Customers for Life Carl Sewell, Paul B. Brown, 2009-07-01 In this completely revised and updated edition of the customer service classic, Carl Sewell enhances his time-tested advice with fresh ideas and new examples and explains how the groundbreaking "Ten Commandments of Customer Service" apply to today's world. Drawing on his incredible success in transforming his Dallas Cadillac dealership into the second largest in America, Carl Sewell revealed the secret of getting customers to return again and again in the original Customers for Life. A lively, down-to-earth narrative, it set the standard for customer service excellence and became a perennial bestseller. Building on that solid foundation, this expanded edition features five completely new chapters, as well as significant additions to the original material, based on the lessons Sewell has learned over the last ten years. Sewell focuses on the expectations and demands of contemporary consumers and employees, showing that businesses can remain committed to quality service in the fast-paced new millennium by sticking to his time-proven approach: Figure out what customers want and make sure they get it. His "Ten Commandants" provide the essential guidelines, including: • Underpromise, overdeliver: Never disappoint your customers by charging them more than they planned. Always beat your estimate or throw in an extra service free of charge. • No complaints? Something's wrong: If you never ask your customers what else they want, how are you going to give it to them? • Measure everything: Telling your employees to do their best won't work if you don't know how they can improve.

Are you the Authority in your field? Are you recognized as a stand-out thought leader, a published author, a keynote speaker, or a media personality? Are you viewed as a commodity? A hard-working expert who is a commodity and has to compete on every level, including price? One thing is for certain: Authority doesn't just happen; Authority is built through a systematic process called the Authority Marketing System. But how can you make this shift in an environment that is noisier and more crowded than ever before? If you are an entrepreneur, CEO, or professional who is frustrated with the traditional approach to marketing and wants to grow your business and make a bigger impact, this book will show you how to use the Authority Marketing System to create a clear and trackable blueprint to shift yourself from a commoditized expert to a highly visible Authority. In this book you will learn: - What Authority Marketing is and how to use it to grow your business - The 7 Pillars of Authority Marketing - How others have used Authority Marketing to create unimaginable success - Why thought leadership is your most important secret weapon Authority Marketing isn't about ego or attention--it's about accelerating the speed of trust so you are viewed not as an expert with something to sell, but as a thought leader with important insight to teach. Start growing your Authority today!
