We Bled Together Dominic Price,2017-11-10 There is no crime in detecting and destroying in wartime the spy and informer...I have paid them back in their own coin. - Michael CollinsMichael Collins' development of a formidable intelligence network transformed, for the first time in history, the military fortunes of the Irish against the British. The Dublin Brigade of the IRA was pivotal to this defining strategy. In 1919, Collins formed members of the brigade into two Special Duties Units. They eventually joined to form his 'Squad' of assassins tasked with immobilising British intelligence. Eyewitness testimonies and war diaries lend immediacy and insight to this thrilling account of the daring espionage and killings carried out by both sides on Dublin's streets. Dominic Price reveals how the IRA developed Improvised Explosive Devices, and experimented with chemical weapons in the form of poison gas and infecting water supplies.When the Civil War erupted, the devotion of a significant cohort of the Dublin Brigade to Collins, forged during the darkest of days, was unbreakable. Many of them, identified here for the first time, formed the backbone of the Free State in key intelligence and military roles. While not shying away from the revulsions of the Civil War, neither does Price abandon the brigade's story at its conclusion. As well as revealing the disenchantment of some, who took part in the 1924 army mutiny, he exposes the personal horrors that awaited in peacetime, when psychological trauma was common. This is the stirring and poignant story of the human endeavour and suffering at the core of the Dublin Brigade's fight for Irish freedom.

Quinlan's Film Directors David Quinlan,1999 The enthusiast's essential handy reference to who directed what, with each entry providing a concise summary of the director's career.

The Films of Edgar G. Ulmer Bernd Herzogenrath,2009-05-20 Considered the 'King of Poverty Row,' Edgar G. Ulmer (1904-1972) was an auteur of B productions. A filmmaker with an individual voice, Ulmer made independent movies before that category even existed. From his early productions like The Black Cat (1934) and Yiddish cinema of the late 1930s to his final films of the late 1950s and early 1960s, Ulmer created enduring works within the confines of economic constraints. Almost forgotten, Ulmer was rediscovered first in the 1950s by the French critics of the Cahiers du Cinema and then in the early 1970s by young American directors, notably Peter Bogdanovich. But who was Edgar G. Ulmer? The essays in this anthology attempt to shed some light on the director and the films he created_films that are great possibly because of, rather than despite, the many restrictions Ulmer endured to make them. In The Films of Edgar G. Ulmer, Bernd Herzogenrath has assembled a collection of essays that pay tribute to Ulmer's work and focus not only on his well-known films, including Detour, but also on rare gems such as From Nine to Nine and Strange Illusion. In addition to in-depth analyses of Ulmer's work, this volume also features an interview with Ulmer's wife and an interview Ulmer gave in 1965, in which he comments on actors Bela Lugosi and Boris Karloff, as well as fellow directors Tod Browning and James Whale.
