Adults in Higher Education Centre for Educational Research and Innovation,Organisation for Economic Co-operation and Development,1987 Issues concerning the enrollment of adults in degree programs in countries belonging to the Organisation for Economic Cooperation and Development are considered. Of concern are policies and institutional practices that affect adult participation in degree studies. The growing importance of continuing academic and professional education is addressed, along with the impact of new information and telecommunication technologies and their importance for distance higher education and independent study. In addition to an overview of adult demand for education and training and the role of higher education, attention is directed to: participation rates of adult students; characteristics of adult students; organizational policies and practices (e.g., admissions, part-time and distance modes and methods of study, credit transfer); and financial support to institutions and students. Comprehensive country surveys were completed by a number of countries (including Austria, Canada, France, West Germany, Ireland, Sweden, the United Kingdom, and the United States), while partial information was obtained from Australia, Finland, and Japan. White Man's Problems Kevin Morris,2015-01-19 Short stories by an author who offers "shrewd, bitingly funny commentary on his own privileged class" (Time). In nine stories that move between nouveau riche Los Angeles and the working class East Coast, and strike a balance between comedy and catastrophe, Kevin Morris explores the vicissitudes of modern life. Whether looking for creative ways to let off steam after a day in court or enduring chaperone duties on a school field trip to the nation's capital, the heroes of White Man's Problems struggle to navigate the challenges that accompany marriage, family, success, failure, growing up, and getting older. "Kevin Morris is that rare writer who bridges the class divide, illuminating the lives of working class characters and affluent professionals with equal authenticity and insight. White Man's Problems is a revelatory collection that marks the arrival of striking new voice in American fiction." —Tom Perrotta "The echoes here are of a former generation of American writers—John Cheever, John Updike, Raymond Carver." —USA Today "Life undermines the pursuit of success and status in these rich, bewildering stories . . . A finely wrought and mordantly funny take on a modern predicament by a new writer with loads of talent." —Kirkus Reviews

Furtl Strobe Witherspoon,2014-10-23 2026. furtl, America's once dominant technology conglomerate is bleeding money. Holospace machines out of China have transformed the way people do business on the Internet and furtl can't keep up. But there is hope. If furtl can get the US government to outlaw Holospace machines, their search algorithms, social networks, and proximity payment systems will live to see another day. All the government wants in return is unrestricted access to furtl's user information so it can squash its political opponents. It's the perfect plan (issues pertaining to privacy, innovation, and democracy notwithstanding).

Murder by Misrule Anna Castle,2014-06-01 Brilliant Francis Bacon is at a loss -- and in danger. Francis Bacon is charged with investigating the murder of a fellow barrister at Gray's Inn. He recruits his unwanted protégé Thomas Clarady to do the tiresome legwork. The son of a privateer, Clarady will do anything to climb the Elizabethan social ladder.

Bacon's powerful uncle Lord Burghley suspects Catholic conspirators of the crime, but other motives quickly emerge. Rival barristers contend for the murdered man's legal honors and wealthy clients. Highly-placed courtiers are implicated as the investigation reaches from Whitehall to the London streets. Bacon does the thinking; Clarady does the fencing. Everyone has something up his pinked and padded sleeve. Even the brilliant Francis Bacon is at a loss — and in danger — until he sees through the disguises of the season of Misrule. “Castle’s characters brim with zest and real feeling.” — Kirkus Starred Review. Don’t dally! Jump right into this first book in the award-winning Francis Bacon mystery series.

American Boys Louise Esola, 2014 It was 1969. War and protest rattled the nation while the troops marched on. The warships set sail. For coming-of-age American boys, death seemed one hill away. By then, nearly 300 of them were coming home in boxes each week. They were young men caught in a war machine, one of chance, circumstance, and misfortune. In a tragedy of just the same, lost in the turmoil of what would become America's most unpopular war, lies a story buried 1,100 fathoms deep in the blue waters off Vietnam. In the middle of a dark night off the coast of Vietnam on June 3, 1969, the USS Frank E. Evans is rammed by a ship ten times her size, sending her forward half to the bottom of the South China Sea and into oblivion. Seventy-four Americans are killed in this mysterious collision. Three brothers from a small town in Nebraska are gone, as is the son of a chief who barely survived. Only one body is ever found. The truth is confined to a footnote of the Vietnam War. Buried in obscurity even today, as the 74 names of those killed are not on the Vietnam Wall in Washington, D.C. In *American Boys*, journalist Louise Esola has uncovered and assembled a powerful rebuttal, putting the ship and her men in the time and place that was Vietnam. Groundbreaking and astonishing in scope and intimate details, *American Boys* is a story of heartbreak and perseverance. It's the story of a shattering injustice, of love and healing, and of a great generation of those who fought and lost yet vowed to never forget, though their nation has.

An Adirondack Life Brian M. Freed, 2014-07-02 A teenage love triangle is the catalyst for murder in this mystery set against the backdrop of the Adirondack wilderness--Back cover.

Orphan in America Nanette L. Avery, 2014-08-04 Bringing back to the twenty-first century an epic novel of substance and style, *Orphan in America* is a compelling fiction that follows three generations across vast distances and the impact of a dark and unfamiliar episode of America's past; the Orphan Train. Set in the 1800s, *Orphan in America* extends far beyond the genre of historical fiction. This odyssey begins with Alex, an innocent young boy, living in the slums of New York. Like thousands of other children who were transported from overcrowded cities on the Eastern Seaboard during the mid-1800s, Alex is removed from a life of poverty, put on the Orphan Train, and sent to start a new life in America's heartland. But despite the best intentions of a project meant to improve children's lives, Alex's world is forever changed as he is snatched away from his loving yet impoverished parents. Alex is quick to see the advantages of adapting to the ways of the rugged pioneers of Missouri—at least on the outside. As the reader soon learns, his life is intertwined with the tale of Will and Libby Piccard's flight from rural England and their relationship with the powerful Cambridge family of Baltimore. Murder, intrigue, and misfortune collide, unraveling the relentless efforts by Alex's father to reunite his family and the young boy caught up in a scheme of deception. Avery's expressive language and fully realized staging enrich this literary work with an authenticity that brings the saga to life. Unforgettable characters engage readers in a quest to discover more details about the mysterious threads of this fictional tapestry.

The Further Tales of a Country Doctor Paul Carter, 2014-06-23 There are no secrets in a small country town but if you open your mind as well as your heart, who knows what's around the corner. Twenty five years ago Paul Carter moved from inner city Melbourne to

regional Victoria on a tree-changing whim. But in a country town you are not just simply the family doctor, you are also a confidante, advocate, priest, batsman, bowler, banker, topic of gossip and even best man. In the spirit of James Herriot and Whitney Otto, *The Further Tales of a Country Doctor* are Pauls stories of the tapestries of life overseeing a country practice. Rich, spirited, irresistible, sombre but overwhelmingly uplifting, the humanity of these stories will stay with you for a long time.

Radhika and the Seeds Ragini Annan, 2013-05

The Fig Orchard Layla Fiske, 2013-07 The unforgettable story of a woman splintered by war and cultural mores, desperately struggling to hold her family together, *THE FIG ORCHARD* is a rich, compelling epic of love, heroism, family and empowerment. In an isolated, tradition-bound village high above the Jordan River, balancing delicately amidst age-old superstitions and religious orthodoxy, Nisrina Huniah, a fifteen-year-old girl, is torn between innocent imaginings and looming apprehensions as she marries a man she has never met, only to fall in love on the night they are wed. Her joy takes a heart-wrenching turn when the encroaching World War fiercely shatters her reality, propelling her on an unexpected journey where she develops friendships that ultimately alter her perception of herself and the world around her. Beautifully written, this sweeping epic of love and friendship, longing, and the hope of redemption is woven into a colorful tapestry that comes alive against the vibrant backdrop of life in early twentieth-century Middle East. With its haunting and deeply affecting ending, *THE FIG ORCHARD* will remain in the hearts and minds of its readers long after the last page is turned.

The Cutting Room Stewart Dudley, 2014-06 Jeff Whittaker has been a trusted communications advisor at the highest levels of government and industry. Now, no one seems to want his advice. Unemployed at fifty-five, Whittaker volunteers at the Jamieson International Documentary Film Festival, where greater value is placed on his clean driving record than his strategic public relations expertise. He is assigned to chauffeur one of the festival's biggest draws-Margaret Terror Torrance, a Hollywood star at the top of her game and the bottom of most casting lists. Although inhabitants of different worlds, Whittaker and Torrance share the scars inflicted by personal and professional slings and arrows: Torrance self-reinvented by sheer force of will; Whittaker an unapologetic introvert still scouring his life for meaning. Across five days of film screenings, media interviews, workshops and parties, the actor and the communications expert clash and click, challenging each other to stave off the entropy of middle age. At once perceptive, moving and funny, *The Cutting Room* captures the brief, spirited encounter between two people facing the second acts of their lives.
