The Culture of Disbelief Stephen L. Carter, 1994-09-01 The Culture Of Disbelief has been the subject of an enormous amount of media attention from the first moment it was published. Hugely successful in hardcover, the Anchor paperback is sure to find a large audience as the ever-increasing, enduring debate about the relationship of church and state in America continues. In The Culture Of Disbelief, Stephen Carter explains how we can preserve the vital separation of church and state while embracing rather than trivializing the faith of millions of citizens or treating religious believers with disdain. What makes Carter's work so intriguing is that he uses liberal means to arrive at what are often considered conservative ends. Explaining how preserving a special role for religious communities can strengthen our democracy, The Culture Of Disbelief recovers the long tradition of liberal religious witness (for example, the antislavery, antisegregation, and Vietnam-era antiwar movements). Carter argues that the problem with the 1992 Republican convention was not the fact of open religious advocacy, but the political positions being advocated.

Scornflakes Attila (the Stockbroker), 1992 Attila the Stockbroker has travelled the world for ten years, taking his highly individual, very cocktail of energetic performance poetry, hardcore minimalist folk-rock anthems (accompanied by his trusty mandola, Nelson) and surreal political satire from Shoreham Harbour to Sydney Harbour, from Harlow to Helsinki, via Leipzig, Vancouver, Auckland, Amsterdam and Tirana - not to mention Slough! **Scornflakes** is Attila's second book of poems, the follow-up to 1985's *Cautionary Tales for Dead Commuters...* Inspiration by Hilaire Belloc. Clothes sense by The Levellers. Holder of a poetic licence for a minstrel cycle, Attila's other interests include

lugworms, cultivating coriander plants and 'attempting to control the growth of other vegetables, especially Tory C2s'. In Britain, Attila has done substantial work for The Guardian and Radio Four, written for the music press (ha!) and even stranger publications, and made considerable numbers of sporadic and often unlikely radio and TV appearances from John Peel to Pebble Mill. He's a regular at events such as the Edinburgh Fringe and Glastonbury Festival, and performs at every conceivable type of venue - arts centres, rock gigs, poetry festivals, comedy clubs... He has released five LPs in the UK - most recently *Scorn Takes and Donkeys' Years* - and has also had albums issued in Canada, Australia, New Zealand and Germany. His most recent release is an Antipodean CD called *668 - Neighbour of the Beast*. *Scorn Takes* is illustrated with cartoons by Womble.
