*The Linux Command Line, 2nd Edition* William Shotts,2019-03-05 You've experienced the shiny, point-and-click surface of your Linux computer--now dive below and explore its depths with the power of the command line. The Linux Command Line takes you from your very first terminal keystrokes to writing full programs in Bash, the most popular Linux shell (or command line). Along the way you'll learn the timeless skills handed down by generations of experienced, mouse-shunning gurus: file navigation, environment configuration, command chaining, pattern matching with regular expressions, and more. In addition to that practical knowledge, author William Shotts reveals the philosophy behind these tools and the rich heritage that your desktop Linux machine has inherited from Unix supercomputers of yore. As you make your way through the book's short, easily-digestible chapters, you'll learn how to:

- Create and delete files, directories, and symlinks
- Administer your system, including networking, package installation, and process management
- Use standard input and output, redirection, and pipelines
- Edit files with Vi, the world's most popular text editor
- Write shell scripts to automate common or boring tasks
- Slice and dice text files with cut, paste, grep, patch, and sed

Once you overcome your initial shell shock, you'll find that the command line is a natural and expressive way to communicate with your computer. Just don't be surprised if your mouse starts to gather dust.

Mastering Windows XP Registry Peter D. Hipson,2002-05-29 Expert Advice for Windows XP Power Users Created for Windows power users and anyone who aspires to be one, Mastering Windows XP Registry provides focused, practical coverage of Windows' most important--and most challenging--element: the registry. Inside, you'll learn to customize Windows XP, optimize the network, and avoid scores of potential disasters, all by working with registry settings. If you're a power user, a system administrator, programmer, or consultant, this guide is absolutely essential. Coverage includes:

- \* Understanding registry keys and data types
- \* Applying the secrets of the most important registry keys
- \* Adjusting the Windows GUI through registry settings
- \* Using the registry in networking
- \* Optimizing performance by editing registry settings
- \* Working with registry tools
- \* Recovering from disasters
- \* Eliminating unwanted keys, entries, applications, and files
- \* Taking advantage of the registry in your own programs
- \* Tracking registry changes made by applications
- \* Navigating registry entries

**The Grapes of New York** U. P. Hedrick,2021-05-19 The Grapes of New York by U. P. Hedrick. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten--or yet undiscovered gems--of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

**The Man Who Saved New York** Seymour P. Lachman,Robert Polner,2010-07-01 A dramatic and colorful portrait of one of New York's most remarkable governors, Hugh L. Carey, with emphasis on his leadership during the fiscal crisis of 1975. The Man Who Saved New York offers a portrait of one of New York's most remarkable governors, Hugh L. Carey, with emphasis on his leadership during the fiscal crisis of 1975. In this dramatic and colorful account, Seymour P. Lachman and Robert Polner's examine Carey's youth, military service, and public career against the backdrop of a changing, challenged, and recession-battered city, state, and nation. It was Carey's leadership, Lachman and Polner argue, that helped rescue the city and state from the brink of financial and social ruin. While TV comedians mocked and tabloids shrieked about the Big Apple's rising muggings, its deteriorating public services, and the threats and walkouts by embattled police, firefighters, and teachers, all amid a brutal recession, Carey and his team managed to hold on and ultimately prevailed, narrowly preventing a huge disruption to the state, national, and global economy. At one point, the city came within a few hours of having to declare itself incapable of paying its debts and obligations, but in the end stability and consensus prevailed, and America's largest city stayed out of bankruptcy court. The center held. Based on extensive interviews with Carey and his family, as well as numerous friends, observers, and former advisors, including Steven Berger, David Burke, John Dyson, Peter Goldmark, Judah Gribetz, Richard Ravitch, and Felix Rohatyn, The Man Who Saved New York aims to place Carey and his achievements at the center of the financial maelstrom that met his arrival in Albany. While others were willing to let the city go into default, Carey was strongly opposed, since it would not only affect the state as a whole but would have reverberations both nationally and internationally. In recounting the 1975 rescue of New York City and the aftershocks that nearly sank the state government, Lachman and Polner illuminate the often-volatile interplay among elite New York bankers, hard-nosed municipal union leaders, the press, and influential conservatives and liberals from City Hall to the Albany statehouse to the White House. Although often underappreciated by the public, it was Carey's force of will, wit, intellect, judgment, and experiences that allowed the state to survive this unparalleled ordeal and ultimately to emerge on a stronger footing. Further, Lachman and Polner argue, Carey's accomplishment is worth recalling as a prime example of how governments--local, state, and federal--can work to avoid the renewed threat of bankruptcy that now confronts many overstretched states and localities. Seymour P. Lachman served as President of the New York City Board of Education and University Dean of the City University of New York before being elected to the New York State Senate, where he served five terms. He was consulting editor of *The United States in the Middle East* and was coauthor (with Barry A. Kosmin) of *One Nation Under God: Religion in Contemporary American Society* and (with Robert Polner) *Three Men in a Room: The Inside Story of Power and Betrayal in an American Statehouse*. He is currently Director of the Hugh L. Carey Institute for Government Reform at Wagner College, Staten Island, where he is also a Distinguished Professor in Residence. Robert Polner, a former award-winning reporter for Newsday, works as a public affairs officer for New York University and its Robert F. Wagner Graduate School of Public Service. He was the editor of *America's Mayor*, *America's President?* *The Strange Career of Rudy Giuliani*, and coauthor (with Seymour P. Lachman) of *Three Men in a Room: The Inside Story of Power and Betrayal in an American Statehouse*. He also cowrote (with Paul Schwartzman) *New York Notorious: A Borough-by-Borough Tour of the Ci*

Crossbow Hunting William Hovey Smith,2006-08-15 Evaluations of different crossbows on the market today and how to select the right arrow, points, and sights. Shooting and hunting techniques for deer, bear, hogs, and elk. Classic crossbow hunts for big game in Africa, musk ox in the Canadian arctic, and water buffalo in

Australia.

*The Peaches of New York* U. P. Hedrick,George Henry Howe,Orrin Morehouse Taylor,Charles Burton Tubergen,New York State Agricultural Experiment Station,1917

*Supply Chain Management for Sustainable Food Networks* Eleftherios Iakovou,Dionysis Bochtis,Dimitrios Vlachos,Dimitrios Aidonis,2016-01-19 An interdisciplinary framework for managing sustainable agrifood supply chains Supply Chain Management for Sustainable Food Networks provides an up-to-date and interdisciplinary framework for designing and operating sustainable supply chains for agri-food products. Focus is given to decision-making procedures and methodologies enabling policy-makers, managers and practitioners to design and manage effectively sustainable agrifood supply chain networks. Authored by high profile researchers with global expertise in designing and operating sustainable supply chains in the agri-food industry, this book: Features the entire hierarchical decision-making process for managing sustainable agrifood supply chains. Covers knowledge-based farming, management of agricultural wastes, sustainability, green supply chain network design, safety, security and traceability, IT in agrifood supply chains, carbon footprint management, quality management, risk management and policy-making. Explores green supply chain management, sustainable knowledge-based farming, corporate social responsibility, environmental management and emerging trends in agri-food retail supply chain operations. Examines sustainable practices that are unique for agriculture as well as practices that already have been implemented in other industrial sectors such as green logistics and Corporate Social Responsibility (CSR). Supply Chain Management for Sustainable Food Networks provides a useful resource for researchers, practitioners, policy-makers, regulators and C-level executives that deal with strategic decision-making. Post-graduate students in the field of agriculture sciences, engineering, operations management, logistics and supply chain management will also benefit from this book.

*The Social Impact of AIDS in the United States* National Research Council,Division of Behavioral and Social Sciences and Education,Commission on Behavioral and Social Sciences and Education,Panel on Monitoring the Social Impact of the AIDS Epidemic,1993-02-01 Europe's Black Death contributed to the rise of nation states, mercantile economies, and even the Reformation. Will the AIDS epidemic have similar dramatic effects on the social and political landscape of the twenty-first century? This readable volume looks at the impact of AIDS since its emergence and suggests its effects in the next decade, when a million or more Americans will likely die of the disease. The Social Impact of AIDS in the United States addresses some of the most sensitive and controversial issues in the public debate over AIDS. This landmark book explores how AIDS has affected fundamental policies and practices in our major institutions, examining: How America's major religious organizations have dealt with sometimes conflicting values: the imperative of care for the sick versus traditional views of homosexuality and drug use. Hotly debated public health measures, such as HIV antibody testing and screening, tracing of sexual contacts, and quarantine. The potential risk of HIV infection to and from health care workers. How AIDS activists have brought about major change in the way new drugs are brought to the marketplace. The impact of AIDS on community-based organizations, from volunteers caring for individuals to the highly political ACT-UP organization. Coping with HIV infection in prisons. Two case studies shed light on HIV and the family relationship. One reports on some efforts to gain legal recognition for nonmarital relationships, and the other examines foster care programs for newborns with the HIV virus. A case study of New York City details how selected institutions interact to give what may be a picture of AIDS in the future. This clear and comprehensive presentation will be of interest to anyone concerned about AIDS and its impact on the country: health professionals, sociologists, psychologists, advocates for at-risk populations, and interested individuals.

Vehicle and Traffic Law of the State of New York 2009 Inst. Of Internal Auditors,New York (State),2009

**WHO report on the global tobacco epidemic, 2017** World Health Organization,2017-08-28 The report Monitoring tobacco use and prevention policies tracks the status of the tobacco epidemic and interventions to combat it. The report finds that more countries have implemented tobacco control policies, ranging from graphic pack warnings and advertising bans to no smoking areas. About 4.7 billion people - 63% of the world's population - are covered by at least one comprehensive tobacco control measure, which has quadrupled since 2007 when only 1 billion people and 15% of the world's population were covered.

**Air Ambulance Guidelines** ,1986

*Humans to Mars* David S. F. Portree,2001

*African American Art* Smithsonian American Art Museum,Richard J. Powell,Virginia McCord Mecklenburg,2012 Drawn entirely from the Smithsonian American Art Museum's rich collection of African American art, the works include paintings by Benny Andrews, Jacob Lawrence, Thornton Dial Sr., Romare Bearden, Alma Thomas, and Lois Mailou Jones, and photographs by Roy DeCarava, Gordon Parks, Roland Freeman, Marilyn Nance, and James Van Der Zee. More than half of the artworks in the exhibition are being shown for the first time--Publisher's website.

Just don't be surprised if your mouse starts to gather dust.

**Moving Cooler** Cambridge Systematics,2009 Both the public and private sectors are grappling with decisions regarding policies that will lead to reductions in

greenhouse gas (GHG) emissions. Moving Cooler analyzes and assesses the effectiveness and costs of almost 50 transportation strategies for reducing GHG emissions, as well as evaluates combinations of those strategies. The findings of this study can help decision makers coordinate and shape effective approaches to reducing GHG emissions at all levels - national, regional, and local - while also meeting broader transportation objectives. --Book Jacket.

**The Redbook** Bryan A. Garner, 2006 This book provides a comprehensive guide to the essential rules of legal writing. Unlike most style or grammar guides, it focuses on the special needs of legal writers, answering a wide spectrum of questions about grammar and style -- both rules and exceptions. It also gives detailed, authoritative advice on punctuation, capitalization, spelling, footnotes, and citations, with illustrations in legal context. Designed for law students, law professors, practicing lawyers, and judges, the work emphasizes the ways in which legal writing differs from other styles of technical writing. Its how-to sections deal with editing and proofreading, numbers and symbols, and overall document design. Features: \* Cautions on use of 500 stuffy phrases and needless legalisms, along with their everyday English translations \* Details rules for 800 words with required prepositions in certain contexts \* Explains the correct usage of more than 1,000 words that are often troublesome to legal writers \* Gives tips on preparing briefs and other court documents, opinion letters and demand letters, research memos, and contracts \* Provides model documents of all types of legal documents and pleadings Reviews 200 terms of art that take on new meanings in legal contexts

"Kettling" Protesters in the Bronx Julie Ciccolini, Ida Sawyer, 2020
