Original, sparkling bright, and layered with feeling.--Sally Thorne, author of The Hating Game A romance writer who no longer believes in love and a literary writer stuck in a rut engage in a summer-long challenge that may just upend everything they believe about happily ever afters. Augustus Everett is an acclaimed author of literary fiction. January Andrews writes bestselling romance. When she pens a happily ever after, he kills off his entire cast. They're polar opposites. In fact, the only thing they have in common is that for the next three months, they're living in neighboring beach houses, broke, and bogged down with writer's block. Until, one hazy evening, one thing leads to another and they strike a deal designed to force them out of their creative ruts: Augustus will spend the summer writing something happy, and January will pen the next Great American Novel. She'll take him on field trips worthy of any rom-com montage, and he'll take her to interview surviving members of a backwoods death cult (obviously). Everyone will finish a book and no one will fall in love. Really.

Old Bones Douglas Preston,Lincoln Child,2019-08-20 The #1 NYT bestselling authors Preston & Child bring the true story of the ill-fated Donner Party to new life in this thrilling novel of archaeology, history, murder, and suspense. Nora Kelly, a young curator at the Santa Fe Institute of Archaeology, is approached by historian Clive

Benton with a once-in-a-lifetime proposal: to lead a team in search of the so-called Lost Camp of the tragic Donner Party. This was a group of pioneers who earned a terrible place in American history when they became snow-bound in the California mountains in 1847, their fate unknown until the first skeletonized survivors stumbled out of the wilderness, raving about starvation, murder-and cannibalism. Benton tells Kelly he has stumbled upon an amazing find: the long-sought diary of one of the victims, which has an enigmatic description of the Lost Camp. Nora agrees to lead an expedition to locate and excavate it-to reveal its long-buried secrets. Once in the mountains, however, they learn that discovering the camp is only the first step in a mounting journey of fear. For as they uncover old bones, they expose the real truth of what happened, one that is far more shocking and bizarre than mere cannibalism. And when those ancient horrors lead to present-day violence on a grand scale, rookie FBI agent Corrie Swanson is assigned the case...only to find that her first investigation might very well be her last.

**Crooked River** Douglas Preston, Lincoln Child, 2020-02-04 A sea of unanswered questions. Dozens of identical shoes have washed up on the beach in the quiet resort town of Sanibel Island, Florida. They appear completely ordinary but for one thing – each contains a crudely severed human foot. Faced with an incomprehensible puzzle and ever more confusing pathology reports, the local police call on FBI Special Agent A.X.L. Pendergast for his expertise. But with no answers and endless possibilities they are left with only questions: What has happened, and why? Where have the feet come from? And are the victims still alive? Soon Pendergast will find himself entrenched in one of the most complex and inexplicable challenges of his career. Praise for Preston and Child: 'Get ready for the ride of your

life' DAVID BALDACCI 'Will leave you breathless' LEE CHILD 'Fast-moving, sophisticated and bursting with surprises... There's nothing else like them' WASHINGTON POST 'White-hot bestselling suspense. Simply brilliant!' LISA GARDNER

*Still Life with Crows* Douglas Preston, Lincoln Child, 2003-07-01

Amid golden cornfields, FBI Special Agent Pendergast discovers evil in the blood of America's heartland. No one is safe.

**The Forgotten Room** Lincoln Child, 2016-05-31 NEW YORK TIMES BESTSELLER • Another page-turning installment in the Jeremy Logan series: A long-lost experiment of unknown intent ... a hidden room in a vast seaside estate ... an investigator marked for danger ... On a sprawling estate on the coast of Rhode Island, at the nation's oldest and most prestigious think tank, an unfathomable tragedy takes place. No one knows what to make of the disturbing evidence left behind. Then reports begin to surface of increasingly bizarre behavior among the organization's distinguished scientists. Called upon to investigate these strange happenings, history professor and analyst of inexplicable phenomena Jeremy Logan comes across an ingeniously concealed room in a long-dormant wing of the mansion. What he discovers within may provide answers—and, in the process, unleash a new wave of catastrophe.

**Our Souls at Night** Kent Haruf, 2015-05-26 NATIONAL BESTSELLER • A spare yet eloquent, bittersweet yet inspiring story of a man and a woman who, in advanced age, come together to

wrestle with the events of their lives and their hopes for the imminent future. In the familiar setting of Holt, Colorado, home to all of Kent Haruf's inimitable fiction, Addie Moore pays an unexpected visit to a neighbor, Louis Waters. Her husband died years ago, as did his wife, and in such a small town they naturally have known of each other for decades; in fact, Addie was quite fond of Louis's wife. His daughter lives hours away, her son even farther, and Addie and Louis have long been living alone in empty houses, the nights so terribly lonely, especially with no one to talk with. But maybe that could change? As Addie and Louis come to know each other better--their pleasures and their difficulties--a beautiful story of second chances unfolds, making *Our Souls at Night* the perfect final installment to this beloved writer's enduring contribution to American literature.

Verses for the Dead (Free Preview: The First Four Chapters )  
Douglas Preston, Lincoln Child, 2018-10-27 In this #1 New York Times bestseller, FBI Agent Pendergast reluctantly teams up with a new partner to investigate a rash of Miami Beach murders . . . only to uncover a deadly conspiracy that spans decades. After an overhaul of leadership at the FBI's New York field office, A. X. L. Pendergast is abruptly forced to accept an unthinkable condition of continued employment: the famously rogue agent must now work with a partner. Pendergast and his new colleague, junior agent Coldmoon, are assigned to investigate a rash of killings in Miami Beach, where a

bloodthirsty psychopath is cutting out the hearts of his victims and leaving them with cryptic handwritten letters at local gravestones. The graves are unconnected save in one bizarre way: all belong to women who committed suicide. But the seeming lack of connection between the old suicides and the new murders is soon the least of Pendergast's worries. Because as he digs deeper, he realizes the brutal new crimes may be just the tip of the iceberg: a conspiracy of death that reaches back decades.

**Deep Storm** Lincoln Child, 2007 Summoned to a remote oil rig to diagnose a strange medical ailment among the rig workers, ex-Navy physician Peter Crane soon discovers that the condition is linked to the underwater excavation being done at science research station Deep Storm.

**Full Wolf Moon** Lincoln Child, 2017-05-16 The New York Times bestselling author of *The Forgotten Room* and *Deep Storm* is back with a new thriller that follows the trail of a killer who cannot exist...featuring Jeremy Logan, the renowned investigator of the supernatural and fantastic. Legends, no matter how outlandish, are often grounded in reality. This has been the guiding principle behind the exhilarating career of Jeremy Logan, the enigmologist--an investigator who specializes in analyzing phenomena that have no obvious explanation--previously seen in *The Forgotten Room*, *The Third Gate*, and *Deep Storm*. Logan has often found himself in situations where keeping an open mind could mean the difference between life and death, and that has never been more true than now. Logan travels to an isolated writers' retreat deep in the Adirondacks to finally work on his book when the remote community is rocked by the grisly discovery of a dead hiker on Desolation Mountain. The body has been severely mauled, but the unusual savagery of the bite and

claw marks call into question the initial suspicions of a wild bear attack. When Logan is asked to help investigate, he discovers no shortage of suspects capable of such an attack--and no shortage of locals willing to point the finger and spread incredible rumors. One rumor, too impossible to believe, has even the forest ranger believing in werewolves. As Logan gets to know the remote deep-woods landscape, including a respected woman scientist still struggling with the violent loss of her father in these very woods, Logan realizes he's up against something he has never seen before. His most action-packed and white-knuckled novel to date, *Full Wolf Moon* is the perfect combination of exotic locales, provocative science, and raw action that make for a deeply entertaining Lincoln Child blockbuster. From the Hardcover edition.

***Moonlight Gardener*** Robert L. Fish, 2015-04-07 A small-town sheriff investigates a bizarre disappearance in this Edgar Award-winning short story Nobody could blame Charley Crompton for wanting to kill his wife. For years, she's made his life hell, but poor old Charley has always been too meek to stand up for himself. One night they have a terrible fight, loud enough for Mrs. Williams next door to hear every word, and the argument is followed by eerie silence. The next thing Mrs. Williams knows, Charley is digging up the peach tree in his backyard and burying it again. When Mrs. Crompton doesn't reappear, Mrs. Williams has only one thought on her mind: Mrs. Crompton has been murdered. When the local sheriff knocks on the Cromptons' door, Charley answers holding a bloody ax. As the circumstantial evidence piles up, the police are forced to decide: Is Charley Crompton a cold-blooded killer? Or has he simply lost his mind?

**Isle of the Snakes** Robert L. Fish, 2015-04-07 A traveler is

murdered in Rio for the sake of a stuffed snake The man in white has money to fly, but he boards a bus instead. It takes hours for the rickety old bus to snake down the Brazilian coast, and the man arrives in Rio de Janeiro well after midnight. He is on his way to make his fortune when he spots the killers following him and knows his life is through. A few hours after dawn, the man in white is brought to the city morgue—another anonymous corpse to be inspected by Captain José Da Silva, liaison between Interpol and the Brazilian police. Da Silva knows he is on to something when he opens the package the man left at his hotel just before the killers caught up to him. In it is a stuffed coral snake, a bizarre sight that does not faze the detective. Da Silva knows that on a late night in Rio, even dead snakes can kill.

**Brazilian Sleigh Ride** Robert L. Fish,1965

**The Diamond Bubble** Robert L. Fish,2015-06-16 A peculiar diamond sale pits Captain José Da Silva against his cousin It is an ancient scam: Offer a wealthy American a massive diamond for a bargain price, have a jeweler confirm the stone is genuine, and swap it for a fake as soon as the money changes hands. At first, Captain José Da Silva assumes Senator Hastings has been taken in by an ordinary conman, but the diamond is all too real. There is a more elaborate con in progress here, and only one man in Rio would be daring enough to execute it. He is Da Silva's cousin Nestor, and he is a true genius of crime. According to Nestor's scheme, the senator was supposed to sail that afternoon on the Bolivar, along with three other targets of the plot. But Senator Hastings deviated from the plan and left the boat at the last minute, which means Da Silva still has a chance to set things right—assuming he's quick enough to outwit his own flesh and blood.
