Barracuda Christos Tsiolkas,2014-09-09 Man Booker Prize-longlisted author of *The Slap* (soon to be an NBC miniseries) returns in an “immensely moving” (Sunday Times) story of a young athlete’s coming of age Fourteen-year-old Daniel Kelly is special. Despite his upbringing in working-class Melbourne, he knows that his astonishing ability in the swimming pool has the potential to transform his life, silence the rich boys at the private school to which he has won a sports scholarship, and take him far beyond his neighborhood, possibly to international stardom and an Olympic medal. Everything Danny has ever done, every sacrifice his family has ever made, has been in pursuit of this dream. But what happens when the talent that makes you special fails you? When the goal that you’ve been pursuing for as long as you can remember ends in humiliation and loss? Twenty years later, Dan is in Scotland, terrified to tell his partner about his past, afraid that revealing what he has done will make him unlovable. When he is called upon to return home to his family, the moment of violence in the wake of his defeat that changed his life forever comes back to him in terrifying detail, and he struggles to believe that he’ll be able to make amends. Haunted by shame, Dan relives the intervening years he spent in prison, where the optimism of his childhood was completely foreign. Tender, savage, and blazingly brilliant, *Barracuda* is a novel about dreams and disillusionment, friendship and family, class, identity, and the cost of success. As Daniel loses everything, he learns what it means to be a good person—and what it takes to become one.

Barracuda Christos Tsiolkas,2016-07 Tender and brutal and blazingly brilliant, the new novel from the acclaimed author of the international bestseller *The Slap* takes an unflinching look at modern Australia – at our hopes and dreams, our friendships and our families – and asks what it means to be a good person, and what it takes to become one.

Tom Clancy's Splinter Cell: Operation Barracuda David Michaels,2005-11-01 As part of a top-secret initiative called Third Echelon, National Security Agency special operative Sam Fisher has been given license to spy, steal, destroy, and assassinate to protect America. And he does...

Electric Barracuda Tim Dorsey,2011-01-25 “Dorsey differs from writers such as Carl Hiassen, James Hall, and Elmore Leonard...These guys fire bullets. Dorsey makes sure his gun is filled with hollow-point.” –Sarasota Herald Tribune Readers who can’t get enough of lovable serial killer Serge A. Storms can rejoice. He’s back in *Electric Barracuda*—the latest outrageous romp through the Sunshine State by Tim Dorsey, master of the zany crime thriller. This time Serge is a fugitive running from the police, and murder and mayhem have never been more over-the-top hilarious. Tim Dorsey’s *Electric Barracuda* is not to be missed. The Miami Herald put it best: “Nobody, but nobody, writes like this guy.”

Barracuda Michael Aye,2008-08-03 Admiral Lord Gilbert Anthony and his brother Lieutenant Gabriel Anthony, fighting for the Crown during the American Revolution, find adventure, daring privateers, and a ghost ship. The ghost ship *Barracuda* plies the waters off the coast of Saint Augustine in 1777. The *Barracuda* takes no prize and leaves no one alive. Tracking down the *Barracuda* is only one of the many challenges and battles the brothers face when assigned to protect Florida loyalists. Facing the privateers, who know the surrounding inlets and rivers, affords a series of dangerous missions for the crew and costs them many men and a few good ships. As the war takes its toll, Gil yearns to return to England, while Gabe steals the hearts of local women. For an author bio, photo, and a sample read visit www.bosonbooks.com.

Barracuda Sigmund Brouwer,2016-09-20 In this middle-grade novel, Jim Webb goes to the Florida Keys with his grandfather and becomes embroiled in a mystery involving a dead man and a missing cache of diamonds.

Barracuda Mike Monahan,2007-10-19 Recovering from a gunshot wound he'd received while in the line of duty, NYPD Detective Mick O'Shaughnessy is in need of some relaxing time away from the big city. A vacation in the peaceful, scenic Bikini Atoll, a scuba diver's paradise, could be the panacea to heal his wounded leg as well as his shattered nerves. Then again, maybe it isn't. The Majestic Resort Hotel, unfortunately, does not turn out to be the bastion of tranquility Mick had hoped to enjoy. Immediately upon arrival, Micko inadvertently finds himself dropped in the middle of an international money laundering operation, a territorial feud between the island natives and the resort developers, and an impending mob war between the Russian Mafia and the Japanese Yakuza. If that weren't nerve-wracking enough, the many years of nuclear testing that had taken place in Bikini Atoll after World War II have had an unusual effect on the sea life in the lagoon—and the freakishly large mutant barracuda who dwells there perceives all scuba-diving tourists as lunch meat. *Barracuda* is a fast-paced story in which international intrigue, environmental catastrophe, and the sense of cultural pride collide. Even on vacation, Mick O'Shaughnessy is a detective at heart, and he refuses to fly away from the chaos in this island paradise until all questions are answered and feelings of safety and justice take over the atoll. The historical significance of the location and the underwater depictions in *Barracuda* are well researched, with the story incorporating the history of Bikini Atoll in the years after World War II, authentic scuba-diving knowledge, and proper police procedure into its plot, characters, and scenic detail. *Barracuda* will be enjoyed by readers who appreciate the aquatic action of *Jaws*, the mob intrigue of *The Godfather*, and the police procedural sense of *The Onion Field*.

Electric Barracuda Tim Dorsey,2011 Serge Storms, that lovable thermonuclear vigilante and one stop Florida trivia shop, has been leaving corpses strewn across the Sunshine State for more than a decade. The authorities, especially one tenacious state agent, have begun to notice the exponential body count, and send a police task force to track down Serge. Could his luck finally have run out? Meanwhile, armed with his perpetually baked sidekick, Coleman, Serge decides to blitz the state and resurrect his Internet travel advice website, which, of course, must be the finest and the final word on trekking the Sunshine State. To up the ante, Serge concocts a theme vacation for his cyberspace audience. And that theme? You, too, can experience Florida through the eyes of a fugitive. Off they go blogging along a getaway route through the state's most remote bayous, back roads, and bars, where the number of cadavers begin stacking up like Serge's website hits. And in the middle of all his make believe close brushes, Serge finally wises up to his pursuers and realizes that the manic gumball rally is genuinely on in the tradition of the great American chase movie. Clues and questions mount: Who are all the women being photographed naked in the swamp? What made Coleman draw on his face with magic markers? Where is the cruise to nowhere taking its drunk prisoners? When was the last time a Civil War reenactment involved a sports car? But Serge also has some personal business to tidy up. His grandfather's old Miami Beach gang suddenly had their life savings wiped out, and there's a good bet it was no accident. Too much action for Serge to juggle? Not when it all dovetails nicely into his Secret Master Plan. And especially if it involves Serge's favorite new obsession: tracking Al Capone's little known escapades in the Everglades. So gas up the car, say good bye to the relatives, and join Serge on the lam as he drives straight for the deepest bowels of Florida to unravel the final mysteries of *Electric Barracuda*. -- From publisher.

Barracuda Richard Turner,2015 1945 – Vienna. With Soviet forces ringing the city, a lone plane lands and is quickly loaded with a mysterious cargo.Present day – With troubles brewing in the Aegean, Ryan Mitchell and his

team of ex-Special Forces operatives are brought in to protect the sister of a Greek general who is targeted for assassination. However, before long they are drawn into a deadly race to find a fortune that has been lost to the world for decades. They soon discover that the answer to preventing a war lies in the past.From Vienna to Spain, to South America and Portugal, the hunt for the truth is on.

Florida Frenzy Harry Crews,1982 Fourteen essays and articles and three short stories that will hit you right between the eyes. Crews writing is informed by a deep love of language, literature, nature, blood sports, and his own kind of people--namely rural, southern, hard-drinking, honest-measure hell-raisers. We are all lucky to have him to tell us about cockfighting, dogfighting, mending an injured hawk, becoming a great jockey, poaching gators, and taking ourselves much too seriously--Chicago Tribune The author's gifts include an elegant and easy style, a knack for telling a good story, and a wry and riotous sense of humor. . . . Unforgettable characters whose preoccupations evoke such memorable detail. Despite the concreteness of his descriptions, his sports cronies and the bar rats he encounters take on a universality in his graceful prose.--Newsday In this collection of fiction and essays, Crews focuses on the people and places of Florida--full of natural wonders and other, grimmer delights that make perfect grist for his forceful style, Southern Gothic sensibilities, and rowdy sense of humor. From poaching gators, to the Gatornationals, to cockfighting--a must-have collection for Harry Crews fans new and old.

Eye of the Tiger Wilbur Smith,2018-06-05 An action-packed thriller from global bestseller Wilbur Smith It takes one to recognise one. This was a man trained to live with and by violence. He was muscle, a soldier, in the jargon. I had hoped never to see this kind of barracuda cruising St Mary's placid waters. It gave me a sick little slide in the guts to know that it had found me out again. He left that life behind. But that life hasn't left him... Harry Fletcher lives a quiet life these days, running a tourist fishing boat from the quiet island of St Mary's, off the South African coast. Then his next group arrives, with very specific instructions for Harry - instructions that suggest they know exactly who he is. Before he knows it, Harry has been swept back into a world of greed and violence, of men who will do anything to get their hands on the treasure under the sea, and of women who are too beautiful to trust. But when the Great Mogul diamond is the prize, all Harry knows is that he'll do anything to get there first...
