How to Live a Life of Adventure Frosty Wooldridge, 2011-11-11 Praise for How to Live a Life of Adventure After reading the first 20 chapters, I was ready to tackle a grizzly bear, wrestle a sea lion and climb Mount Everest. Not only does Wooldridge inspire you to live a maximum life, he shows you how to do it. I loved the adventures between every instructional chapter. I appreciated how thorough he was with references, key points and guides. Roger Hamilton, teacher I am a tomboy. I travel and play sports. I'm also bold and sassy. This book addresses women who love to try everything once, twice and more. Wooldridge covers everything women need to know about traveling, mountain climbing, rafting, horseback riding, backpacking and much more. Sarah Gingrich, rodeo cowgirl Emile Zola said, I'm here to live out loud! Those words reflect the spirited life and writings of Frosty Wooldridge. His book reminds us that whether we trek high into the mountains or bike up hills closer to home, adventure awaits around the bend. I recommend this book for aspiring travelers as well as armchair explorers. He shows you how to make your dreams come true. Dan Millman, Way of the Peaceful Warrior Hands down! This is the best adventure book I have ever read with stories from all over the world. But wait! Wooldridge shows you how to go adventuring to make your own stories and fill your own scrapbook with memories. It's excellent in every way! Paul Margeletta, father, weekend warrior This book is extraordinary. The information is so valuable that it should be read daily for inspiration and guidance. I had to stop myself from underlining every sentence in the book. I want to buy this life-changing book as a gift for everyone I know, especially my kids. Susan Scollozi, housewife, traveler Half way through the concepts and practices in this profound book, I realized that the author may have meant to show readers how to live a life of adventure, but it occurred to me that this book shows anyone how to lead a very happy and successful life on a day to day basis. His concepts support mental, emotional, educational and spiritual health. Every adult and kid in America needs to read this book. It's that good. Arthur Daniels, teacher How the book will benefit you! You will discover your strengths, self-confidence and passions You may engage methodical steps for moving into your own fulfilling adventure-filled life You will build steadfast convictions and personal empowerment You will find others to share your adventures You will discover which kinds of adventures excite you Check lists for men and women for every kind of adventure You will never look back with regrets

Illegals Darrell Ankarlo, 2010-09-13 AMERICA'S MELTING POT IS BOILING OVER. Millions of illegals strain an overburdened system. Crime rates skyrocket. From the Valley of the Sun to the halls of Congress, debate rages. All the while, murder and mayhem reign along the U.S.-Mexico border. Speaking into the fray at a timely juncture, radio talk-show host Darrell Ankarlo delivers a gripping, beyond-the-headlines look at illegal immigration: its victims, its perpetrators, and its toll on the heart of a nation and the will of her law-abiding citizens. From the hot-button state of Arizona, Ankarlo dared venture to the epicenter of the battle for America's southern border. Now he dares you to absorb the heartbreaking stories and eye-opening discoveries he brought back from his undercover journey without finding yourself shaken, inspired... and compelled to act. Endorsements: "Instead of complaining about the 'border problem,'" Darrel Ankarlo set out to do something about it—he went there and lived it! In *Illegals*, Darrell provides a real and raw 'boots on the ground' look at our increasingly lawless southern border. This edition . . . will make you shake your head and say 'no way' as you're presented with true stories and experiences about life along the border. This book will enlighten you and at times frighten you, but in the end you'll know better than most politicians what's really happening at the border." —GLENN BECK

Another Man's Sombrero Darrell Ankarlo, 2008-06-10 Not since the Civil War has America been so divided over such a seemingly unsolvable issue as U.S. immigration policy. The president and congress are at an impasse, while vigilante groups patrol our nation's borders looking for one of the million yearly invaders. Why are 20 million people disregarding America's sovereign borders and laws to come to this country? Popular radio host Darrell Ankarlo follows the lives of several Mexican citizens as they contemplate their existence south of the border, their temptation to sneak into America, and what waits for them here. To understand the issue first-hand, Ankarlo stared down gun barrels, was caught in the middle of a drug-lord showdown, and then wandered the Arizona desert after illegally sneaking back into America. *Another Man's Sombrero* explores issues raised by these personal stories and offers perspectives-often contradictory-from U.S. citizens.

America's Overpopulation Predicament: Blindsiding Future Generations Frosty Wooldridge, 2021-03-02 America's Overpopulation Predicament: Blindsiding Future Generations— The subject of this book will profoundly and adversely affect every man, woman and child on earth by 2050. Most of us have experienced a situation when we or someone we know has some critical knowledge to share that needs immediate action only to be told to wait our turn as other irrelevant topics are given attention. This author asks for his findings to be heard against an ocean of mediocrity as he relates his personal "eye opening" experiences from all over the world with similar emotion, I suspect, as Newton felt when he suddenly understood the force of gravity, or that of Archimedes when he shouted "Eureka" as he suddenly understood the method for measuring precious metal content in an object. Like the seer who catches a glimpse into the future, Wooldridge finds it hard to limit his efforts to the written word. For here we find as compelling a case for massive and immediate action as ever there was one. Here is a subject matter so extraordinary that it should be shouted from every rooftop. The information this book contains is imperative and irrefutable. It destroys the impotent etchings of any clay or gold tablets as a roadmap for humanity. Man or woman, young or old, it will entreat you to look ahead without bias to the stark reality of what is ahead for our nation and our world. Packed with references to support his case, and literally floating above contrary voices like whitecaps on the ocean, Wooldridge advances the case for the salvation of modern civilization. He suggests courses of action that will ultimately prove to be the only way to prevent humanity from vanishing like dust in the wind. K. R. Hampshire, Researcher and Entrepreneur, Denver, Colorado

Censored 2003 Peter Phillips, Project Censored, 2011-01-04 The yearly volumes of *Censored*, in continuous publication since 1976 and since 1995 available through Seven Stories Press, is dedicated to the stories that ought to be top features on the nightly news, but that are missing because of media bias and self-censorship. The top stories are listed democratically in order of importance according to students, faculty, and a national panel of judges. Each of the top stories is presented at length, alongside updates from the investigative reporters who broke the stories.

Losing Your Best Friend Frosty Wooldridge, 2010 Praise for the book: *Losing Your Best Friend* covers one of the most ignored emotional issues in America today. Our high speed society causes 20 million households to change addresses annually. No one knows the emotional damage caused by friends losing touch with each other. This book not only addresses different aspects of losing your buddy but it gives ideas on how to heal yourself when you lose a dear friend. Glen Hamilton I don't usually cry, but I cried at some of the histories of the people in this book because their stories are my story. I lost my dad at an early age. My best friend in high school dropped out of my life. This book answered several of my life-long emotional aches. Frank Archer This is one heck of a powerful book! It's a must read for anyone that has lost a friend or parent. It will give you answers that you may not have thought about. It will touch your heart and you will learn from their experiences. It also shows you what you can do if you suffer conflict with your friend's wife or girlfriend.

Jonathan Runy I couldn't put this book down! It spoke to me and a lifetime of my thinking that I had lost several of my friends because it was my fault. Finally, somebody wrote about the pain of losing a friend as well as the deeper meanings of friendships. Howard Jones Relationships are the cornerstones of our lives. Losing a friend or family member is one of the biggest traumas we face in life. This collage of stories about losing a friend provides you with tools to deal with your own heartbreak. Whatever your age or situation, you will find this book profoundly interesting as well as touching. Read it to help you with your own friendship issues. Al Wilson

Zen Between Two Bicycle Wheels: Eat, Pedal, Sleep Frosty Wooldridge, 2020-05-26 The Ecstasy, The Energy And The Courage Of Your Journey A blank spot on the map dances with your imagination. What treasures might it hold? As you swing your leg over the top tube, your touring bike allows you unlimited freedom of flight for your body, mind and spirit. Slip your hands into your riding gloves. Grab those handlebars. Press your feet onto the pedals. Click the brake handles. Slide your derriere onto the saddle. Look toward the distant horizon that beckons your dreams. Feel the energy coursing through your body. Make that first pedal stroke downward as your thighs lift you onto adventure highway. Time means nothing now. It slips away as easily as grains of sand on a wind-swept beach. But those grains only trade places. On your bike, you move into that blank spot—new locations in the passage of time. The pedaling becomes incidental—like breathing. The hills and mountains come and go—your legs powering over them in a kind of winsome trance. Grappling with headwinds brings determination; while riding a tailwind fetches ecstasy. Rain drenches you during a bicycle adventure, yet promises a rainbow. Bicycle travel demands you dig deep into the art of living. Each challenge lets you know you're vibrantly alive. You transform into a state of bliss, much like an eagle gliding over majestic mountains. You see them soaring, just living. You soar with them as you glide down a mountain grade. Those moments present you with uncommon experiences that give your life eternal expectation. That's bicycle adventure!" Frosty Wooldridge, six continent world bicycle traveler.

Living Your Spectacular Life Frosty Wooldridge, 2017-03-14 This book entertains, inspires and motivates. What I liked most about it: Wooldridge offers other adventure writers in each chapter to give you new ideas on living a spectacular life. If that means you enjoy a greater affinity to another writer, he gives you plenty of choices. He offers 12 concepts and practices that provide you with personal courage, self-confidence and empowerment. He offers you dozens of ordinary men and women living spectacular lives in various pursuits from world travel to growing a garden. He kept me reading through every chapter. Jake Hodges You learn and you grow from reading this book. The author grabs you by the seat of your pants. He takes you on a ride into self-confidence, self-acceptance and self-motivation. He shows you ordinary people breaking into spectacular lives through the principles he offers in his book. Effective, eloquent writing! Marie Jackson There must be a ga-zillion books showing you how to live a dynamic life. There are also thousands of therapists charging \$100 an hour to move you into a productive life. Wooldridge takes you where you want to go much easier and more inspiringly than any therapist. He gives you the courage to get off your butt and discover what you truly love and pursue it. Charles Hamilton This book gives you a better idea of who you are and where you're headed. Spectacular may not be a big enough term for this book. Stupendous may work better. By plugging into Wooldridge's 12 points, you may lift off to Saturn if you are so inclined. All those people he writes about are just like you and me. If they can live spectacular lives, I can live a spectacular life. Jonathan Franks

Making Mavericks Frosty Hesson, 2012-10-26 When Richard "Frosty" Hesson was first approached by a young Jay Moriarty in 1990, the skinny kid with a sparkle in his eye only wanted one thing from the icon: his help in becoming a better surfer. Hesson, one of the first to conquer the huge waves off northern California known as Mavericks, recognized that the kid "had a vision." Jay quickly demonstrated a resolve that reminded Frosty of his younger self, pursuing his goal with a seriousness far beyond his years. His attitude and work ethic earned Frosty's respect and, eventually, his friendship. Making Mavericks is the inspiring story of their father-son bond and of the challenges that made each of them who they were—surf legends, and the subject of the upcoming film Chasing Mavericks. In Making Mavericks, Frosty talks about his turbulent youth spent under difficult circumstances, with parents who tried to find a positive way to handle a child with a passion for water and a disregard for his own safety. Throughout his life he developed principles to live by, principles that would become the core tenets of his teaching philosophy. Most significantly, Frosty talks about how one of his best students, Jay Moriarty, used his philosophy to become a surfing phenomenon, and whose life inspired the phrase, "Live like Jay." Affecting and poignant, Making Mavericks is a celebration of Hesson's determination to live with joy and purpose, and his desire to help others do the same.

Immigration's Unarmed Invasion Forrest Wooldridge, 2004-07 Few challenges throughout history will affect the course of human events like the topic of this book. Immigration, both legal and illegal, will determine if America is to survive as a viable, prosperous nation into the 21st Century or sink into the depths of poverty. Wooldridge offers a thorough examination of this topic with exhaustive research and critical thinking. Kenneth R. Hampshire, President, Advanced Health Group This book is the first of its kind. The impact is powerful and undeniable in reporting damages caused by the immigration invasion. The human flood pouring over our borders carries disease, crime, violence, lawlessness and chaos. National security is endangered by the Trojan horse of immigration from which terrorists can strike from the inside. Immigration's Unarmed Invasion is our call

to action. Michael E. Crowe, Virginia Coalition Against Terrorism Wooldridge addresses a burning problem. The book is tightly researched and compellingly written. The consequences of excessive and illegal immigration are convincingly shown to lead to unacceptable conditions for the present and for future populations. Dr. Hans Matzke, former Head of the Physics, European Commission, Germany

Gracie Hall-Hampton Codis Hampton II, 2013-11 I have learned over the years that there is no greater feeling of accomplishment than to give something of oneself in hopes that others will benefit from that gift. The idea was planted in my being by my father's way of raising his children. It grew in leaps and bounds and, in fact, was magnified when actually I began to listen to stories about my family history. I took those stories passed on to me by my father, mother, grandmother, and other family members to form a story about my Grandmother Gracie Hampton. It was her lifestyle, environment, conditions and timeline in which she lived, that is the story's anchor, and my inspiration. And make no mistake, even though I have used the real names of the Hampton's family central characters, and most relatives, all words written as dialog in this book are mine and mine alone. I've added my words as dialog, along with a few fictional characters to facilitate a story line of how it could have happened during the events noted. At times, it was a struggle to keep an eye on my purpose in life. God knows I have been distracted many times. Often, by my own misguided actions. Yet, I've always returned to my roots, the foundation of my upbringing, the unapologetic belief that I can not only survive but thrive and compete in any environment. I learned that from my ancestors. My youngest son, once remarked, I'm not sure who I am. At the time, he was going through an identity crisis trying to find out where he belonged in life. My advice was simple, Go look in the mirror. That's who you are and who will get you where you want to go. I hope this book helps others remember who and where they came from. Codis Hampton II
