*Moon-face and Other Stories* Jack London, 1906 JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways - robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. The son of the Wolf (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, *The Call of the Wild* (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including *The Sea-Wolf* (1904), *White Fang* (1906), *South Sea Tales* (1911), and *Jerry of the South Seas* (1917). One of London's most interesting novels is the semi-autobiographical *Martin Eden* (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

*The Sea Power of the State* S.G. Gorshkov, 2013-10-22 Admiral Gorshkov has transformed the Soviet fleet into a world sea power for the first time in Russian history. He is Russia's most brilliant naval strategist of all time. He has created the modern Soviet navy. His book examines the main components of sea power among which attention is

*The Dare* Harley Laroux,2023-10-31 Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The freak, Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? *The Dare* is an 18+ erotic romance novella and a prequel to the *Losers Duet*. Reader discretion is strongly advised.

This book contains graphic sexual scenes, intense scenes of BDSM, and strong language. A full content note can be found in the front matter of the book.

*Investing in Our Future* Buzz Aldrin, Carla C. Johnson, Andrew Aldrin, 2018-07-15  
Having the desire, ability, and belief in yourself to innovate beyond what past generations ever imagined possible, explore ground none has ever walked on, and live and work in ways no one has ever lived and worked--these skills may not only increase the next generation's chances for success in the new century, in an employability and globally competitive sense. If Stephen Hawking and others are correct, they may be necessary to ensure our survival. *Investing in Our Future: Preparing the Next Generation to Occupy Mars* speaks to the need to cultivate new innovators and explorers whose dreams will move us forward, and whose travels will likely take us back to the moon and beyond. Its threefold purpose is: To reignite our passion to be limitless, ever-curious problem solvers, To foster a STEM-literate citizenry to innovate in ways we cannot yet imagine, and; To frame plans for leveraging what we know to enable the next generation to visit and possibly live and thrive on Mars. In this book, the authors deliver a compelling, succinct, and timely vision for recasting our approach to K-12 education to prepare a changing world for a successful future.
