Corey, 2011-06-15 From a New York Times bestselling and Hugo award-winning author comes a modern masterwork of science fiction, introducing a captain, his crew, and a detective as they unravel a horrifying solar system wide conspiracy that begins with a single missing girl. Now a Prime Original series. Humanity has colonized the solar system—Mars, the Moon, the Asteroid Belt and beyond—but the stars are still out of our reach. Jim Holden is XO of an ice miner making runs from the rings of Saturn to the mining stations of the Belt. When he and his crew stumble upon a derelict ship, the Scopuli, they find themselves in possession of a secret they never wanted. A secret that someone is willing to kill for—and kill on a scale unfathomable to Jim and his crew. War is brewing in the system unless he can find out who left the ship and why. Detective Miller is looking for a girl. One girl in a system of billions, but her parents have money and money talks. When the trail leads him to the Scopuli and rebel sympathizer Holden, he realizes that this girl may be the key to everything. Holden and Miller must thread the needle between the Earth government, the Outer Planet revolutionaries, and secretive corporations—and the odds are against them. **On a Wisconsin Family Farm: Historic Tales of Character, Community and Culture** Corey A. Geiger, 2021 On a Wisconsin Family Farm flings the barn doors wide open to a cast of characters that built America's Dairyland. A maternal maverick, Anna Satorie, went against cultural-norms and became the sole owner of her family's homestead in 1905. The next year, Anna married John Burich, and the couple went about building a thrifty family farm. Pioneer life was fraught with trials and tribulations as polio and tuberculosis claimed loved ones and the fabricated death of a bootlegging brother turned gangsters away from the farm. Neighbors pitched in as members of the immigrant class aided one another to construct farmsteads and support one another through unsanctioned bank loans, daring dynamite work and barn raisings. Leasing work aside, this community also threw parties met by the rooster's early-dawn crow. Corey Geiger, international agricultural journalist, pairs his rural roots and lively storytelling talents to capture six generations of local tales. Book jacket.

**As the Sun Smiles** Hodge, 2016-12-09 Winner of 11th Annual National Indie Excellence Awards. Alex is a resident of the negatively imaged East Knoxville, a part of a city that has never been part of the ideal American dream. Beginning on the same solemn evening as the funeral of Alex's beloved Ms. Darlene, Alex's understanding of everything that came before is challenged as America's worst fear unpredictably swarms over the city and forever changes the country. With self-appointed purpose, Alex claims responsibility for little brother Willie's welfare, providing emotional support and guidance, but Alex's faith all but vanishes as intangible fear fully morphs into masked hostiles seen marching up and down neighborhood and

city streets. Under a beautiful sky and an even more deceptively inviting sun, Alex finally learns that this previously claimed responsibility, though never achievable, was worthy.

**The Reactionary Mind** Corey Robin, 2018 Late in life, William F. Buckley made a confession to Corey Robin. Capitalism is boring, said the founding father of the American right. Devoting your life to it, as conservatives do, is horrifying if only because it's so repetitious. It's like sex. With this unlikely conversation began Robin's decade-long foray into the conservative mind. What is conservatism, and what's truly at stake for its proponents? If capitalism bores them, what excites them? In *The Reactionary Mind*, Robin traces conservatism back to its roots in the reaction against the French Revolution. He argues that the right was inspired, and is still united, by its hostility to emancipating the lower orders. Some conservatives endorse the free market; others oppose it. Some criticize the state; others celebrate it. Underlying these differences is the impulse to defend power and privilege against movements demanding freedom and equality -- while simultaneously making populist appeals to the masses. Despite their opposition to these movements, conservatives favor a dynamic conception of politics and society -- one that involves self-transformation, violence, and war. They are also highly adaptive to new challenges and circumstances. This partiality to violence and capacity for reinvention have been critical to their success. Written by a highly-regarded, keen observer of the contemporary political scene, *The Reactionary Mind* ranges widely, from Edmund Burke to Antonin Scalia and Donald Trump, and from John C. Calhoun to Ayn Rand. It advances the notion that all right-wing ideologies, from the eighteenth century through today, are improvisations on a theme: the felt experience of having

power, seeing it threatened, and trying to win it back. When its first edition appeared in 2011, *The Reactionary Mind* set off a fierce debate. It has since been acclaimed as the book that predicted Trump (New Yorker) and one of the more influential political works of the last decade (Washington Monthly). Now updated to include Trump's election and his first one hundred days in office, *The Reactionary Mind* is more relevant than ever.

Inspire Integrity Corey Ciocchetti, 2019-10-01 *Inspire Integrity* is addicting. It focuses on what it means to live an authentic life. Its chapters encourage people of all ages and circumstances to understand that authentic success comes from the attainment of: (1) a sincere sense of contentment, (2) strong personal relationships, and (3) a solid character. This is much different from worldly success such as excessive wealth, fame and popularity - things which, in and of themselves, do not have the capacity to make a person happy. It is designed to help people look critically at their life, think through their decisions, set priorities and goals, develop a solid character, avoid serious mistakes and discover their true passion in life. It draws on the major ethical frameworks of Aristotle, Mill and Kant as well as the Golden Rule as tools to avoid Benjamin Franklin's warning that people tend to get old too soon and wise too late. It presents a roadmap to accomplish this mission and advocates that each reader start the journey to authentic success now! *Inspire Integrity* focuses on the story of Cash, the racing greyhound, who is world famous and has won tens of millions of dollars winning races. The biggest race of his life is on the horizon and everyone is there, including the press, to cover history in the making. If he wins the race his owner will receive a million-dollar prize. The night before the race, Cash reveals he's not going to race the next day and that he is

retiring completely. Shocked, the owner asks him whether he is hurt, mad at her, or too old? He responds that it's none of those things. In fact, he's been doing a lot of critical thinking about his life and has come to the conclusion that all he's ever done is run around dirt racetracks, and he just cannot do it anymore. He finally understands that those little white rabbits that everyone encourages him to chase day and night aren't even real.

**The Redshirt** Corey Sobel, 2020-10-13 Finalist for the Center for Fiction's First Novel Prize IPPY Gold Medal for LGBT+ Fiction Selected for NPR's Books We Love LitHub's Best Books of 2020 You Might Have Missed Foreword Reviews Editor's Pick and Book of the Day Roundup 10 Things to Tell You's Best Book of the Year Corey Sobel challenges tenacious stereotypes in this compelling debut novel, shedding new light on the hypermasculine world of American football. The Redshirt introduces Miles Furling, a young man who is convinced he was placed on earth to play football. Deep in the closet, he sees the sport as a means of gaining a permanent foothold in a culture that would otherwise reject him. Still, Miles's body lags behind his ambitions, and recruiters tell him he is not big enough to compete at the top level. His dreams come true when a letter arrives from King College. The elite southern school boasts one of the best educations in America and one of the worst Division One football programs. King football is filled with obscure, ignored players like Miles—which is why he and the sports world in general are shocked when the country's top recruit, Reshawn McCoy, also chooses to attend the college. As brilliant a student as he is a player, the intensely private Reshawn refuses to explain why he chose King over other programs. Miles is as baffled as everyone else, and less than thrilled when he winds up rooming with the taciturn Reshawn. Initially at odds with each other, the pair become

confidants as the win-at-all-costs program makes brutal demands on their time and bodies. When their true selves and the identities that have been imposed on them by the game collide, both young men are forced to make life-changing choices.

**Noggin** John Corey Whaley, 2014-04-08 2014 NATIONAL BOOK AWARD FINALIST  
Travis Coates has a good head...on someone else's shoulders. A touching, hilarious "tour de force of imagination and empathy" (Booklist, starred review) from John Corey Whaley, author of the Printz and Morris Award-winning *Where Things Come Back*. Listen—Travis Coates was alive once and then he wasn't. Now he's alive again. Simple as that. The in between part is still a little fuzzy, but Travis can tell you that, at some point or another, his head got chopped off and shoved into a freezer in Denver, Colorado. Five years later, it was reattached to some other guy's body, and well, here he is. Despite all logic, he's still sixteen, but everything and everyone around him has changed. That includes his bedroom, his parents, his best friend, and his girlfriend. Or maybe she's not his girlfriend anymore? That's a bit fuzzy too. Looks like if the new Travis and the old Travis are ever going to find a way to exist together, there are going to be a few more scars. Oh well, you only live twice.

**The Buddha and the Bee** Cory Mortensen, 2020-08-10 Life-Changing Journey... but this is NOT a typical blah-blah-blah memoir Planning is for sissies. A solo bike ride across the country will be filled with sunshine, lollipops, rainbows, and 80 degree temps every day, right? Not so much. The Great Plains, Rocky Mountains, an alkaline desert, and the Sierra Nevadas lay miles and days ahead. Disappointment with unrealized potential, and the thirst for what's next drew farther away in the rotating wide-angle shockproof convex rear-view mirror. I will ride my bike down a never-ending ribbon of asphalt wearing a backpack. Cory Mortensen began his bike ride across the United States from Chaska, Minnesota, to Truckee, California, without a route, a

timeline, or proper equipment. Along the way, he gained more than technical skills required for a ride that would test every fiber of his physical being and mental toughness. Ride along as he meets unusual characters, dangerous animals, and sweet little old ladies with a serious vendetta for strangers in their town. Humor ■ Insight ■ Adventure ■ Gratitude ■ Peace From long stretches of road ending in a vanishing point at the distant horizon, to stunning vistas, terrifying close calls, grueling conditions, failed equipment, and joyous milestones he stayed the course and gained an appreciation for the beauty of the land, the genius of engineering and marvel of nature.
