James Loxton,Scott Mainwaring

**Authoritarianism** Erica Frantz, 2018-08-01 Despite the spread of democratization following the Cold War's end, all signs indicate that we are living through an era of resurgent authoritarianism. Around 40 percent of the world's people live under some form of authoritarian rule, and authoritarian regimes govern about a third of the world's countries. In *Authoritarianism: What Everyone Needs to Know*®, Erica Frantz guides us through today's authoritarian wave, explaining how it came to be and what its features are. She also looks at authoritarians themselves, focusing in particular on the techniques they use to take power, the strategies they use to survive, and how they fall. Understanding how politics works in authoritarian regimes and recognizing the factors that either give rise to them or trigger their downfall is ever-more important given current global trends, and this book paves the ways for such an understanding. An essential primer on the topic, *Authoritarianism* provides a clear and penetrating overview of one of the most important-and worrying-developments in contemporary world politics.

**Authoritarianism Goes Global** Larry Diamond, Marc F. Plattner, Christopher Walker, 2016-04-15 With democracy in decline, authoritarian governments are staging a comeback around the world. Over the past decade, illiberal powers have become emboldened and gained influence within the global arena. Leading authoritarian countries—including China, Iran, Russia, Saudi Arabia, and Venezuela—have developed new tools and strategies to contain the spread of democracy and challenge the liberal international political order. Meanwhile, the advanced democracies have retreated, failing to respond to the threat posed by the authoritarians. As undemocratic regimes become more assertive, they are working together to repress civil society while tightening their grip on cyberspace and expanding their reach in international media. These political changes have fostered the emergence of new counternorms—such as the authoritarian subversion of credible election monitoring—that threaten to further erode the global standing of liberal democracy. In *Authoritarianism Goes Global*, a distinguished group of contributors present fresh insights on the complicated issues surrounding the authoritarian resurgence and the implications of these systemic shifts for the international order. This collection of essays is critical for advancing our understanding of the emerging challenges to democratic development. Contributors: Anne Applebaum, Anne-Marie Brady, Alexander Cooley, Javier Corrales, Ron Deibert, Larry Diamond, Patrick Merloe, Abbas Milani, Andrew Nathan, Marc F. Plattner, Peter Pomerantsev, Douglas Rutzen, Lilia Shevtsova, Alex Vatanka, Christopher Walker, and Frederic Wehrey

*The Authoritarian Personality* Theodor Adorno, Else Frenkel-Brenswik, Daniel J. Levinson, R. Nevitt Sanford, 2019-08-27 This hugely influential study on the psychology of authoritarianism was written in answer to Hitler's Germany—and now rings more relevant than ever as fascism and anti-Semitism sweep across America. What makes a fascist? Are there character traits that make someone more likely to vote for the far right? *The Authoritarian Personality* is not only one of the most significant works of social psychology ever written, it also marks a milestone in the development of Adorno's thought, showing him grappling with the problem of fascism and the reasons for Europe's turn to reaction. Over half a century later, and with the rise of right-wing populism and the reemergence of the far-right in recent years, this hugely influential study remains as insightful and relevant as ever. This new edition includes an introduction by Frankfurt School scholar Peter E. Gordon and contains the first-ever publication of Adorno's subsequent critical notes on the project. "Adorno and his colleagues could easily have been describing Alex Jones's paranoid InfoWars rants or the racist views expressed by many Trump supporters." —Molly Worthen, *New York Times*

*Transitions from Authoritarian Rule* Guillermo O'Donnell, Philippe C. Schmitter, Laurence Whitehead, 1986-10 An array of internationally noted scholars examines the process of democratization in Southern Europe and Latin America. The authors provide new interpretations of both current and historical efforts of nations to end periods of authoritarian rule and to initiate transition to democracy, efforts that have met with widely varying degrees of success and failure. Extensive case studies of individual countries, a comparative overview, and a synthesis conclusions offer important insights for political scientists, students, and all concerned with the prospects for democracy. In Volume 3, despite the unique contexts of transitions in individual countries, significant points of comparison emerge — such as the influence of foreign nations and the role of agents outside the government. These analyses explore both intra- and interregional similarities and differences.

*Transitions from Authoritarian Rule* Guillermo A. O'Donnell, 1986-09 An array of internationally noted scholars examines the process of democratization in southern Europe and Latin America. They provide new interpretations of both current and historical efforts of nations to end periods of authoritarian rule and to initiate transition to democracy, efforts that have met with widely varying degrees of success and failure. Extensive case studies of individual countries, a comparative overview, and a synthesis conclusions offer important insights for political scientists, students, and all concerned with the prospects for democracy. The historical example of Italy after Mussolini as well as the more recent cases of Greece, Portugal, Spain, and Turkey suggest factors that may make a transition relatively secure.

*The Politics of Repression Under Authoritarian Rule* Dag Tanneberg, 2020-01-03 Does authoritarian rule benefit from political repression? This book claims that it does, if restrictions and violence, two fundamentally different forms of repression, complement each other. Based on an in-depth quantitative analysis of the post-Second World War period, the author draws three central conclusions. Firstly, restrictions and violence offer different advantages, suffer from different drawbacks, and matter differently for identical problems of authoritarian rule. Secondly, empirical data supports complementarity only as long as political repression preempts political opposition. Lastly, despite its conceptual centrality, political repression has little influence on the outcomes of authoritarian politics. The book also offers new insights into questions such as whether repression hinders successful political campaigns or whether it is more likely to trigger coups d'état.

**The Rise of Trump** Matthew C. MacWilliams, 2016 Is the rise of Trump an anomaly-or is it merely a new expression of an old tendency in American politics? Matthew MacWilliams offers a succinct review of American political history, the theoretical literature on authoritarianism, and surveys of political attitudes surrounding the 2016 elections to explore the Trump phenomenon-and its portents.

*Dictators and Dictatorships* Natasha M. Ezrow, Erica Frantz, 2011-02-24 *Dictators and Dictatorships* is a qualitative enquiry into the politics of authoritarian regimes. It argues that political outcomes in dictatorships are largely a product of leader-elite relations. Differences in the internal structure of dictatorships affect the dynamics of this relationship. This book shows how dictatorships differ from one another and the implications of these differences for political outcomes. In particular, it examines political processes in personalist, military, single-party, monarchic, and hybrid regimes. The aim of the book is to provide a clear definition of what dictatorship means, how authoritarian politics works, and what the political consequences of dictatorship are. It discusses how authoritarianism influences a range of political outcomes, such as economic performance, international conflict, and leader and regime durability. Numerous case studies from around the world support the theory and research presented to foster a better understanding of the inner workings of authoritarian regimes. By combining theory with concrete political situations, the book will appeal to undergraduate students in comparative politics, international relations, authoritarian politics, and democratization.

**The International Politics of Authoritarian Rule** Oisín Tansey, 2016 Autocrats must overcome a range of challenges as they seek to gain and maintain political power, including the threat that comes from both rival elites and discontented publics. *The International Politics of Authoritarian Rule* examines the ways in which international forces can encourage and assist autocratic actors in overcoming these challenges. Often, autocratic incumbents are strengthened in power by events on the international stage and by the active support of international allies. The book offers a typology of different international forms of influence on authoritarianism, and examines the ways in which external forces shape autocratic rule at the domestic level. The typology distinguishes between three broad forms of international influence: passive influences, unintended consequences, and active forms of external autocratic sponsorship. The book focuses in particular on the latter category, and examines intentional autocratic sponsorship in the post-Cold War period. A central contribution of the book is to address the question of how international autocratic sponsorship can bolster authoritarian rule. It highlights the ways in which international sponsorship can contribute to authoritarian practices in three significant ways: by increasing the likelihood that authoritarian regimes will pursue 'authoritarian practices' (such as coups, repression or election fraud), by contributing to the implementation of those practices, and finally by shielding autocratic actors from international punishment after such practices are pursued. External sponsorship can thus lower the costs of authoritarian behaviour, and protect and shield authoritarian regimes from the negative consequences of their actions. *Oxford Studies in Democratization* is a series for scholars and students of comparative politics and related disciplines. Volumes concentrate on the

comparative study of the democratization process that accompanied the decline and termination of the cold war. The geographical focus of the series is primarily Latin America, the Caribbean, Southern and Eastern Europe, and relevant experiences in Africa and Asia. The series editor is Laurence Whitehead, Senior Research Fellow, Nuffield College, University of Oxford.

**Totalitarian and Authoritarian Regimes in Europe** Jerzy W. Borejsza, Klaus Ziemer, Magdalena Hułas, Niemiecki instytut historyczny (Varsovie), 2006 Based on a conference organized by the Institute of History of the Polish Academy of Sciences and the German Historical Institute, Warsaw, held in Sept. 2000.

**Making the World Safe for Dictatorship** Alexander Dukalskis, 2021 Making the World Safe for Dictatorship is about how authoritarian states manage their image abroad using both promotional tactics of persuasion and obstructive tactics of repression. All states attempt to manage their global image to some degree, but authoritarian states in the post-Cold War era have special incentives to do so given the predominance of democracy as an international norm. Alexander Dukalskis looks at the tactics that authoritarian states use for image management and the ways in which their strategies vary from one state to another. Moreover, Dukalskis looks at the degree to which some authoritarian states succeed in using image management to enhance their internal and external security, and, in turn, to make their world safe for dictatorship.

*The Authoritarian Moment* Ben Shapiro, 2021-07-27 New York Times Bestseller How far are Americans willing to go to force each other to fall in line? According to the establishment media, the intelligentsia, and our political chattering class, the greatest threat to American freedom lies in right-wing authoritarianism. We've heard that some 75 million Americans who voted for Donald Trump represent the rise of American fascism; that conservatives have allowed authoritarianism to bloom in their midst, creating a grave danger for the republic. But what if the true authoritarian threat to America doesn't come from the political right, but from the supposedly anti-fascist left? There are certainly totalitarians on the political right. But statistically, they represent a fringe movement with little institutional clout. The authoritarian left, meanwhile, is ascendant in nearly every area of American life. A small number of leftists—college-educated, coastal, and uncompromising—have not just taken over the Democratic Party but our corporations, our universities, our scientific establishment, our cultural institutions. And they have used their newfound power to silence their opposition. The authoritarian Left is aggressively insistent that everyone must conform to its values, demanding submission and conformity. The dogmatic Left is obsessed with putting people in categories and changing human nature. Everyone who opposes it must be destroyed. Ben Shapiro looks at everything from pop culture to the Frankfurt school, social media to the Founding Fathers, to explain the origins of our turn to tyranny, and why so many seem blind to it. More than a catalog of bad actors and intemperate acts, *The Authoritarian Moment* lays bare the intolerance and rigidity creeping into all American ideology – and prescribes the solution to ending the authoritarianism that threatens our future.

**Life after Dictatorship** James Loxton, Scott Mainwaring, 2018-09-13 Launches a new research agenda on one of the most common but overlooked features of the democratization experience worldwide: authoritarian successor parties.

*Negotiating Democracy* Gretchen Casper, Michelle M. Taylor, 1996-07-15 This book explains why some countries succeed in installing democracy after authoritarian rule, and why some of these new democracies make progress toward consolidation. Casper and Taylor show that a democratic government can be installed when elite bargaining during the transition process is relatively smooth. They view elite bargaining in twenty-four transitions cases, some where continued authoritarianism was the result, others where a democratic government was the result, and a third outcome where progress towards consolidation was the end product.

**Authoritarian Nightmare** John W. Dean, Bob Altemeyer, 2020-08-25 How did America end up with a leader who acts so crudely and despotically, and counter to our democratic principles? Why do his followers stick with him, even when he acts against their own interests? To fully understand, John Dean, a man with a history of standing up to autocratic presidents, joined with Bob Altemeyer, a professor of psychology with a unique area of expertise: Authoritarianism. Relying on social science findings and psychological diagnostic tools (such as the Power Mad Scale and the Con Man Scale), as well as research and analysis from the Monmouth University Polling Institute (one of America's most respected public opinion research foundations), the authors provide us with an eye-opening understanding of the Trump phenomenon — and how we may be able to stop it.

**The New Authoritarianism in Latin America** David Collier, Fernando Henrique Cardoso, Joint Committee on Latin American Studies, 1979 While one of the most important attempts to explain the rise of authoritarian regimes and their relationship to problems of economic development has been the bureaucratic-authoritarian model, there has been growing dissatisfaction with various elements of this model. In light of this dissatisfaction, a group of leading economists, political scientists, and sociologists was brought together to assess the adequacy of the model and suggest directions for its reformulation. This volume is the product of their discussions over a period of three years and represents an important advance in the critique and refinement of ideas about political development. Part One provides an overview of the issues of social science analysis raised by the recent emergence of authoritarianism in Latin America and contains chapters by David Collier and Fernando Henrique Cardoso. The chapters in Part Two address the problem of explaining the rise of bureaucratic authoritarianism and are written by Albert Hirschman, Jose Serra, Robert Kaufman, and Julio Coder. In Part Three Guillermo O'Donnell, James Kurth, and David Collier discuss the likely future patterns of change in bureaucratic authoritarianism, opportunities for extending the analysis to Europe, and priorities for future research. The book includes a glossary and an extensive bibliography.

**Authoritarianism and the Elite Origins of Democracy** Michael Albertus, Victor Menaldo, 2018-01-25 This book argues that - in terms of institutional design, the allocation of power and privilege, and the lived experiences of citizens - democracy often does not restart the political game after displacing authoritarianism. Democratic institutions are frequently designed by the outgoing authoritarian regime to shield incumbent elites from the rule of law and give them an unfair advantage over politics and the economy after democratization. *Authoritarianism and the Elite Origins of Democracy* systematically documents and analyzes the constitutional tools that outgoing authoritarian elites use to accomplish these ends, such as electoral system design, legislative appointments, federalism, legal immunities, constitutional tribunal design, and supermajority thresholds for change. The study provides wide-ranging evidence for these claims using data that spans the globe and dates from 1800 to the present. Albertus and Menaldo also conduct detailed case studies of Chile and Sweden. In doing so, they explain why some democracies successfully overhaul their elite-biased constitutions for more egalitarian social contracts.

**Bridling Dictators** Graeme Gill, 2021 This book offers a new perspective on authoritarian politics. Rather than the leadership of the authoritarian political systems being always characterized by arbitrariness, fear, and struggle for power, this book argues that politics of such regimes are structured by a series of rules which bring some consistency and predictability.

**The Politics of Authoritarian Rule** Milan W. Svolik, 2012 What drives politics in dictatorships? Milan W. Svolik argues authoritarian regimes must resolve two fundamental conflicts. Dictators face threats from the masses over which they rule - the problem of authoritarian control. Secondly from the elites with whom dictators rule - the problem of authoritarian power-sharing. Using the tools of game theory, Svolik explains why some dictators establish personal autocracy and stay in power for decades; why elsewhere leadership changes are regular and institutionalized, as in contemporary China; why some dictatorships are ruled by soldiers, as Uganda was under Idi Amin; why many authoritarian regimes, such as PRI-era Mexico, maintain regime-sanctioned political parties; and why a country's authoritarian past casts a long shadow over its prospects for democracy, as the unfolding events of the Arab Spring reveal. Svolik complements these and other historical case studies with the statistical analysis on institutions, leaders and ruling coalitions across dictatorships from 1946 to 2008--

**The Authoritarian Specter** Bob Altemeyer, 1996 The book presents the latest results from a prize-winning research program on the authoritarian personality. Many of America's biggest problems, Bob Altemeyer shows, have authoritarian roots.

Thank you categorically much for downloading **Authorfaria**. Most likely you have knowledge that, people have seen numerous periods for their favorite books like this **Authorfaria**, but stop occurring in harmful downloads.

Rather than enjoying a fine book in the manner of a mug of coffee in the afternoon, then again they juggled subsequent to some harmful virus inside their computer. **Authorfaria** is user-friendly in our digital library an online admission to it is set as public for that reason you can download it instantly. Our digital library saves in combined countries, allowing you to acquire the most less latency epoch to download any of our books in imitation of this one. Merely said, the Authorfaria is universally compatible taking into account any devices to read.

**Authorfaria Introduction**

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Authorfaria free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Authorfaria free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Authorfaria free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many

authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Authorfaria. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Authorfaria any PDF files. With these platforms, the world of PDF downloads is just a click away.

**FAQs About Authorfaria Books**

- 1. Where can I buy Authorfaria books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
- 2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
- 3. How do I choose a Authorfaria book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
- 4. How do I take care of Authorfaria books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
- 5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
- 6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
- 7. What are Authorfaria audiobooks, and where can I find them? Audiobooks: Audio

recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.

- How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
- Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
- Can I read Authorfaria books for free? Public Domain Books: Many classic books are available for free as theyre in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
