services, vulnerable kernel, vulnerable software running with high privileges, sensitive information stored on local files, credential saved in the memory, registry settings that always elevate privileges before executing a binary, hard-coded credential contained in the application configuration files, and many more. Table of Contents
Introduction Section One: Windows Configuration Chapter 1: AlwaysInstallElevated Section Two: Domain Controller Chapter 2: Zerologon Section Three: Windows Service Chapter 3: Service - Insecure File Permission Chapter 4: Service - Unquoted Path Chapter 5: Service - Bin Path Chapter 6: Service - Registry Chapter 7: Service - DLL Hijacking Section Four: Scheduled Tasks Chapter 8: Scheduled Tasks Section Five: Windows Registry Chapter 9: Autorun Chapter 10: Startup Applications Section Six: Windows Kernel Chapter 11: Kernel - EternalBlue Chapter 12: Kernel - MS15-051 Chapter 13: Kernel - MS14-058 Section Seven: Potato Exploits Chapter 14: Juicy Potato Chapter 15: Rogue Potato Section Eight: Password Mining Chapter 16: Password Mining - Memory Chapter 17: Password Mining - Registry Chapter 18: Password Mining - SiteList Chapter 19: Password Mining - Unattended Chapter 20: Password Mining - Web.config

Section Nine: UAC Bypass Chapter 21: User Account Control Bypass For more information, please visit <http://www.howtopassoscp.com/>.

101 Life Skills Games for Children Bernie Badegruber, 2011-01-01 How do you teach tolerance, self-awareness, and responsibility? How can you help children deal with fear, mistrust, or aggression? Play a game with them! Games are an ideal way to help children develop social and emotional skills; they are exciting, relaxing, and fun. **101 LIFE SKILLS GAMES FOR CHILDREN: LEARNING, GROWING, GETTING ALONG** (Ages 6-12) is a resource that can help children understand and deal with problems that arise in daily interactions with other children and adults. These games help children develop social and emotional skills and enhance self-awareness. The games address the following issues: dependence, aggression, fear, resentment, disability, accusations, boasting, honesty, flexibility, patience, secrets, conscience, inhibitions, stereotypes, noise, lying, performance, closeness, weaknesses, self confidence, fun, reassurance, love, respect, integrating a new classmate, group conflict. Organized in three main chapters: (I-Games, You-Games and We-Games), the book is well structured and easily accessible. It specifies an objective for every game, gives step-by-step instructions, and offers questions for reflection. It provides possible variations for each game, examples, tips, and ideas for role plays. Each game contains references to appropriate follow-up games and is illustrated with charming drawings.

Yvain Chretien de Troyes, Chrétien (de Troyes), 1987-09-10 A twelfth-century poem by the creator of the Arthurian romance describes the courageous exploits and triumphs of a brave lord who tries to win back his deserted wife's love

Maddy's Song Margaret Dickson,1985 A novel that explores and lays bare some of the deepest secrets of the family.

Duty and Desire Book Club Edition Anju Gattani,2021-01-27 To uphold family honor and tradition, Sheetal Prasad is forced to forsake the man she loves and marry playboy millionaire Rakesh Dhanraj while the citizens of Raigun, India, watch in envy. On her wedding night, however, Sheetal quickly learns that the stranger she married is as cold as the marble floors of the Dhanraj mansion. Forced to smile at family members and cameras and pretend there's nothing wrong with her marriage, Sheetal begins to discover that the family she married into harbors secrets, lies and deceptions powerful enough to tear apart her world. With no one to rely on and no escape, Sheetal must ally with her husband in an attempt to protect her infant son from the tyranny of his family.sion.

H8r Michael Roy,2022-01-08 The only thing that eighteen-year-old Andy Bradshaw had on her mind was that she was graduating high school in a matter of a few months. Andy has never been one of the popular girls because she makes good grades in all of her classes, reads and aspires to become a great writer. Unfortunately, she doesn't have anything to write about. Her twin brother, Riley, wants to follow a different path and become a rock guitar god. Because of this, they are almost always at odds. Andy has only a small circle of good friends which isn't anything bad to complain about. That is, until, a new and definitely different social media app pops up into everybody's phone screens. It is Hater, an app dedicated for users to only post hate comments back and forth to each other. Anyone who decides to no longer put up with any of the negativity and post a nice or positive comment mysteriously disappears. As the student

body of John P. Dorset High School and the rest of the world grows more and more out of control due to the presence of Hater, it is up to Andy and her friends to stand up for themselves and come together as a team to take down this faceless threat. The only question that remains is: can Andy act quickly and take down this Internet monster before she loses everyone that she loves as they slowly disappear one by one?

BION [Believe It Or Not] Bob Kat, 2013-07-25 BION [Believe It Or Not], Book #3 of the CUL8R Time Travel Mystery/Romance series. Change the past, Save the future. Four high school friends are able to do two things no one else on the planet can do . . . talk with dead people and time travel to the past. However, Kelly, who lost her phone during their last adventure, is temporarily grounded. She worries that her new friends will time travel without her, leaving her all alone in her new home in Ft. Myers Beach, Florida. But they surprise her on her birthday and soon they are back in Scott's lab, listening to the old radio that Thomas Edison had invented and called "The Telephone to the Dead". As they slowly turn the dial Kelly, Scott, Austin and Zoey hear hundreds of sad, lonely voices of souls that have passed but apparently never moved on, pleading for help. When they first discovered the radio in Kelly's aunt's garage, they had been touched by the cries and pleas coming from its speakers, but they had no way to go back in time to help them. That is, until Scott reveals an invention of his own . . . a time travel app. They've already tested it twice, with both trips being very successful, but not without danger. Even though they returned with a few scrapes and bruises, and even a gunshot wound, they are eager to go on a new adventure and help solve a mystery. A young woman's voice comes through and asks them to find her twin brother, Jesse, who had run away to the circus in 1927, then disappeared and was never heard from again. Going back and

living with a circus sounds like fun. Plus an old book written by his sister provides a glimpse into the past . . . as well as a photo of Jesse, a photo that grabs their attention and sets the girls' hearts racing. They land in a cornfield in Wichita Falls, Texas as the circus is setting up. It doesn't take them long to discover that circus life is not all glamour and fun; it's a lot of hard work. As usual, they jump in and quickly find jobs, places to sleep and new friends. But most importantly, they find Jesse. Now all they have to do is keep him alive. For Zoey and Jesse, it's love at first sight. It's a first romance for both of them and their love blossoms as they travel from city to city. Zoey knows she's too young to settle down and that Jesse is from a different time and culture, but her feelings for him are strong. Her and her friends' time travel mission has taken on a new dimension. Should they be successful and save his life, will Zoey be able to let him go? Is it possible for him to come to 2013 with her? Is it possible for her to stay in 1927 with him? Ultimately, can she give up everything she has in the present for true love in the past? Jesse's talent working with the big cats catches the attention of the Martin Maxwell, the owner of the circus. Maxwell promotes him to the center ring as a replacement for their current lion tamer who is planning on moving up to the Ringling and Barnum & Bailey Circus. Unfortunately, not everyone shares Zoey's love for Jesse and wants him to disappear forever. Kelly, Scott, Austin and Zoey must figure out who wants Jesse dead and stop him or her before Jesse's fate is sealed. Book #1, *OMG [Oh My God]*, a time travel mystery/romance back to 1966 was awarded The Best Young Adult Indie Book in 2013 and was a Finalist in the Beverly Hills Book Awards for 2013. Book #2, *BRB [Be Right Back]*, a time travel mystery/romance back to 1980 was a Readers' Favorite for 2013.

Mastering Microsoft Exchange Server 2003 Barry Gerber, 2006-02-20 All the Documentation You Need for Successfully Deploying Exchange Server 2003 Author Barry Gerber shares his extensive real-world experience in easy-to-understand language in this comprehensive guide to Microsoft's messaging and collaboration server. Mastering Exchange Server 2003 systematically and sequentially walks you through all the essential concepts of planning and design, installation, deployment, administration and management, maintenance, and troubleshooting. With detailed background information, clear step-by-step, hands-on instructions, and realistic examples, Gerber teaches you how to devise and implement a system that is just right for your environment. He then leads you to the next level with advanced coverage on reliability and availability, disaster recovery, security solutions, wireless access, and building custom e-mail forms for Outlook. Coverage Includes: Designing a new Exchange 2003 system Upgrading to Windows Server 2003 and Exchange Server 2003 Installing and configuring Exchange Server 2003, Windows Server 2003 as a domain controller, and Outlook 2003 from a customized server image Organizing Exchange users, distribution groups, and contacts Managing the Exchange Server hierarchy and core components Managing Exchange 2003 Internet services and services for Internet clients Installing and administering additional Exchange Servers Performing advanced administration and management Ensuring Exchange Server reliability and availability Building Exchange Server system security Configuring wireless access to Exchange Server 2003 Creating and managing Outlook forms designer applications Exploring third-party applications for Exchange/Outlook clients and Exchange Server

Know Your Enemy HoneyNet Project, 2004 A guide to computer security discusses how the blackhat

community uses the Internet for destructive purposes and provides information on how to learn from a blackhat attack to protect computer networks.

Information Security Policies Made Easy Version 10 Charles Cresson Wood,2005-04-01

Red Hat Fedora Core 6 Unleashed Andrew Hudson,Paul Hudson,2007 Continuing with the tradition of offering the most comprehensive coverage of Red Hat Linux on the market, Fedora Core 6 Unleashed includes new and additional material based on the latest release of Red Hat's Fedora Core Linux distribution. Incorporating an advanced approach to presenting information about Fedora, the book aims to provide the best and latest information that intermediate to advanced Linux users need to know about installation, configuration, system administration, server operations, and security. Fedora Core 6 Unleashed thoroughly covers all of Fedora's software packages, including up-to-date material on new applications, Web development, peripherals, and programming languages. It also includes updated discussion of the architecture of the Linux kernel, USB, KDE, GNOME, Broadband access issues, routing, gateways, firewalls, disk tuning, GCC, Perl, Python, printing services (CUPS), wireless support, international support (Unicode 5.0 support), Java programs support (Eclipse), and security.

Charles Pettigrew, First Bishop-elect of the North Carolina Episcopal Church Bennett H Wall,2021-09-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and

we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

SCJP Sun Certified Programmer for Java 5 Study Guide (Exam 310-055) Kathy Sierra, Bert Bates, 2006-01-08 Get the book that shows you not only what to study, but how to study. The only classroom-based integrated study system for professional certification gives you complete coverage of all objectives for the Sun Certified Programmer for Java 5 exam, hundreds of practice exam questions, and hands-on exercises. The CD-ROM features full practice exam software plus an adaptive test engine.

The Easy Pit Boss Wood Pellet Grill And Smoker Cookbook Leslie Schroeder, 2021-05 Are you looking for the best device for delicious BBQ and grilled meals? If yes, keep reading. The Forgotten Rohingya: Their Struggle for Human Rights in Burma Habib Habib Siddiqui, 2019

Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as settlers from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into

Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets? - Are restricted from traveling outside their villages? - Have no legal right to own land or property? - Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings? - Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan? - Are forced to convert to Buddhism &/or

worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights? Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. The Forgotten Rohingya makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.
