Dawnland Voices Siobhan Senier, 2014-07-23 *Dawnland Voices* calls attention to the little-known but extraordinarily rich literary traditions of New England's Native Americans. This pathbreaking anthology includes both classic and contemporary literary works from ten New England indigenous nations: the Abenaki, Maliseet, Mi'kmaq, Mohegan, Narragansett, Nipmuc, Passamaquoddy, Penobscot, Schaghticoke, and Wampanoag. Through literary collaboration and recovery, Siobhan Senier and Native tribal historians and scholars have crafted a unique volume covering a variety of genres and historical periods. From the earliest petroglyphs and petitions to contemporary stories and hip-hop poetry, this volume highlights the diversity and strength of New England Native literary traditions. *Dawnland Voices* introduces readers to the compelling and unique literary heritage in New England, banishing the misconception that "real" Indians and their traditions vanished from that region centuries ago.

The Cambridge Companion to the Aegean Bronze Age Cynthia W. Shelmerdine, 2008-08-04 This book is a comprehensive up-to-date survey of the Aegean Bronze Age, from its beginnings to the period following the collapse of the Mycenaean palace system. In essays by leading authorities commissioned especially for this volume, it covers the history and the material culture of Crete, Greece, and the Aegean Islands from c.3000–1100 BCE, as well as topics such as trade, religions, and economic administration. Intended as a reliable, readable introduction for university students, it will also be useful to scholars in related fields within and outside classics. The contents of this book are arranged chronologically and geographically, facilitating comparison between the different cultures. Within this framework, the cultures of the Aegean Bronze Age are assessed thematically and combine both material culture and social history.

The Mammoth Book Of Warriors and Wizardry Sean Wallace, 2014-09-18 A stellar collection of short fantasy fiction from authors who have made an impact over the last decade, along with some bestselling favourites. These stories of life-and-death struggles and magical force, used for good and evil, by Elizabeth Bear, Jay Lake, Tanith Lee, K. J. Parker, Carrie Vaughn and many others provide thrills and entertainment aplenty.

Kevin Courageous Chuck Mansfield, Mary Ann Mansfield, 2020-03-26 The authors conceived of this work following the tragic illness that befell their second grandson, Kevin Sean Mansfield, in 2018. Doctors and nurses worked feverishly to determine what had afflicted Kevin, then 18, but they and Kevin's parents did not know the cause of his possibly life-threatening condition. Finally, tests confirmed that Kevin had suffered initially from a strain of influenza that morphed into encephalitis, a potentially deadly swelling or inflammation of the brain - only the second such case reported in the United States! Unconscious and unresponsive, Kevin lay comatose for eight days. While the medical personnel attending him were not confident he would survive, it was day-to-day and minute-to-minute with Kevin's mother never leaving his hospital room for six weeks. After three weeks, Kevin, with his dedicated mother by his side, opened his eyes and emerged from the coma. This is the rest of the story.

Two Rivers Zoe Saadia, 2013-07-07 Having survived the failed raid on the enemy lands, Tekeni had no illusions. He was nothing but an enemy cub, adopted into one of the clans, but not accepted, never for real. To fit in was difficult, to run away - impossible. To get into trouble, more often than not,

was the only available option. They did not expect anything else from him, anyway. However, when a meaningless row during a ballgame grew out of proportion, resulting in a fight, Tekeni has found himself in a truly grave trouble. Neither he nor anyone else could have foreseen the chain of events the consequences of this fight would release, when the highly esteemed but controversial Two Rivers decided to help Tekeni out. Two Rivers was a strange person with unacceptable notions and ideas. He maintained that to war on and on was a mistake of disastrous consequences. He went as far as suggesting a negotiation of peace with some of the neighboring nations. Even Tekeni, the despised enemy, thought such ideas to be far-fetched and wild. And yet... With their trouble mounting and the revengefulness of some people around them growing, both Tekeni and Two Rivers find themselves pushed beyond limits.

Sex, Lies and Two Hindu Gurus Karen Jonson,2014-09-01 When she joined a spiritual organization in an attempt to regain control of her life, Karen Jonson had no clue that she would one day become a Hindu nun living in the US ashram of two men she called her gurus. She certainly never guessed that both of them would turn out to be conmen and that she would expose their dark secrets to the world. But that is exactly what happened. Her mission led her in several directions - including approaching an investigative reporter and an FBI agent, organizing a group of ex-devotees to support the gurus' victims, sharing insider information with prosecuting attorneys, and using social media to expose the organization.Sex, Lies and Two Hindu Gurus chronicles a world that is spoken of only in hushed whispers. It exposes the twisted goings-on inside the dubious spiritual cult she was part of and gives readers a rare insight into a dangerous con game. The perversions the gurus indulged in, how they preyed upon the vulnerabilities of their followers, swindled them and ruined their lives, and why no one has stopped the fake gurus from sexually violating underage girls - every detail comes under scrutiny. It is a thriller comparable to any piece of fiction. It is also a crime drama, and a cautionary tale for people seeking to connect with the divine.
