Mapping Arab Women's Movements Pernille Arenfeldt, Nawar Al-Hassan Golley, 2012 This pioneering collection of analyses focuses on the ideologies and activities of formal women's organizations and informal women's groups across a range of Arab countries. With contributions on Syria, Jordan, Lebanon, Palestine, Iraq, Egypt, Kuwait, the United Arab Emirates, Yemen, and the Arab diaspora in the United States, Mapping Arab Women's Movements contributes to delineating similarities and differences between historical and contemporary efforts toward greater gender justice. The authors explore the origins of women's movements, trace their development during the past century, and address the impact of counter-movements, alliances, and international collaborations within the region and beyond, providing accessible accounts for scholars and others interested in the Middle East and in women's movements in other settings.

IIMA - Economic Sutra Satish Y. Deodhar, 2024-03-21 A general perception exists that ancient Indian literature on economic matters is fatalistic and an admixture of sacred and secular thoughts. Economic Sutra provides a comprehensive perspective on the elements of Indian economic thought leading up to and after the Arthashastra. Economic Sutra is a perception-correction initiative to distil the Indian mind in the realm of economic thoughts and behaviour as brought out by the ancient Indian authors. It highlights the broader spread of economic ideas both prior to and sometime after Kautilya, giving insights into the purpose, actions and vision of our forefathers.

De Valera and Roosevelt Bernadette Whelan, 2020-12-10 Offers the first comprehensive study of the diplomatic relationship between America and Ireland in the 1930s.

Plan B Cormac Lucey, 2014-03-28 The political establishment would have you believe that Ireland's economic crisis is over. But leading Irish economist Cormac Lucey shows that it is premature to declare an end to the euro-crisis. He argues that joining the single currency was the pivotal cause of Ireland's economic bust and it is also the single biggest threat to its recovery. Plan B proposes a concrete plan for exiting the euro and restructuring Ireland's debt mountains, showing that fears of what will happen if Ireland leaves the euro are overstated. It will set Ireland on a path to higher economic growth, lower emigration and a more sustainable future. If you are tired of hearing that Plan A is the only game in town - another difficult budget, meagre economic growth, high unemployment, mass emigration and staggeringly high debt - read Plan B and be reassured there is an alternative.

Corruption in International Business Sharon Eicher, 2016-05-13 It is common practice to assume that business practices are universally similar. Business and social attitudes to corruption, however, vary according to the wide variety of cultural norms across the countries of the world. International business involves complex, ethically challenging, and sometimes threatening, dilemmas that can involve political and personal agendas. Corruption in International Business presents a broad range of perspectives on how corruption can be defined; the responsibilities of those working for publicly

traded companies to their shareholders; and the positive influences that corporations can have upon combating international corruption. The authors differentiate between public and private sector corruption and explore the implications of both, as well as methods for qualifying and quantifying corruption and the challenges facing policy makers, legal systems, corporations, and NGOs, as they seek to mitigate the effects of corruption and enable cultural and social change.

Why House Price Indexes Differ Mick Silver, 2012-05-01 A key element in the build-up to the global recession and subsequently was the movement in house price indexes (HPIs). These indexes are particularly prone to methodological and coverage differences which can undermine both within-country and cross-country economic analysis. The paper outlines key measurement issues and reports on empirical work using an international panel data set that (i) considers whether differences in HPI measurement matter and, if so, in what way, and (ii) revisits the measurement of global house price inflation and the modeling of the determinants of house price inflation using HPIs corrected for differences in measurement practice.

Teaching Music takes up important aspects of the art of music teaching ranging from organization to serving as conductor to dealing with the disconnect between the ideal of university teaching and the reality in the classroom. Writing for both established teachers and instructors on the rise, Estelle R. Jorgensen opens a conversation about the life and work of the music teacher. Although grounded in the practical realities of music teaching, Jorgensen urges music teachers to think and act artfully, imaginatively, hopefully, and courageously toward creating a better world.

The Truth According to Us Annie Barrows, 2015-06-09 NEW YORK TIMES BESTSELLER • From the co-author of *The Guernsey Literary and Potato Peel Pie Society* comes a wise, witty, and exuberant novel, perfect for fans of Lee Smith, that illuminates the power of loyalty and forgiveness, memory and truth, and the courage it takes to do what's right. Annie Barrows once again evokes the charm and eccentricity of a small town filled with extraordinary characters. Her new novel, *The Truth According to Us*, brings to life an inquisitive young girl, her beloved aunt, and the alluring visitor who changes the course of their destiny forever. In the summer of 1938, Layla Beck's father, a United States senator, cuts off her allowance and demands that she find employment on the Federal Writers' Project, a New Deal jobs program. Within days, Layla finds herself far from her accustomed social whirl, assigned to cover the history of the remote mill town of Macedonia, West Virginia, and destined, in her opinion, to go completely mad with boredom. But once she secures a room in the home of the unconventional Romeyn family, she is drawn into their complex world and soon discovers that the truth of the town is entangled in the thorny past of the Romeyn dynasty. At the Romeyn house, twelve-year-old Willa is desperate to learn everything in her quest to acquire her favorite virtues of ferocity and devotion—a search that leads her into a thicket of mysteries, including the questionable

business that occupies her charismatic father and the reason her adored aunt Jottie remains unmarried. Layla's arrival strikes a match to the family veneer, bringing to light buried secrets that will tell a new tale about the Romeyns. As Willa peels back the layers of her family's past, and Layla delves deeper into town legend, everyone involved is transformed—and their personal histories completely rewritten. Praise for *The Truth According to Us* "As delightfully eccentric as Guernsey yet refreshingly different . . . an epic but intimate family novel with richly imagined characters . . . Willa's indomitable spirit, keen sense of adventure and innate intelligence reminded me of two other motherless girls in literature: Scout Finch in Harper Lee's *To Kill a Mockingbird* and Flavia de Luce in Alan Bradley's big-hearted British mystery series."—*The Washington Post* "The Truth According to Us has all the characteristics of a great summer read: A plot that makes you want to keep turning the pages; a setting that makes you feel like you're inhabiting another time and place; and characters who become people you're sad to leave behind—and thus who always stay with you."—*Miami Herald* "It takes a brave author to make the heroine of a new novel an observant and feisty girl . . . like Scout Finch in *To Kill a Mockingbird*. . . . But Barrows . . . has created a believable and touching character in Willa."—*USA Today* "[A] heartwarming coming-of-age novel [that] sparkles with folksy depictions of a tight-knit family and life in a small town . . . full of richly drawn, memorable characters."—*The Seattle Times* "A big, juicy family saga with warm humor and tragic twists . . . The story gets more and more absorbing as it moves briskly along."—*St. Louis Post-Dispatch* "Annie Barrows leaves no doubt that she is a storyteller of rare caliber, with wisdom and insight to spare. Every page rings like a bell."—Paula McLain, author of *The Paris Wife*
