The Buddhist Philosophy of the Middle David Seyfort Ruegg,2010-04-10 Madhyamaka, the philosophy of the middle, systematized the Buddha's fundamental teaching on no-self with its profound non-essentialist reading of reality. Founded in India by Nagarjuna in about the second century CE, Madhyamaka philosophy went on to become the dominant strain of Buddhist thought in Tibet and exerted a profound influence on all the cultures of East Asia. Within the extensive Western scholarship inspired by this school of thought, David Seyfort Ruegg's work is unparalleled in its incisiveness, diligence, and scope. The Buddhist Philosophy of the Middle brings together Ruegg's greatest essays on Madhyamaka, expert writings which have and will continue to contribute to our progressing understanding of this rich tradition.

Action Dharma Christopher S. Queen,Charles S. Prebish,Damien Keown,2003 These essays chart the emergence of a new chapter in an ancient faith - the rise of social service and political activism in Buddhist Asia and the West. Engaged Buddhists have sought new ways to comfort society's oppressed communities.

Jordan and the Dreadful Golem Karen Goldman,2013-11-01 The children of the Israeli town of Keshet are born with the ability to bend nature to their will and 13-year-old Jordan has just discovered his gift of the power to transform into water. All of Jordan's friends have unique powers: Noam can alter cloud formations, Ellah can spin webs, and little Eden can create the strange animals she sees in her dreams. No one knows the source of these powers except, perhaps, Miss Sara, the mysterious town matriarch who helps the children find and control their talents using Kabbalah and other mystical teachings from Israel's forgotten past. However, someone has discovered the secret of the children of Keshet, and wants to use their powers for his own sinister purposes. To prevent such a disaster, Jordan and his friends must use their gifts to defeat an enemy who wields the power to erase the line between the living and the dead. Incorporating Jewish mythology and referencing various practices of Judaism, this book is a tale of friendship and the power of teamwork in the face of adversity.

Unconventional Flying Objects Hill, Paul R.,2014-06-01 Paul Hill was a well-respected NASA scientist when, in the early 1950s, he had a UFO sighting. Soon after, he built the first flying platform and was able to duplicate the UFO's tilt-to-control maneuvers. Official policy, however, prevented him from proclaiming his findings. I was destined, says Hill, to be as unidentified as the flying objects. For the next twenty-five years, Hill acted as an unofficial clearinghouse at NASA, collecting and analyzing sightings' reports for physical properties, propulsion possibilities, dynamics, etc. To refute claims that UFOs defy the laws of physics, he had to make technological sense... of the unconventional object. After his retirement from NASA, Hill finally completed his remarkable analysis. This book, published posthumously, presents his findings that UFOs obey, not defy, the laws of physics. Vindicating his own sighting and thousands of others, he proves that UFO technology is not only explainable, but attainable.

Covenants Book Four an End Times Guide to Ets, Aliens, Gods & Angels: Who's Who in the Cosmic Zoo? Ella Lebain, 2018-03-30 COVENANTS - Book Four of the Who's Who in the Cosmic Zoo? series, A Guide to ETs, Aliens, gods and Angels, discusses the impact Disclosure of Alien and Extraterrestrial Life will have on Religion and the Church. It connects the dots to ancient history and End Times Prophecies, while exposing many heresies and cover-ups along the way. It discerns between actual historical facts from the lies that were spun to purport political agendas of mind control. The disclosure of the alien presence and extraterrestrial life here on earth need not shatter anyone's faith in the Creator God, on the contrary it should expand and strengthen it. This book is a guide towards transforming the old paradigm into preparation for the final chapter of End Times Prophecies, so earth humans can walk through it awakened and restored back into right relationship with the Creator God while being empowered with the knowledge to identify the cast of characters that have long been prophesied to play out the End Game of the end of this Age. This Earth is where Heaven and Hell meet, sandwiched between two kingdoms with clashing ideologies, the middle ground of an extraterrestrial and spiritual war. COVENANTS discerns and unpacks the spiritual legal ground established between the clash of these two kingdoms on earth. A covenant is an agreement, or contract, undertaken between two or more individuals, with each understanding the terms. We have forgotten some of the terms under which we covenant with our Creator while living on earth. We can see evidence of this clash of two kingdoms through human behavior, thoughts, and spirits. It is our destiny to exercise our free will as to which kingdom we belong: The Draconian Kingdom of Darkness and Enslavement, or the Kingdom of Heaven of Light, Love and Grace. COVENANTS lances the boils of racism and anti-Semitism on our planet, by addressing the root causes of our inability to live in peace and cooperation with each other. Book Four exposes the alien agenda for what it is, and how it all fits into the ancient End Times Prophecies written down over two to three thousand years ago. Many people suffer from depression, and hopelessness about the meaning of life. There are approximately 3 billion Christians in the world, and most of them have been put under a powerful spell through the Church of Rome's indoctrination, not to question anything. It's time to question everything and discern truth from lies within the Hebrew Scriptures. Too many people have suffered unnecessarily because of the cover ups of these truths. The truths the author discloses herein, takes you on a journey through history, ancient scriptures, exopolitics and whistleblowers, proving the roots of racism, prejudice, and social injustices began with the ancient aliens' battle of their genetic warfare over humankind. The author also points you towards the direction for the solution, a solution that is offered to all of humankind at this time, and is therefore, without prejudice, but is waiting for you to claim.

The War on the West Douglas Murray, 2022-04-26 An Instant New York Times Bestseller! China has concentration camps now. Why do Westerners claim our sins are unique? It is now in vogue to celebrate non-Western cultures and disparage Western ones. Some of this is a much-needed reckoning, but much of it fatally undermines the very things that created the greatest, most humane civilization in the world. In *The War on the West*, Douglas Murray shows how many well-meaning people have been fooled by hypocritical and inconsistent anti-West rhetoric. After all, if we must discard the ideas of Kant, Hume, and Mill for their opinions on race, shouldn't we discard Marx, whose work is peppered with racial slurs and anti-Semitism? Embers of racism remain to be stamped out in America, but what about the raging racist inferno in the Middle East and Asia? It's not just dishonest scholars who benefit from this intellectual fraud but hostile nations and human rights abusers hoping to distract from their own ongoing villainy. Dictators who slaughter their own people are happy to jump on the "America is a racist country" bandwagon and mimic the language of antiracism and "pro-justice" movements as PR while making authoritarian conquests. If the West is to survive, it must be defended. *The War on the West* is not only an incisive takedown of foolish anti-Western arguments but also a rigorous new apologetic for civilization itself.

Chthon Piers Anthony, 2014-07-01 A Nebula and Hugo Award Finalist: The first novel by the New York Times–bestselling author of the Xanth series. Chthon was Piers Anthony's first published novel in 1967, written over the course of seven years. He started it when he was in the US Army, so it has a long prison sequence that is reminiscent of that experience, being dark and grim. It features Aton Five, a space man who commits the crime of falling in love with the dangerous, alluring Minionette and is therefore condemned to death in the subterranean prison of Chthon. It uses flashbacks to show how he came to know the Minionette, and flash-forwards to show how he dealt with her after his escape from prison. The author regards this as perhaps the most intricately structured novel the science fantasy genre has seen.

Kentucky's Governors Lowell H. Harrison, 2021-11-21 Compiled and edited by Lowell H. Harrison, the essays in *Kentucky's Governors* profile every chief executive of the Bluegrass State from eighteenth-century governor Isaac Shelby to Ernie Fletcher. First published in 1985, this edition of *Kentucky's Governors* is expanded and revised to include governors Wilkinson, Jones, Patton, and Fletcher, as well as new information on respected figures such as Louie B. Nunn. An introduction by Kentucky's historian laureate, Thomas D. Clark, provides key insights into successive governors' evolving constitutional powers and their changing roles in political debates and policy formation. Following Clark's overview, each chapter presents significant biographical information while detailing the campaign, election, achievements, strengths, and weaknesses of each governor. To aid in further research, each contributor lists several suggested sources, both primary and secondary, for additional investigation into the lives and careers of Kentucky's leaders. A thorough index is also included to facilitate reference within this updated and revised edition. The profiles in *Kentucky's Governors* give insights into each leader's engagements with economic development, education, agriculture, and taxes, issues that have helped define two hundred years of history in the Bluegrass State.
