Surveillance Jonathan Raban,2008-02-12 In the not-too-distant future, no one trusts anyone and everyone is watching everybody else. America is obsessed with information and under siege from an insidious enemy: paranoia. National identify cards are mandatory, terrorism alerts are a daily event, and privacy is laid bare on the Internet. For a freelance journalist, her daughter, a bestselling author, and a struggling actor, these tumultuous times provide the backdrop as their lives become inextricably bound in a darkly humorous, frighteningly accurate story of life in an unstable world.

God of the Internet Lynn Lipinski,2016-10-15 Named to Kirkus Reviews' Best of 2016 Book List. Finalist, Best Thriller of 2016, Pacific Book Awards. A deadly and exhilarating game of cat and mouse that has all the makings of an engaging series about fighting terrorists. -Kirkus Reviews (starred review) In the fast-paced world of cybersecurity, Juliana al-Dossari is a woman with a mission. When terrorist hackers threaten to disrupt water and power systems in Boston, Dallas, and Los Angeles, she joins her husband and a team of white hat hackers to track them down. With few technical skills but plenty of courage, Juliana quickly learns how to navigate the dangerous waters of the internet in order to save her city. But using her knowledge comes at a high price - her marriage and her children are threatened if she fails. Filled with action, suspense and intrigue, God of the Internet is an edge-of-your-seat thriller that will keep you resisting to pause until the very end. GOD OF THE INTERNET is a delightfully frightening, completely realistic fictional depiction of a new face of terrorism. -IndieReader Five stars. In a real thrill ride of a read, God of the Internet...will grab readers from the very first pages, and keep them obsessively turning...all the way through until the very end. -Readers' Favorite Five stars. Lipinski has constructed a thriller based on elements that are intricately intertwined today-the internet, the family, and terrorism. In this fast paced potboiler, digital derring-do shares page space with familial obligations and international intrigue. -Pacific Book Review

Version Zero David Yoon,2021-05-27 The blockbuster debut adult thriller from New York Times bestseller David Yoon. Three friends. One broken world. And a quest to save it. Sometimes you have to break something in order to fix it... Max is fortunate enough to be employed by Wren, the world's most powerful social media company. He works in a sprawling campus made of glass on a project so secret he can tell no one about it. But one day he discovers something sinister going on beneath the surface of the company. A terrible secret that makes him rethink not only his work but also the true consequences of modern technology. When Maxi is fired from Wren for asking the wrong questions, he joins up with his two best friends to form Version Zero, a top-secret group with a simple goal: break the internet and build something better and kinder in its place...

The Phoenix Code Catherine Asaro,2022-09-27 The Nebula Award-winning author “continues to dazzle us with brilliance in combining science, romance and adventure.” —Romantic Times MIT professor Megan O’Flannery is one of the world’s leading research scientists on artificial intelligence for androids. Most of her work consists of working with computer simulations, so when the company MindSim gives Megan an opportunity to work with an android, she jumps at the chance. Hidden and secret, an underground compound in the Nevada desert offers Megan a spectacular lab where she can live and work, mostly alone except for robotic assistants—and the android. Although it appears physically indistinguishable from a human man, Megan realizes she has a lot of work ahead if he is ever to think and act like a human, let alone the superspy that MindSim wants him to be. She loosens the controls on his behavior, allowing the android—who soon chooses the name Ander—the freedom of more independent thought. However, when Raj Sundaram, the reclusive genius of robotics, arrives at the compound to work with the android, Ander’s behavior takes a strange turn, causing Megan to distrust Raj. As Ander’s development spins out of control, he throws the project into chaos, going rogue even as he becomes stronger—and more dangerously human. “This novel is clearly science fiction first with a dynamic climax that will stun the unsuspecting audience who will fail to break The Phoenix Code before Ms. Asaro reveals the ending of this keeper.” —Painted Rock Reviews “Cinematic energy and the ease and confidence of a seasoned bestseller.” —SFReviews.net

Firewall DiAnn Mills,2014 After an airport bomb interrupts her honeymoon departure, Taryn awakes to find she and her missing husband are prime suspects, and FBI agent Grayson Hall will need to uncover the truth before he and Taryn become two more casualties.

Tom Clancy's Net Force: Breaking Point Tom Clancy,Steve Pieczenik,Steve Perry,2000-10-01 In the year 2000, computers are the new superpowers. Those who control them control the world. To enforce the Net Laws, Congress creates the ultimate computer security agency within the FBI: the Net Force. Reeling from a shattered personal life, Net Force Commander Alex Michaels is informed that top secret information from a joint Air Force--Navy venture has been accessed and downloaded. The research involves an atmospheric weapon with the capability to drive half a country into madness using low frequency wave generation. Now the technology has fallen into the wrong hands--and testing has begun...

Attack Surface Cory Doctorow,2020-10-13 Cory Doctorow's Attack Surface is a standalone novel set in the world of New York Times bestsellers Little Brother and Homeland. Most days, Masha Maximow was sure she'd chosen the winning side. In her day job as a counterterrorism wizard for an transnational cybersecurity firm, she made the hacks that allowed repressive regimes to spy on dissidents, and manipulate their every move. The perks were fantastic, and the pay was obscene. Just for fun, and to piss off her masters, Masha sometimes used her mad skills to help those same troublemakers evade detection, if their cause was just. It was a dangerous game and a hell of a rush. But seriously self-destructive. And unsustainable. When her targets were strangers in faraway police states, it was easy to compartmentalize, to ignore the collateral damage of murder, rape, and torture. But when it hits close to home, and the hacks and exploits she’s devised are directed at her friends and family--including boy wonder Marcus Yallow, her old crush and archrival, and his entourage of naïve idealists--Masha realizes she has to choose. And whatever choice she makes, someone is going to get hurt. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Kraken Project Douglas Preston,2014-05-13 From celebrated Relic author Douglas Preston, Wyman Ford races to stop a rogue AI in The Kraken Project, a New York Times bestselling thriller “as chilling as it is provocative (James Rollins) NASA is building a probe to be splashed down in the Kraken Mare, the largest sea on Saturn's great moon, Titan. It is one of the most promising habitats for extraterrestrial life in the solar system, but the surface is unpredictable and dangerous, requiring the probe to contain artificial intelligence software. To this end, Melissa Shepherd, a brilliant programmer, has developed Dorothy, a powerful, self-modifying AI whose true potential is both revolutionary and terrifying. When miscalculations lead to a catastrophe during testing, Dorothy flees into the internet. Former CIA agent Wyman Ford is tapped to track down the rogue AI. As Ford and Shepherd search for Dorothy, they realize that her horrific experiences in the wasteland of the Internet have changed her in ways they can barely imagine. And they're not the only ones looking for the wayward software: the AI is also being pursued by a pair of Wall Street traders, who want to capture her code and turn her into a high-speed trading bot. Traumatized, angry, and relentlessly hunted, Dorothy has an extraordinary revelation—and devises a plan. As the pursuit of Dorothy converges on a deserted house on the coast of Northern California, Ford must face the ultimate question: is rescuing Dorothy the right thing? Is the AI bent on saving the world... or on wiping out the cancer that is humankind? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Freedom (TM) Daniel Suarez,2010-01-07 The New York Times bestseller Daemon unleashed a terrifying technological vision of an all-powerful, malicious computer program. Now, our world is the

Daemon's world—unless someone stops it once and for all... The Daemon is in absolute control, using an expanded network of shadowy operatives to tear apart civilization and build it anew. Even as civil war breaks out in the American Midwest in a wave of nightmarish violence, former detective Pete Sebeck—the Daemon's most powerful, though reluctant, operative—must lead a small band of enlightened humans in a movement designed to protect the new world order. But the private armies of global business are preparing to crush the Daemon once and for all. In a world of shattered loyalties, collapsing societies, and seemingly endless betrayal, the only thing worth fighting for may be nothing less than the freedom of all humankind.

Purity Jonathan Franzen, 2015-09-04 A jovem Pip Tyler não sabe quem é. Sabe que o seu nome verdadeiro é Purity, que tem as costas um empréstimo de cento e trinta mil dólares contraído para poder tirar um curso, que vive numa casa ocupada com anarquistas de Oakland, e que a sua relação com a mãe - a única família que tem - é tempestuosa. Mas não faz a mínima ideia de quem é o pai, da razão que levou a mãe a viver isolada do mundo com um nome inventado, nem de como alguma vez irá ter uma vida normal. Entram em cena os alemães. Um breve encontro com uma pacifista alemã leva Pip a um estágio na América do Sul, no Projecto Luz Solar, organização que trafica todos os segredos do mundo - incluindo, espera-se, Pip, o segredo das suas origens pessoais. O PLS nasceu da ideia de Andreas Wolf, um provocador carismático que alcançou a fama no caos que se seguiu à queda do Muro de Berlim. Agora foragido na Bolívia, Andreas sente-se atraído por Pip por razões que ela não compreende, e a intensidade com que lhe corresponde arrasa as suas ideias convencionais sobre o certo e o errado. Purity é uma fascinante história de idealismo juvenil, fidelidade extrema e assassinio. O autor de *Correções* e *Liberdade* imaginou um mundo de personagens brilhantemente originais - californianos e alemães de leste, bons progenitores e maus progenitores, jornalistas e denunciadores - e segue-lhes as pistas entrelaçadas por paisagens tão contemporâneas como a onnipresente Internet, e tão antigas como a guerra entre os sexos. Purity é o livro mais ousado e penetrante até hoje escrito por um dos mais importantes autores da atualidade.

Thin Air Richard Morgan, 2021-03-17 Par Richard Morgan, l'auteur du roman à l'origine de la série Netflix phénomène *Altered Carbon*. Hakan Veil est un ex-agent de sécurité haut de gamme, dont le corps équipé de technologies militaires fait de lui une véritable machine à tuer. Ses anciens employeurs l'ont abandonné sur une planète Mars troublée, où les institutions terriennes se battent pour l'argent et le pouvoir sur fond de luttes d'indépendance. Mais Veil rêve de retourner sur Terre - ce que lui offrent les autorités terriennes, s'il accepte d'assurer la protection de l'une de leurs employées. Une mission facile pour un expert comme lui... jusqu'à ce que tout bascule. Lorsque sa cliente se met à enquêter sur la mystérieuse disparition d'un gagnant de la loterie, elle dévoile un nid d'intrigues et de meurtres. Veil reprend ces investigations à son compte, déterrando de terribles secrets enfouis sous la surface martienne. La machine à tuer devient alors la cible de puissants ennemis prêts à tout pour l'éliminer... « Jouissif. De l'action digne d'un thriller dans un décor cyberpunk, au service d'un récit très noir, dont l'intrigue complexe ne cesse de tenir le lecteur en haleine. » *Los Angeles Times* « Une intrigue politique d'une intelligence incroyable, agrémentée d'excellentes scènes de combat. » *The Guardian* « Dans des décors de cinéma, Morgan développe son histoire avec une précision diabolique et une grâce rageuse. » Paul Di Filippo, auteur de *La Trilogie Steampunk*

The Switch Joseph Finder, 2018-05-29 A simple mix up throws an innocent man into the cross-hairs of sinister government secrets and ruthless political ambitions in this timely, electrifying thriller from New York Times bestselling author Joseph Finder. Michael Tanner is on his way home from a business trip when he accidentally picks up the wrong MacBook in an airport security line. He doesn't notice the mix-up until he arrives home in Boston, but by then it's too late. Tanner's curiosity gets the better of him when he discovers that the owner is a US senator and that the laptop contains top secret files. When Senator Susan Robbins realizes she's come back with the wrong laptop, she calls her young chief of staff, Will Abbott, in a panic. Both know that the senator broke the law by uploading classified documents onto her personal computer. If those documents wind up in the wrong hands, it could be Snowden 2.0—and her career in politics will be over. She needs to recover the MacBook before it's too late. When Will fails to gain Tanner's cooperation, he is forced to take measures to retrieve the laptop before a bigger security breach is revealed. He turns to an unscrupulous "fixer" for help. In the meantime, the security agency whose files the senator has appropriated has its own methods, darker still—and suddenly Tanner finds himself a hunted man, on the run, terrified for the safety of his family, in desperate need of a plan, and able to trust no one.

Unto the Godless What Little Remains Mário Coelho, 2022-09-14 The internet is a lonesome god. Liverloin is a fractured man, a collection of personas—artificial constructs of wants, fears and needs—created by underground science-artists to help him hide in a hyper-connected world. But he can't hide from Big Momma. She is the living internet, a benevolent AI who knows everything and everyone... and somehow is in love with Liverloin. Agent Stevly works for DAIS, an AI on the other side of the internet: the darkness to Big Momma's light. DAIS's agents manipulate news, information and media and pull the strings behind world events, but DAIS cannot control Big Momma or understand why she loves Liverloin. Agent Stevly, bound body and soul to DAIS, will stop at nothing to find the answer.

No Outward Sign Bill Neugent, 2002-11 A computer attack on the nation finds the targeted industries in denial and authorities hamstrung by turf and legal impediments. The country's survival depends on Brent Singleton, cyber vigilante, who heads a rebel force willing to go against the law. Brent becomes the target of both the government and the terrorists, and finds an unexpected ally in a beautiful FBI computer-crime investigator. "exciting and very thought provoking. I thoroughly enjoyed the book." John Gilligan, Chief Information Officer, U.S. Air Force "read it in two sittings...an attention grabber" Charlie Sherupski, Formerly the top cybersecurity officer at CIA "riveting, entertaining, authoritative" Bruce Brody, top cybersecurity official, Department of Veterans Affairs

The Hidden Truth The Owatar, 2020-02-19 The mystery surrounding the disappearance of a Malaysian passenger airplane, flight MH370 destined for Beijing. This was followed with the tragedy of another Malaysian airplane on flight MH17 a few months later. Was it related? This is a fiction story, but plausible. One can never know the real truths about what is really going on in our world. What is the Truth? Why is the truth hidden from us and for what reason? Perhaps ignorance is bliss and it is better, not to know. The truth hurts. At the end of it all we self-destruct ourselves through our own inventions. So many Human Beings but not Being Human

Cockpit Jerzy Kosinski, 2007-12-01 From the acclaimed author of *Being There* and *The Painted Bird*, this "dazzling succession of . . . erotic anecdotes . . . brilliantly def[ies] the limitations of its form" (*The New York Times Book Review*). An agent known only as Tarden is a former operative of the mysterious security agency "the Service." He has erased himself from all dossiers and transcripts. Now a fugitive, he moves across the landscape free of identity, in search of adventure and intrigue. But Tarden is a man of many disguises, and he is alternately avenger and savior, judge and trickster, as he enters the lives of others, forcing them into the arena of his judgment. In *Cockpit*, Kosinski is at his most startling and powerful, stripping away pretension and illusions of security to reveal the source of real strength within. "Jerzy Kosinski's work glistens with social observation and psychological apprehension. Not since Conrad has an Eastern European found so profound a voice in the English language." —*Time* "A vicious peepshow-parable about a world we reluctantly recognize now and then." —*Kirkus Reviews*

Thin Air Richard Morgan, 2018-10-25 Richard Morgan has always been one of our most successful SF authors with his fast-moving and brutal storylines, blistering plots and a powerful social conscience behind his work. And now he's back, with his first SF novel for eight years . . . and it promises to be a publication to remember. An ex-corporate enforcer, Hakan Veil, is forced to bodyguard Madison Madekwe, part of a colonial audit team investigating a disappeared lottery winner on Mars. But when Madekwe is abducted, and Hakan nearly killed, the investigation takes him

farther and deeper than he had ever expected. And soon Hakan discovers the heavy price he may have to pay to learn the truth.

Bluescreen Dan Wells,2015-12-14 ¿Qué harías si ni siquiera tus pensamientos más íntimos estuvieran a salvo? Los Ángeles 2050: La humanidad vive conectada a la net. Marisa Carneseca es una de las hackers más hábiles de la ciudad. Ella y sus amigas no tienen ni idea de en qué se están metiendo cuando ponen sus manos en Bluescreen, una droga virtual que, supuestamente, no produce daño ni reacción química alguna. Pero en Los Ángeles nadie es tan inocente. Y en un mundo que está online las 24 horas, todo, incluso una droga que parece inofensiva, tiene un objetivo perverso. Dan Wells, el autor best seller de No soy un serial killer, está de regreso con un cyber-thriller que nos da una perspectiva increíble de nuestro mundo en un futuro cercano.

Code of Ethics Smartypants Romance,April White,2021-09-21 There are three things you need to know about Oliver Curran: 1) He's a privileged playboy who happens to be a code-writing genius 2) For once in his life he's trying to do the right thing 3) Someone wants him dead. Dallas is a close protection specialist at Cipher Security whose bodyguard skills have already saved Oliver's life once. But when the assassin gets too close to her uncooperative client, Dallas takes the party boy away from the city where he's the social king, to the Yukon wilderness where she's a master of survival. If Dallas has to put her life on the line for a self-absorbed guy she doesn't respect, then Oliver has to take orders from the too-serious woman he can't charm. But living wild brings out their true natures, and suddenly funny is hot, capable is dangerous, and trust is the strongest survival skill of all. 'Code of Ethics' is a full-length enemies-to-lovers romantic suspense and can be read as a standalone. Book #3 in the Cipher Security series, Seduction in the City world, Penny Reid Book Universe.

Authorkywmvagpnp Introduction

Authorkywmvagpnp Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Authorkywmvagpnp Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Authorkywmvagpnp : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a

legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Authorkywmvagpnp : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Authorkywmvagpnp Offers a diverse range of free eBooks across various genres. Authorkywmvagpnp Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Authorkywmvagpnp Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Authorkywmvagpnp, especially related to Authorkywmvagpnp, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Authorkywmvagpnp, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Authorkywmvagpnp books or magazines might include. Look for these in online stores or libraries. Remember that while Authorkywmvagpnp, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Authorkywmvagpnp eBooks for free, including popular titles.Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books.Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Authorkywmvagpnp full book , it can give you a taste of the authors writing style.Subscription

Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Authorkywmvagpnp eBooks, including some popular titles.

FAQs About Authorkywmvagpnp Books

What is a Authorkywmvagpnp PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Authorkywmvagpnp PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Authorkywmvagpnp PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Authorkywmvagpnp PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Authorkywmvagpnp PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, iLovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or

tools, which may or may not be legal depending on the circumstances and local laws.
