Intermediate Accounting, Volume 2 Jerry J. Weygandt, Donald E. Kieso, Irene M. Wiecek, Terry D. Warfield, Bruce J. McConomy, 2022-03-14 Intermediate Accounting, 13th Canadian Edition has always been, and continues to be, the gold standard that helps connect students to the what, the why, and the how of accounting information. Through new edition updates, you will be able to spark efficient and effective learning and inspire and prepare students to be the accounting professionals of tomorrow. To help develop a deeper understanding of course concepts and move beyond basic understanding, students work through a high-quality assessment at varying levels, helping them learn more efficiently and create connections between topics and real-world application. This course also presents an emphasis on decision-making through Integrated Cases and Research and Analysis questions that allow students to analyze business transactions, apply both IFRS and ASPE, and explore how different accounting standards impact real companies. Throughout the course, students also work through a variety of hands-on activities including Data Analytics Problems, Analytics in Action features, Excel templates, and a new emphasis on sustainability, all within the chapter context. These applications help students develop an accounting decision-making mindset and improve the professional judgement and communication skills needed to be successful in the evolving accounting world.

Globalization and International Organizations Edward Kwakwa, 2017-05-15 The last few years have witnessed several significant developments in respect of international organizations, most of which are best encapsulated in the word change. In particular, international organizations have moved from their traditional role of facilitator of the activities of their members, to that of director of their own activities. As a result, there is increased scrutiny over issues relating to the governance, control, accountability and the privileges and immunities of international organizations. These subjects are all the focus of this book. Edward Kwakwa has collected together the best published work by leading authorities in the field on subjects of crucial importance and relevance to international organizations, particularly in the context of today's ever-increasing globalization. This book is of interest to scholars and students of law, as well as government and non-government practitioners and international civil servants.

OECD Public Governance Reviews A Strategic Approach to Public Integrity in Hungary The 2023-25 National Anti-Corruption Strategy and Action Plan OECD, 2023-11-16 This report provides an assessment of Hungary's Draft Medium Term National Anti-Corruption Strategy for 2023-2025 (NACS) and the Action Plan for its implementation. The NACS is one of several steps Hungary is taking to improve its rule of law performance.

Multilateral Cooperation in Tax Law Martin Klok, Katharina Moldaschl, 2023-10-03 An in-depth analysis of various aspects of multilateral cooperation in tax law Tax evasion and aggressive tax planning causing base erosion and profit shifting (BEPS) has been a widely discussed topic among academics and tax policy makers over the past decades. Increasing globalization and digitalization have contributed to the intensification of this issue in recent years. At the same time, states continue to largely insist on their sovereignty in the area of tax law. However, due to their cross-border nature, issues related to BEPS are shared problems among the states and can typically not be solved by a single nation. Therefore, multilateral cooperation represents an option to build a bridge between the states' demand for sovereignty and the problems caused by BEPS. In this regard, the OECD, the UN, and the EU play an important role in introducing international tax standards in an attempt to effectively address tax evasion and aggressive tax planning in many ways. The interaction and cooperation between different international, supranational (EU), and regional organizations is an ongoing process. In this context, the topic Multilateral Cooperation in Tax Law was selected as the general topic for the master's theses of the part-time 2021-23 class of the postgraduate LL.M. programme in International Tax Law at WU (Vienna University of Economics and Business). This volume aims to develop academic insights, provide practical guidance, and enable an in-depth analysis of various aspects of this topic. The book is divided into four parts. The first part deals with a

general overview of the understanding of multilateral cooperation, the background that led to the need for multilateral cooperation and the different stakeholders that play a relevant role in it. While the chapters included in the second part focus on the most important developments on an international level (OECD and UN), the chapters encompassed in the third part analyse the multilateral cooperation initiatives of the EU. Finally, the chapters included in part four deal with selected issues related to multilateral cooperation in tax law, including mutual assistance and exchange of information, dispute resolution mechanisms, and measures in digitalized businesses.

Conflict of interests in high-tech investment advisory Daniel Favoretto, 2024-02-21 What are the potential sources of conflict of interests in investment advisory services and how should the law design legal tools of retail investor protection? These are the questions addressed by this book, which explores the new legal challenges of investor protection in the context of digital investment platforms and genAI advisors. The author analyses the investor protection tools provided by competition law, regulatory and private law frameworks, taking Brazil as case study, where investment advisory experienced a unique market change and a major regulatory reform. This book addresses a worldwide audience and concludes with a set of policy recommendations.

Children in Tourism Communities Marko Koščak, Mladen Knežević, Tony O'Rourke, Tina Šegota, 2024-05-17 This book explores how children living in tourism destinations are particularly susceptible to the impacts of tourism and how they can be included in public policies, programmes and decision-making, focusing particularly on case studies in Europe. *Children in Tourism Communities* argues that for tourism to exercise its regenerative role and encourage sustainable development, it must be inclusive of all voices, especially children who represent the future generation and will soon become adults with the rights and responsibilities for engaging in and delivering tourism activities. The book is based on original, ground-breaking research assessing the views of children regarding tourism, with a specific focus on sustainable tourism and development. It includes discussion on key case study locations including Croatia, India, Ireland, Malta, Serbia and Slovenia, although the themes, issues and practices have relevance in all tourism destinations worldwide. Through child-centred research, the book evaluates the differences between those living in mass tourism destinations and smaller-scale micro tourism areas. It encourages a rethinking of sustainability as a concept and demonstrates how tourism can be utilised as a tool for achieving the Sustainable Development Goals. This will be an important discussion text for students, academics, and instructors in sustainable tourism and development, destination management, culture and heritage, as well as practitioners engaged in continuing professional development in these areas.

Embracing Trust Joanna Weaver, 2022-08-16 Trusting God. It's such a cliché. Yet nothing means more to our heavenly Father than when we surrender our lives completely to him and choose to believe he has our best in mind. David modeled that kind of deliberate dependence: as a shepherd boy, as a man running for his life, as a king who made grave mistakes. In both triumph and failure, David looked to God rather than to himself. In *Embracing Trust*, Joanna Weaver, bestselling author of the runaway hit *Having a Mary Heart in a Martha World*, shares personal stories, practical tips, and life-changing principles gleaned from Scripture. If you struggle with disappointment from the past, frustration with the present, or fear of the future, Joanna invites you to trust in the Lord with all your heart. Relinquishing control and putting your hope in a forever-faithful Father--that's the beautiful secret of unshakeable faith. Includes a 10-week companion Bible study.

Microbial Biotechnology in the Food Industry Faizan Ahmad, *International Tax at the Crossroads* Craig Elliffe, 2023-12-11 In light of the significant transformations affecting international tax in recent years, this book offers in-depth examinations on a series of key issues on the taxation of cross-border transactions. Craig Elliffe brings together a wealth of acclaimed legal academics to consider how the Inclusive Framework (IF) is responding to the ways in which highly digitalised businesses operate.

Playing Games in Nineteenth-Century Britain and America Ann R. Hawkins, Erin N. Bistline, Catherine S. Blackwell, Maura Ives, 2021-11-01 A vital part of daily life in the nineteenth century, games and play were so familiar and so ubiquitous that their presence over time became

almost invisible. Technological advances during the century allowed for easier manufacturing and distribution of board games and books about games, and the changing economic conditions created a larger market for them as well as more time in which to play them. These changing conditions not only made games more profitable, but they also increased the influence of games on many facets of culture. *Playing Games in Nineteenth-Century Britain and America* focuses on the material and visual culture of both American and British games, examining how cultures of play intersect with evolving gender norms, economic structures, scientific discourses, social movements, and nationalist sentiments.

Propaganda and counter-terrorism Emma Briant, 2015-01-01 This book offers a unique account of British and United States government's attempts to adapt their propaganda strategies to global terrorist threats in a post-9/11 media environment. It discusses Anglo-American coordination and domestic struggles that brought in far-reaching changes to propaganda. These changes had implications for the structures of legitimacy yet occurred largely in isolation from public debate and raise questions regarding their governance. The author argues that independent and public reexamination of continuing strategy development is essential for government accountability and the formation of systems and policies that both respect citizens and build constructive foreign relations. The book's themes will appeal to a wide readership including scholars and professionals. It draws on illuminating interviews with high-profile British/US sources including journalists, PR professionals and key foreign policy, defence and intelligence personnel.

OECD/G20 Base Erosion and Profit Shifting Project Pillar One - Amount B Inclusive Framework on BEPS OECD, 2024-02-19 As part of the Two-Pillar Solution to Address the Tax Challenges Arising from the Digitalisation of the Economy agreed by the OECD/G20 Inclusive Framework on BEPS in October 2021, Amount B provides for a simplified and streamlined approach to the application of the arm's length principle to in-country baseline marketing and distribution activities, with a particular focus on the needs of low-capacity countries. Content from the report has now been incorporated into the OECD Transfer Pricing Guidelines.

From Photography to 3D Models and Beyond: Visualizations in Archaeology Donald H. Sanders, 2023-12-21 This book explores the history of visual technology and archaeology and outlines how the introduction of interactive 3D computer modelling to the discipline parallels very closely the earlier integration of photography into archaeological fieldwork.

Ecotoxicology Rachel Ann Hauser-Davis, Thiago Estevam Parente, 2018-05-15 This book presents an integrated discussion on ecotoxicology, containing both general concepts and specific ecotoxicological issues of major biological groups, extending beyond conventional systems. It explores worldwide, regional, and biocompartmentalized topics, bringing forth new points of view on global issues and addressing the increasing diversity and complexity of the ecotoxicological field. It also contains novel information on emerging contaminants, presents bioaccumulation effects on different levels of ecological organization and risk analyses, and discusses novel fields of methodological applications, including key aspects in ecotoxicological and environmental monitoring studies.

Food and Nutrition Security in the Kingdom of Saudi Arabia, Vol. 1 Adam E.

Ahmed,Jameel M. Al-Khayri,Azharia A. Elbushra,2024-01-16 Food and nutrition security is a major concern for Saudi Arabia and the surrounding regions due to the range of challenges they face. These challenges include limited agricultural resources, low self-sufficiency in key food staples, climate change, and high levels of food loss and waste. This book aims to evaluate and analyze the current situation and future prospects of food and nutrition security in Saudi Arabia. Additionally, it seeks to analyze and assess the roles and functions of various institutions related to food security, providing a deeper understanding of the complex problems associated with it. Furthermore, this book aligns with Kingdom Vision 2030, which includes a set of strategies and programs focused on agriculture, food, and water security. It also aligns with the institutional identity of King Faisal University's Food Security and Environmental Sustainability. The book consists of four volumes. Volume 1, entitled National Analysis of Agriculture and Food Security aims to assess the current state of food security in Saudi Arabia, covering key aspects such as agriculture and food resources, food systems, crops, livestock, poultry, fisheries, animal health, food loss and waste, transportation and strategic reserve infrastructure, food security institutions, population, agricultural extension, climate change, agricultural mechanization, smart agriculture, and the utilization of solar energy. This book is highly significant for professionals, researchers, policymakers, and entrepreneurs involved in food and nutrition security in Saudi Arabia, the Gulf Cooperation Council, and various national and international organizations. It offers a comprehensive analysis of the obstacles and possibilities in ensuring food and nutrition security, as well as presenting practical approaches to address these issues. Additionally, graduate students studying in fields related to food and nutrition security will benefit from this book.

The New Megatrends Marian Salzman,2022-05-03 A pioneering forecaster predicts the trends and technologies that will shape global culture and commerce in the next two decades—a must-read guide for business leaders, entrepreneurs, and anyone looking for an edge. “In a world of half-baked hot takes, Marian Salzman is a true seer.”—Andrew Yang A little more than twenty years ago, the Y2K computer glitch threatened to bring the global economy to its knees. But instead of overnight disruption, humankind slipped into two decades of economic turmoil, ecological angst, and tribalism, all set against the backdrop of a newly global and digital civilization. Sometimes the events that seem pivotal are just blips, while the more meaningful cultural shifts are hiding in plain sight. Marian Salzman’s job is to uncover those hidden shifts. So what’s in store for the next two decades? In this acutely observed guide, Salzman, whose past predictions have been heralded for coming uncannily close to the way we live now, unpacks the course of human life from the bumpy turn of the millennium through the pandemic era, when chaos and “together apart” are the new normal, equity has become a battle cry, and breathing space emerged as the greatest luxury of all. Drawing inspiration from John Naisbitt’s classic 1982 book Megatrends, Salzman then turns to the two decades ahead. Navigating deftly among geographies, she connects threads across business, civic life, consumerism, family, and entertainment, revealing the trends and developments—some established, some surprising—poised to recast our past, shape our collective future, and shift our identities. In a world dominated by disruption, being prepared for change is a critical advantage. The New Megatrends is gripping reading for anyone seeking to understand the shape and texture of the next era, which, above all, will be marked by its relentless pace, new technology, and the ever-present threats of climate change and political division.
