The Routledge Companion to Christian Ethics D. Stephen Long, Rebekah L. Miles, 2023-01-01 The Routledge Companion to Christian Ethics brings together two different but related disciplines; the first is contemplative or theoretical, asking what are the beliefs or doctrines that characterize Christianity, whilst the second is practical, asking what are the ethical practices that attend its teachings. The movement between the theoretical and practical aspects is not, however, one way, as doctrine and life are mutually informing. In this comprehensive volume, leading scholars address key topics, problems and debates in this hotly debated topic within a truly global context. Comprising over 35 chapters by a team of international contributors, the handbook is divided into three parts based on the three persons of the Trinity: God the Father, God the Son, and God the Holy Spirit. Within these sections, cutting-edge issues are examined, including: God and genetics War, peace, and violence White supremacy Creation and sexuality Digital ethics Transgender studies Climate change Immigration and refugees Adopting a practical approach that must consider new concerns that have arisen with recent social, political, and cultural shifts, *The Routledge Companion to Christian Ethics* is essential reading for students and researchers in Christian ethics, religious ethics and Christianity studies. The handbook will also be very useful for those in related fields such as ethics and philosophy.

Leveraging Mobile Media Valerie Feldmann, 2006-03-30 Mobile communications and next generation wireless networks emerge as new distribution channels for the media. This development offers exciting new opportunities for media companies: the mobile communication system creates new usage contexts for media content and services; the social use of mobile communications suggests that identity representation in social networks, impulsive access to trusted media brands, and micro-coordination emerge as new sources of value creation in the media industries. In the light of this background, this book takes two different viewpoints on the development of mobile media: from a competitive strategy point of view it analyzes the extension of cross-media strategies and the emergence of cross-network strategies; from a public policy point of view it develops demands and requirements for an innovation policy that fosters innovation in mobile media markets.

Jesus the Everlasting Hope of Humankind Don Elijah Eckhart, 2018-09-17 Jesus the Everlasting Hope of Humankind: Biblical Theology Prompted by Visions and Dreams from the Holy Spirit begins with a vision that came to Don Eckhart of two persons: one a Spirit-filled Christian and the other in the lake of fire. The vision depicts Jesus saving the desperate one crying out for mercy. Eckhart enrolled in seminary where he studied the Bible and the history of Christian theology, especially eternal punishment, a topic seldom examined since Augustine in the fifth century. Uniquely unfolding in the book are visions and dreams prompting an insightful study of Scripture and a biblical theology developed as the hope of Christ-mediated salvation for all. The effects are far-reaching but not complicated. This coherent theology includes afterlife correction and purification for nonbelievers, as well as for believers who never fully devoted to Jesus Christ. This purification compares to Catherine of Genoa's vision in the early sixteenth century. The book demonstrates how God's desire that all be saved can be accomplished according to Scripture. God's sovereignty and human free will coalesce, as every tongue joyfully confesses that Jesus Christ is Lord. The Good News may be even better than we thought!

Finding God in Sin City Richard Brodhagen, 2006-06-01 Sinful human depravity flourishes underneath the bright lights of Las Vegas. In a town where the

Seven Deadly Sins govern business can any man's faith survive in a modern day Sodom and Gomorrah? For most this would be the last place that a person would go to look for God. But for author Richard Brodhagen, Sin City is where God found him. In *Finding God in Sin City* Richard Brodhagen goes through a journey that takes him into the worlds of Atheism, Agnosticism, Paganism, Buddhism, Islam, Mormonism, Protestantism, and then finally Catholicism. This book will not only cover one man's conversion from Atheism to Catholicism, it will also guide any Christian to a deeper understanding of their faith. Through the use of Sacred Scripture and the writings of the early Church Fathers, this book will introduce you to the world of Catholic Apologetics. No matter where you are on your journey of faith, *Finding God in Sin City* will strengthen your beliefs with the universal language of truth. As Richard Brodhagen found on his journey, if God can be found in Sin City, He can be found anywhere.

Incorporating Children in Worship Michelle A. Clifton-Soderstrom, David Bjorlin, 2014-06-18 Incorporating children in worship is a powerful and overlooked mark of God's kingdom. This book argues that children's full participation in worship signifies not only a vibrant, faithful communion but also offers a critical window into the Spirit's work of linking the church to Christ. Children have a vocation in worship. They embody the theological virtues in distinct ways that enrich the worship of the whole church. Moreover, incorporating children reflects the difference in unity that is God's triune life. Receiving children in their difference moves the worshipping body toward the telos of worship--glorification of God and sanctification of humanity--and habituates the worshipping body to incorporate other, often more threatening, kinds of difference.

The Word of a Humble God Karen R. Keen, 2022-10-06 "Scripture is a spring of life-giving, life-altering truth, but when we don't understand how and why it came to us, we end up misusing it." How did we get the Bible? And why does it matter? History reveals that Scripture can be used for both life-giving and destructive purposes. Discovering the Bible's origins makes all the difference for fostering redemptive interpretation of Scripture. Bringing together both historical criticism and theology, this investigation examines ancient scribal culture through the lens of faith. What we find is a divine-human collaboration that points to the character of God and the value of human agency. In this concise presentation of a breadth of scholarship usually only found across multiple volumes, Karen Keen offers a vital introduction to the material origins of the Bible, theories of inspiration, and the history of biblical interpretation--with reflections on what this all means for us as we read Scripture today. Through the ins and outs of these important topics, and with the aid of thought-provoking questions and learning activities at the end of each chapter, Keen argues that the Bible and its origins reveal a humble God who invites us to imitate that humility--a humility that is itself the most powerful antidote to the misinterpretation and abuse of Scripture.

Cosmic Prayer and Guided Transformation Robert Govaerts, 2012-08-29 This book presents a realistic and thoroughly spiritual outlook upon the entire created reality. It lets us envisage that various created entities are participant in a relationship with God that becomes increasingly one of an intimate personal quality; that is, a relationship of love. It thus invites discernment that the universal reality is valuable in its own right and not only as a good for the use of humanity. Drawing mainly upon Scripture, ancient writers (especially Maximus the Confessor), as well as contemporary natural sciences, this book encourages the reader to perceive human salvation not as a lifting of humanity out of creation, but as a transformation into God's presence in the midst of the wider created order. It shows that Christian faith at its best does not exclude the wider creation but provides us with insight and hope for a harmonious being-in-God that is inclusive of creation. It shows that Christian faith can be a resource that helps overcome

the ecological crisis.

Ordinary Christians, Extraordinary Signs Steve Dawson, Mark Hornbacher, 2019-04-10 This book is a practical, encouraging guide for “the rest of us”: Catholic parents that want to impart the faith to their children but aren’t quite sure where to start. Topics include leading by example, having conversations about faith, reading the Bible as a family, learning about the Saints, praying together, learning what the Mass means, celebrating special/feast days and liturgical seasons (Advent, Lent), and finding community with other Catholic families. Tommy and Karen emphasize that this a doable task and, with humor, let the reader know that there will be plenty of “fails” along the way but not to give up trying to develop a faith-filled family life.

The Roman World from Romulus to Muhammad Greg Fisher, 2021-09-21 This volume provides a detailed examination of nearly 1,400 years of Roman history, from the foundation of the city in the eighth century BC until the evacuation of Roman troops from Alexandria in AD 642 in the face of the Arab conquests. Drawing on a vast array of ancient texts written in Latin, Greek, Syriac, Armenian, and Arabic, and relying on a host of inscriptions, archaeological data, and the evidence from ancient art, architecture, and coinage, *The Roman World from Romulus to Muhammad* brings to the fore the men and women who chronicled the story of the city and its empire. Richly illustrated with 71 maps and 228 illustrations—including 20 in colour—and featuring a detailed glossary and suggestions for further reading, this volume examines a broad range of topics, including ancient climate change, literature, historiography, slavery, war and conquest, the development of Christianity, the Jewish revolts, and the role of powerful imperial women. The author also considers the development of Islam within a Roman historical context, examines the events that led to the formation of the post-Roman states in Western Europe, and contemplates affairs on the imperial periphery in the Caucasus, Ethiopia, and the Arabian Peninsula. Emphasising the voices of antiquity throughout, *The Roman World from Romulus to Muhammad* is an invaluable resource for students and scholars interested in the beguiling history of the world’s most famous empire.

Entertaining Judgment Greg Garrett, 2015 Nowadays references to the afterlife—angels strumming harps, demons brandishing pitchforks, God enthroned on heavenly clouds—are more often encountered in New Yorker cartoons than in serious Christian theological reflection. Speculation about death and its sequel seems to embarrass many theologians; however, as Greg Garrett shows in *Entertaining Judgment*, popular culture in the U.S. has found rich ground for creative expression in the search for answers to the question: What lies in store for us after we die? The lyrics of Madonna, Los Lonely Boys, and Sean Combs; the plotlines of TV’s *Lost*, *South Park*, and *The Walking Dead*; the implied theology in films such as *The Dark Knight*, *Ghost*, and *Field of Dreams*; the heavenly half-light of Thomas Kinkadee’s popular paintings; the ghosts, shades, and after-life way-stations in *Harry Potter*; and the characters, situations, and locations in the *Hunger Games* saga all speak to our hopes and fears about what comes next. In a rich survey of literature and popular media, Garrett compares cultural accounts of death and the afterlife with those found in scripture. Denizens of the imagined afterlife, whether in heaven, hell, on earth, or in purgatory, speak to what awaits us, at once shaping and reflecting our deeply held—if often somewhat nebulous—beliefs. They show us what rewards and punishments we might expect, offer us divine assistance, and even diabolically attack us. Ultimately, we are drawn to these stories of heaven, hell, and purgatory—and to stories about death and the undead—not only because they entertain us, but because they help us to create meaning and to learn about ourselves, our world, and, perhaps, the next world. Garrett’s deft analysis sheds new light on what popular culture can tell us about the startlingly sharp divide between what modern people profess to believe and what they truly hope and expect to find

after death--and how they use those stories to help them understand this life.

The Substance of Our Faith Douglas A. Sweeney, 2023-10-24 Doctrine is central to Christian discipleship and maturity. Unfortunately, it is often sidelined in churches' teaching ministry as irrelevant or impractical. Countering this, leading church historian Douglas Sweeney defines doctrine as church teaching intended for the shaping of daily faith and practice. The Substance of Our Faith addresses introductory issues in the study and application of historical doctrine, incorporating a unique global and catholic perspective. It addresses the Spirit's role in the rise of doctrine in the early church, the authority of Scripture and tradition in the development of doctrine, the challenges of doing global historical theology, the nature and purpose of doctrine, and implications for teaching the faith today. Specifically, Sweeney advocates that those who teach the Christian faith in all churches do so in communion with the saints who have come before. A future volume by the author will narrate the actual history of doctrinal teaching around the world.

Saints Dawn Marie Beutner, 2020-05-06 Since Jesus told us to be perfect, and Vatican Council II emphasized a universal call to holiness for all Christians, how do we learn to do that? One great way is to learn from and pray with the saints of the Catholic Church. We can follow in the footsteps of the ordinary Catholic men and women who fought the good fight to be holy until the end of their lives - and won that fight. The saints have been the inspiration of faithful Catholics for hundreds of years because they show us what it looks like to follow Jesus Christ despite countless challenges and obstacles. This unique book contains short biographies of multiple saints for every day of the year, including an intercessory prayer to each saint. This helps the reader to learn about, and pray with, the numerous saints of the Church, the communion of saints whose personalities and challenges often resonate with our own. This collection also provides wonderful resource information to learn more about individual saints, inspiring quotes from saints, and detailed explanations of Catholic terms that often befuddle us. The saints in this collection come from every period in history, countries, age ranges, and vocations. They show us that holiness truly is a path open to all who seek to follow Jesus Christ. By reading about the lives of the saints each day, we can learn how to apply their life lessons to our own daily challenges. By praying daily for their help, we can ask for their spiritual help and wisdom - and point ourselves toward Heaven, where we hope to spend eternity with God.

The Bond of Peace Graham Tomlin, Nathan Eddy, 2021-08-19 Churches vary a great deal - but can we see past all their differences to what underlies them? 'Generous orthodoxy' is a phrase that describes a Christianity both broad and deep, rooted in the historic creeds and embracing different expressions of Christian faith. The Bond of Peace is a ground-breaking, creative and practical exploration of what generous orthodoxy really means, and how expressing it might bring about a sense of unity in the church that is badly needed in our fractured and polarised world. Drawing together leading theologians from the UK and the USA - including David Ford, Katherine Sonderegger, Willie Jennings, Tom Greggs, JKA Smith and Jane Williams - The Bond of Peace offers reflections on how generous orthodoxy can be expressed through everything from worship and preaching to biblical theology, the arts and more. Based around a series of lectures held at St Mellitus College, and sponsored by the McDonald Agape Foundation, this timely book is essential reading for anyone interested in how the Christian Church can bridge the gap between denominations to negotiate the challenges of our 21st century world in a united manner. It will leave you, not only with a deeper understanding of generous orthodoxy, but the practical confidence to celebrate and embrace the differences in Christian denominations so we can all live together more joyfully - through the transforming and renewing work of the Holy Spirit.

Practicing Ministry in the Presence of God John Jefferson Davis, 2015-07-13
Practicing Ministry in the Presence of God presents a new paradigm for church ministry—one that is based on fundamental truths of the Christian faith such as the Trinity, union with Christ, and the already presence of the Holy Spirit in the church. This new paradigm can help busy pastors avoid burnout in the ministry and model Trinitarian, New Testament patterns of ministry to their people. Practicing Ministry in the Presence of God reflects the best of recent New Testament scholarship, sensitivity to the contexts of globalized postmodern cultures dominated by digital media, and practical applications for Christian life, discipleship, worship, and mission.

Imaging Pilgrimage Kathryn Barush, 2021-07-29 Winner of the American Academy of Religion's Borsch-Rast Prize. An Oxford Alumni Book of the Month pick While place-based pilgrimage is an embodied practice, can it be experienced in its fullness through built environments, assemblages of souvenirs, and music? Imaging Pilgrimage explores contemporary art that is created after a pilgrimage and intended to act as a catalyst for the embodied experience of others. Each chapter focuses on a contemporary artwork that links one landscape to another—from the Spanish Camino to a backyard in the Pacific Northwest, from Lourdes to South Africa, from Jerusalem to England, and from Ecuador to California. The close attention to context and experience allows for popular practices like the making of third-class or contact relics to augment conversations about the authenticity or perceived power of a replica or copy; it also challenges the tendency to think of the “original” in hierarchical terms. The book brings various fields into conversation by offering a number of lenses and theoretical approaches (materialist, kinesthetic, haptic, synesthetic) that engage objects as radical sites of encounter, activated through religious and ritual praxis, and negotiated with not just the eyes, but a multiplicity of senses. The first full-length study to engage contemporary art that has emerged out of the embodied experience of pilgrimage, Imaging Pilgrimage is an important and timely addition to the field of material and visual culture of religion. It is essential reading for anyone interested in pilgrimage studies, material culture, and the place of religion within contemporary art.

On Being in the Middle W. J. de Kock, 2024-04-11 In our world, there's a lack of clear middle ground. It's a divided place, with political affiliations drawing lines between the left and the right. Being in the middle is challenging; our allegiances are pulled in different directions, making it isolating and overwhelming to navigate life's complexities. But we live from the middle—between birth and death, between events, important dates, and between stability and change. In this uncertain space, we face existential questions about identity, the meaning of life, our purpose, and our place in the world. This is the domain of theology. Traditionally, theology attempts to answer these questions from the top down, declaring dogmas as absolute truths to remove the uncertainties. However, unexamined answers can become oppressive, stifling vitality, and can even become tyrannical—answers of the left or the right. This book suggests a different approach: doing theology from the inside out and from the bottom up, starting with sacred questions instead of rehearsed answers. We don't expect that the answers we come to will be final. However, we expect to find God in the middle. Theology is the practice of the presence of God, where we integrate our love and knowledge of God to live wisely in a divided world.

Tongues of Fire Frank D. Macchia, 2023-03-28 In this volume, Frank Macchia offers a systematic theology written with Christ's outpouring of the Holy Spirit from the heavenly Father at Pentecost as its dominant motif. Christ's death and resurrection provide for our reconciliation with God and make way for the Spirit, for the divine overflowing onto all flesh. The church is born in the grace of that overflowing. From the abundance of this divine self-giving spring forth many different tongues aflame with the church's praise and witness. This systematic theology seeks to join and further guide these tongues in their diverse contexts by reflecting in a coherent fashion across the spectrum of Christian doctrine. The first three chapters offer an extensive treatment of modern approaches to theology. Subsequent chapters explore all of the major topics of importance to theology historically. This is theology written from a Pentecostal interest, yet seeking to speak beyond it to a larger ecumenical horizon.

American Theological Inquiry, Volume Three, Issue One Gannon Murphy, 2010-01-15 American Theological Inquiry (ATI) reaches thousands of Christian scholars, clergy, and other interested parties, primarily in the U.S. and U.K. The journal was formed in 2007 by Gannon Murphy (PhD Theology, Univ. Wales, Lampeter; Presbyterian/Reformed) and Stephen Patrick (PhD Philosophy, Univ. Illinois; Eastern Orthodox) to open up space for Christian scholars who affirm the Ecumenical Creeds to contribute research throughout the broader Christian scholarly community in America and the West. The purpose of ATI is to provide an inter-tradition forum for scholars who affirm the historic Ecumenical Creeds of Christendom to constructively communicate contemporary theologies, developments, ideas, commentaries, and insights pertaining to theology, culture, and history toward reforming and elevating Western Christianity. ATI seeks a critical function as much or more so as a quasi-ecumenical one. The purpose is not to erase or weaken the distinctives of the various ecclesial traditions, but to widen the dialogue and increase inter-tradition understanding while mutually affirming Christ's power to transform culture and the importance of strengthening Western Christianity with special reference to Her historic, creedal roots. Theologians, would-be theologians, and the theologically attentive will want to check out American Theological Inquiry. ~ Richard John Neuhaus (1936-2009), First Things
