The Hole in Our Gospel Richard Stearns, 2009-03-10 WHAT DOES GOD EXPECT OF US? Is our faith just about going to church, studying the Bible and avoiding the most serious sins—or does God expect more? Have we embraced the whole gospel or a gospel with a hole in it? Ten years ago, Rich Stearns came face-to-face with that question as he sat in a mud hut in Rakai, Uganda, listening to the heartbreaking story of an orphaned child. Stearns' journey there took much more than a long flight to Africa. It took answering God's call on his life, a call that tore him out of his corner office at one of America's most prestigious corporations—to walk with the poorest of the poor in our world. *The Hole*

in *Our Gospel* is the compelling true story of a corporate CEO who set aside worldly success for something far more significant, and discovered the full power of the gospel of Jesus Christ to change his own life. He uses his journey to demonstrate how the gospel—the whole gospel—was always meant to be a world changing social revolution, a revolution that begins with us. ECPA 2010 Christian Book of the Year Award Winner! “Read this compelling story and urgent call for change—Richard Stearns is a contemporary Amos crying ‘let justice roll down like waters....’ Justice is a serious gospel-prophetic mandate. Far too many American Christians for too long a time have left the cause to ‘others.’ Read it as an altar call.” --Eugene H. Peterson, translator of *The Message*, Professor Emeritus of Spiritual Theology, Regent College, Vancouver, BC “Rich Stearns calls us to exhilarating obedience to God’s life-altering, world-changing command to reflect his love to our neighbors at home and globally. *The Hole in Our Gospel* is imbued with the hope of what is possible when God’s people are transformed to live radically in light of his great love. --Gary Haugen, President & CEO, International Justice Mission “Richard Stearns is quite simply one of the finest leaders I have ever known.... When he became president of World Vision I had a front row seat to witness the way God used his mind and heart to inspire thousands.... His new book, *The Hole In Our Gospel* will call you to a higher level of discipleship.... Now is the time...Richard Stearns has the strategy...your move!” --Bill Hybels, Founding and Senior Pastor, Willow Creek Community Church, South Barrington, IL “Rich Stearns has given us a book that makes absolutely clear what God hopes for and expects from each of us.... He reminded me of my personal responsibilities and the priority I must give them and also where life’s true rewards and fulfillment are to be found.” --Jim Morris, former executive director, United Nations World Food Program World Vision plays a strategic role on our globe. As the largest relief organization in the history of the world, they initiate care and respond to crisis. Rich Stearns navigates this mercy

mission with great skill. His book urges us to think again about the opportunity to love our neighbor and comfort the afflicted. His message is timely and needed. May God bless him, the mission of World Vision and all who embrace it. --Max Lucado, author of 3:16—The Numbers of Hope, Minister of Writing and Preaching, Oak Hills Church, San Antonio, TX “With passionate urging and earnestness, Rich Stearns challenges Christians to embrace the whole Gospel of Jesus Christ by embracing the neediest and most vulnerable among us. After reading the moving stories, the compelling facts and figures, and Stearns’ excellent application of scripture and his own experiences at World Vision, you will no doubt be asking yourself: What should I do?” --Chuck Colson, Founder, Prison Fellowship

Desde entonces, escritores, pensadores y gobernantes se han referido a la inobservancia de reglas y han visto en ella un obstáculo para el desarrollo social y político de los países. Este libro intenta analizar en profundidad esta cultura del desacato de reglas, a través de dos estrategias: una serie de investigaciones empíricas sobre incumplidores y una caracterización de seis tipos de personajes incumplidores: vivos, rebeldes, arrogantes, taimados, déspotas y restauradores, así como de los contextos en los que actúan y de las implicaciones negativas de sus comportamientos.

The 2008 Presidential Campaign Robert E. Denton,2009 Presidential campaigns are our national conversations the widespread and complex communication of issues, images, social reality, and personas. In 2008, more people participated in the conversation, as voter numbers in every demographic group increased to levels of the 1970s. Here, political communication specialists break down the historic 2008 presidential campaign and go beyond the quantitative facts, electoral counts, and poll results of the election. Factoring in everything from the campaign in popular culture, political cartoons, and the effect of celebrity, the authors look at the early campaign period, the nomination process and conventions, the social and political context, the debates, the role of candidate spouses, candidate strategies, political advertising, and the use of the Internet. This enlightening book shows why more technology doesn't always mean more effective communication and how, as we attempt to make sense of our environment, we collect political bits of communication that comprise our voting choices, worldviews, and legislative desires.

Juergen Simon, Chun Shi Xu, 2003-06-27 Inhaltsangabe: Summary: Throughout the past three years, China has become the number one country for investment, attracting more foreign direct investment than the USA. New laws allow foreign companies to acquire Chinese enterprises. Through telephone interviews the authors collected information on the current activities and future plans of 37 Swiss manufacturing companies in China. How do traditionally export-oriented manufacturing companies

see this situation? What are their strategies? Do they consider Mergers & Acquisition (M&A) as a strategic option? The paper shows the results of a survey on the China activities of Swiss manufacturing companies up to 4000 employees, conducted by two students of the University of Applied Sciences Northwestern Switzerland in 2003.

Transitions and Interdependence: India and its Neighbours Dr Pankaj Jha, Dr Smita Tiwari, 2015-07-15 Developments in South Asia in the areas of democracy, political economy and security in the last couple of years are intriguing and raise questions about whether the region is on the road to transformation. The years 2013 and 2014, particularly, have been 'years of transition' in South Asia. Almost all South Asia countries have undergone political transitions with cascading effects. These elections are significant for South Asian countries because the region has witnessed political instability for a long period of time. The elections in South Asia generated the hope that the most un-integrated region may become interdependent after coming up of new sets of political heads. These developments in the region have an influence on India's foreign policy and also mould its domestic politics; and vice-versa. India's policy towards individual countries also has a decisive impact on the pace of on-going political transitions in a number of spheres: civil-military relations, foreign policy of individual countries, socio-political and economic dynamics and nature of governance. These transitions reflect the nature, behaviour and response of the transitory states towards the others. India, as an important stakeholder in the region is keenly observing these transitions in its neighbourhood. This book titled: *Transitions and Interdependence: India and Its Neighbours* is the outcome of serious deliberations among well known scholars, diplomats and policy makers at the Fifth Asian Relations Conference organised by the Indian Council of World Affairs in collaboration with the Institute of Peace and Conflict Studies in February 2014. Papers presented in the conference have been thoroughly revised before publication and the editors acknowledge with gratitude these insightful contributions.
