*Separation Anxiety* Gavin Bradley,2022-08-16 This poignant debut by Gavin Bradley explores the emotional toll of different kinds of separation: from a partner, a previously held sense of self, or a home and the people left behind. The main narrative describes the deterioration of a long-term relationship, interweaving poems dealing with the loneliness of immigration and the anxiety of separation from Northern Ireland, the poet’s homeland. These personal poems enter their stories through a variety of characters and places, from dock builders to dogs, from shorelines to volcanoes, to “mouths soft and humming like beehives.” Other sections of the collection examine a post-Troubles’ experience in Northern Ireland (evoking the lived-experience of growing up with bombs and domineering Catholicism), tell grandfather stories, and show a lasting love for the people, the language, and the land. Separation Anxiety ultimately conveys a message of hope, reminding us that “we’ll be remembered for / ourselves, and not the spaces we / leave behind.”

**Curious Behavior** Robert R. Provine,2012-08-31 Provine boldly goes where other scientists seldom tread—in search of hiccups, coughs, yawns, sneezes, and other lowly, undignified, human behaviors. Our earthiest instinctive acts bear the imprint of our evolutionary origins and can be valuable tools for understanding how the human brain works and what makes us different from other species.

Summary of Lew Jennings's 19 Minutes to Live Everest Media,2022-07-24T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 I had dreamed of flying since I was a toddler, and I had earned my Pilot’s license at age 19. I was working fulltime and attending community college at night. My draft classification was IA, and I knew in the back of my mind that I could be called to serve in the military at any time. #2 The average life expectancy of an Army Helicopter Pilot in combat was only 19 minutes. I was ecstatic and couldn’t sign the papers fast enough. I was a soldier first and a Pilot second in the Army, which meant that I would be sent to Fort Polk, Louisiana, for Basic Combat Training as an Infantryman before attending flight school. #3 My father had arranged for me to fly for the first time in a helicopter. I was shocked at how difficult it was to fly, and I was soon called up to start my processing. I took all the written tests, received a flight physical, appeared before an acceptance board, and received orders for my first assignment: Basic Infantry Combat Training at Fort Polk, Louisiana.

No Crying in Baseball Erin Carlson,2023-09-05 National Bestseller The inside story of how A League of Their Own—one of the most beloved baseball movies of all time—developed from an unheralded piece of American history into a perennial cinematic favorite. Featuring exclusive interviews and behind the scenes memories from the original cast and creators, . No Crying in Baseball is a rollicking, revelatory deep dive into a one-of-a-kind film. Before A League of Their Own, few American girls could imagine themselves playing professional ball (and doing it better than the boys). But Penny Marshall's genre outlier became an instant classic and significant aha moment for countless young women who saw that throwing like a girl was far from an insult. Part fly-on-the-wall narrative, part immersive pop nostalgia, No Crying in Baseball is for readers who love stories about subverting gender roles as well as fans of the film who remain passionate thirty years after its release. With key anecdotes from the cast, crew, and diehard fanatics, Carlson presents the definitive, first-ever history of the making of the treasured film that inspired generations of Dottie Hinsons to dream bigger and aim for the sky.

**The Unicorn Creed** Elizabeth Ann Scarborough,2010-09-15 In Song of Sorcery, Book 1 of Songs from the Seashell Archives, hearthwitch Maggie Brown met minstrel Colin Songsmith and a unicorn named Moonshine while saving both her sister and the kingdom. All in a quest's work for a girl who can magically do anything she can convince her power is housework. To reward Maggie, the king makes her a princess, and therefore a good catch for the local noble bachelors. Only problem is, she doesn't want to get married. She wants to be with Moonshine, whose Unicorn Creed, as he understands it, forbids him to consort with anyone except a chaste maiden. It's rather a touchy situation, and so Princess Maggie abandons her crown and with Moonshine, she and Colin set out to see if they can find a loophole in Moonshine's creed. Of course, in the process they have to try to save the land of Argonia again, this time from a were-man, a revolutionary nymph, a town's worth of zombies, an ice worm and an evil wizard.

The Changing South of Gene Patterson Roy Peter Clark,Raymond Arsenault,2020-03-17 In pointing us toward how to be 'better than we are,' Gene Patterson--passionate, funny, sound of mind and full of heart--coincidentally reminds us just how fine journalism can be. This is a wonderful, inspiring book.--Geneva Overholser, syndicated columnist, Washington Post Writers Group, and Curtis B. Hurley Chair in Public Affairs Reporting, University of Missouri Proves that journalism at its best can endure as literature. A compelling portrait of the 1960s and the American South by

an engaged participant and acute observer.--Robert Schmuhl, University of Notre Dame The Changing South of Gene Patterson celebrates the work of one of America's most influential journalists who wrote in a time and place of dramatic social and political upheaval. The editor of the Atlanta Constitution from 1960 through 1968, Patterson wrote directly to his fellow white southerners every day, working to persuade them to change their ways. His words were so inspirational that he was asked by Walter Cronkite to read his most famous column, about the Birmingham church bombing, live on the CBS Evening News. This volume includes over 120 of Patterson's best pieces, selected from some 3,200 columns. These columns offer probing commentary on the crucial issues of race, civil rights, social justice, and desegregation; some reveal examples of political and moral leadership, drawn from every corner of southern culture. Introductory essays, framing Patterson's work as journalism and literature, place it in the context of southern history and the evolution of white southern liberalism. Patterson himself contributes a new essay, reflecting on his life, work, and times. At a time when protest, violence, and confrontation defined race relations and even the South itself, Patterson's wise, sane, humorous, passionate column appeared daily on the Constitution's editorial page, urging white southerners to become better than we are. Speaking as one who grew up hard in small-town Georgia, Patterson could urge change with a conviction and credibility matched by few others. With enlightened leadership and adherence to the rule of law, the sky would not fall, Patterson assured his readers. While black leaders led America toward civil rights and social justice, writers such as Patterson had the courage to appeal to the white southern conscience. Unmistakably engaged with his time and place, Patterson's columns provide a compelling day-to-day look at the civil rights era as it unfolded. Roy Peter Clark is a senior scholar at The Poynter Institute, a school for journalists in St. Petersburg, Florida. Raymond Arsenault, winner of the Florida Humanities Council 2019 Florida Lifetime Achievement Award for Writing, is the John Hope Franklin Professor of History at the University of South Florida, St. Petersburg.

**Christian Ethics** Larry Chouinard,David A. Fiensy,George F. Pickens,2010-04-01 Do not conform any longer to the pattern of this world, but be transformed by the renewing of your mind. Then you will be able to test and approve what God's will is - his good, pleasing and perfect will. - Romans 12:2 (NIV) What are your goals in life? What goals should you pursue in your life? Every day you make decisions concerning moral issues. Moral evaluation implies that there is a standard of judgment. Christian ethics is the study of how we live a life that conforms to the will of God. When we look at life from a biblical perspective, our goals, actions, and standards should be the result of asking the question, What is God calling me to do and be? Christian Ethics takes a fresh look at a multitude of ethical issues through the lens of God's Word. This important new resource will help provide guidance into knowing God's will for your life.
