SAM TAPLIN

📖 *My First Keyboard Book* Sam Taplin,2014-09-22 Little children can discover the fun of making music with the miniature keyboard and simple tunes in this enchanting book.--Back cover.

📖 *How to Write Songs on Keyboards* Ricky Rooksby,2005 (Book). This book helps both keyboard and guitar players to find and develop interesting chords and chord sequences on a keyboard, and then use them to write their own songs. Rather than trying to teach intricate pieces of music, the book breaks things down into a simpler style and concentrates on basic chords and ideas, starting with a simple three-chord song and gradually adding more complex structures. A visual system that virtually eliminates the use of standard music notation allows guitarists who are used to using guitar tablature to feel totally at home. Songwriting issues are also analyzed, including key changes and writing songs in minor keys. The straightforward style of this book will have musicians writing on a keyboard with ease even if they never have before.

📖 *Keyboard Runs for the Pop & Jazz Stylist* Noreen Lienhard,1999 Dozens upon dozens of runs and fills professional pianists use to add style to their performances. Swing and society runs, blues runs, jazzy bebop runs and contemporary runs, each presented in three different keys to apply to different situations. Many are demonstrated on the enclosed CD in special note-by-note slow versions and at full tempo.

📖 *A Slip of the Keyboard* Terry Pratchett,2014-09-23 A collection of essays and other non fiction from Terry Pratchett, spanning the whole of his writing career from his early years to the present day. Terry Pratchett has earned a place in the hearts of readers the world over with his bestselling Discworld series -- but in recent years he has become equally well-known and respected as an outspoken campaigner for causes including Alzheimer’s research and animal rights. A Slip of the Keyboard brings together for the first time the finest examples of Pratchett’s non fiction writing, both serious and surreal: from musings on mushrooms to what it means to be a writer (and why banana daiquiris are so important); from memories of Granny Pratchett to speculation about Gandalf’s love life, and passionate defences of the causes dear to him. With all the humour and humanity that have made his novels so enduringly popular, this collection brings Pratchett out from behind the scenes of the Discworld to speak for himself -- man and boy, bibliophile and computer geek, champion of hats, orangutans and dignity in dying. Snuff was the bestselling adult hardcover novel of 2011. A Blink of the Screen, Terry’s short fiction collection, was also one of the bestselling hardcovers of 2012.

📖 *Keys for Writers* Ann Raimes,2005 The best handbook is the one that students will use. Keys for Writers continues to build on this formula for success. In addition to offering students the clearest organization and most accessible, user-friendly features of any tabbed handbook, Keys for Writers maintains its hallmark strengths: color-coded tabs that further simplify navigation; thorough coverage of grammar in one convenient section; unique key tabs, which are moveable note cards and bookmarks; a wealth of convenient key points summary boxes throughout; concise, student-oriented writing style; and an extensive index.
