as soon as flowers bloom Paula Maxinne,2021-04-12 The book as soon as flowers bloom was written as the author was experiencing a fresh love after a heartbreak from an 8 year long relationship. However, the pieces are about the new love, instead of the old, symbolizing her new-found respect and freedom. It is divided into two parts—periwinkle and nerine. The first one is about the new found love, having seen it as it started until it bloomed over the years. The second one is about the things she could not incorporate in the first part, which included her inner thoughts, ramblings, and realizations. This book is for teens and people in their mid-twenties experiencing the same thing. However, one of the author's goals as well is to encourage people to love, as she is in love with the idea of love. She believes that we can run out of love to give but we can also replenish it through time and healing. She wants to tell people that we can be tired but we can get back out there again. Most importantly, she wants readers to feel the love that she felt while she was writing the pieces, and hopes that she can pass it on to them through her writing.

**Syrup** Max Barry,2000-07-01 Now a major motion picture starring Amber Heard, Shiloh Fernandez, Kellan Lutz, and Brittany Snow Scat (formerly known as Michael Holloway) is young, underemployed, and trying to make it in Los Angeles. When he comes up with the idea for the hottest new soda ever, he's sure he'll become the next overnight sensation, maybe even retire early. But in the treacherous waters of corporate America there are no sure things and Scat finds that he has to fight to save his idea if his yet-to-be-realized career will ever get off the ground. With the help of a scarily gorgeous and brilliant marketing director named 6, he sets out on a mission to grab hold the fame and fortune that, time and again, elude him. This sharp-witted novel is a scathingly funny satire of celebrity, the pop culture machine, and the length to which a guy will go to get ahead—and get a date while doing it.

**Virozone** Sarah Cole,2020-10 The world as we know it has been ravaged by violence and environmental disaster. Society has been split into exclusive zones to protect what little is left. But when 16 year old Lawlie Pearce's mother is killed, it becomes clear that the tenuous peace between the zones is on the verge of unravelling. With a thirst for vengeance, Lawlie leaves AirZone to discover the truth and seek justice for her mother - even if she has to bring down the biggest enemy of all, Sceptre, the leader of the Prestige Zone that dominates the world that is Virozone.

*This, You Won't Believe!* Maxx Robinson,1998 Robinson begins his fast-paced, glibly written memoir as a salesman of TV

commercials for NBC's TODAY & TONIGHT shows in the late 50s. Weary of being a middle-man for taxes & the scary air raid drills for a Russian A-bomb attack, Robinson vows to leave the Big Apple. But how? In his 1898 sailboat, of course! The hook veers as Robinson's knowledge of sailing brings out his real entrepreneurial talents when he becomes involved in the first single-handed transatlantic sailboat race. Robinson declares an exciting goal to sail his yacht around the world with his wife. On the way they meet a 5-star entrepreneur, who, like Rumpelstiltskin, divulges his billion-dollar secret. It can only transpire on a primitive dirt-poor BRITISH CARIBBEAN island! Like Aladdin, our hero finds such a place & begins to spin the floss into gold. In a conversational, jocular style, with ironic humor influencing the locals into going along, Robinson creates a huge chicken farm. He signs the fabulous deal with the British Colonial Secretary; begins to build the stairway to promised riches. The climactic ending comes when the all-black island government obtains independence from England; repeals Robinson's rich contract &, at gun-point, (no kidding!) ousts him from their island paradise! Jennifer Government Max Barry,2004-01-06 A wickedly satirical and outrageous thriller about globalization and marketing hype, Jennifer Government is the best novel in the world ever. Funny and clever.... A kind of ad-world version of Dr. Strangelove.... [Barry] unleashes enough wit and surprise to make his story a total blast. --The New York Times Book Review Wicked and wonderful.... [It] does just about everything right.... Fast-moving, funny, involving. --The Washington Post Book World Taxation has been abolished, the government has been privatized, and employees take the surname of the company they work for. It's a brave new corporate world, but you don't want to be caught without a platinum credit card--as lowly Merchandising Officer Hack Nike is about to find out. Trapped into building street cred for a new line of \$2500 sneakers by shooting customers, Hack attracts the barcode-tattooed eye of the legendary Jennifer Government. A stressed-out single mom, corporate watchdog, and government agent who has to rustle up funding before she's allowed to fight crime, Jennifer Government is holding a closing down sale--and everything must go.

**Lexicon** Max Barry,2014-04-01 About as close you can get to the perfect cerebral thriller: searingly smart, ridiculously funny, and fast as hell. Lexicon reads like Elmore Leonard high out of his mind on Snow Crash. —Lev Grossman, New York Times bestselling author of The Magicians and The Magician King “Best thing I've read in a long time . . . a masterpiece.” —Hugh Howey, New York Times bestselling author of Wool Stick and stones break bones. Words kill. They recruited Emily Ruff from the streets. They said it was because she's good with words. They'll live to regret it. They said Wil Parke survived something he shouldn't have. But he doesn't remember. Now they're after him and he doesn't know why. There's a word, they say. A word that kills. And they want it back . . .

**Company** Max Barry, 2007-03-13 Stephen Jones is a shiny new hire at Zephyr Holdings. From the outside, Zephyr is just another bland corporate monolith, but behind its glass doors business is far from usual: the beautiful receptionist is paid twice as much as anybody else to do nothing, the sales reps use self help books as manuals, no one has seen the CEO, no one knows exactly what they are selling, and missing donuts are the cause of office intrigue. While Jones originally wanted to climb the corporate ladder, he now finds himself descending deeper into the irrational rationality of company policy. What he finds is hilarious, shocking, and utterly telling.

**Machine Man** Max Barry, 2011-08-09 Scientist Charles Neumann loses a leg in an industrial accident. It's not a tragedy. It's an opportunity. Charlie always thought his body could be better. He begins to explore a few ideas. To build parts. Better parts. Prosthetist Lola Shanks loves a good artificial limb. In Charlie, she sees a man on his way to becoming artificial everything. But others see a madman. Or a product. Or a weapon. A story for the age of pervasive technology, Machine Man is a gruesomely funny unraveling of one man's quest for ultimate self-improvement.

*Providence* Max Barry, 2020-03-31 'Compelling and innovative... Barry takes a story that has been done countless times before and makes it seem original' - Daily Mail She is the ultimate weapon. She once served us. Now she's got her own plans. Once we approached the aliens in peace... and they annihilated us. Now mankind has developed the ultimate killing machine, the Providence class of spaceship. With the ships' frightening speed, frightening intelligence and frightening weaponry, it's now the salamanders' turn to be annihilated... in their millions. The mismatched quartet of Talia, Gilly, Jolene and Anders are the crew on one of these destroyers. But with the ship's computers designed to outperform human decision-making in practically all areas, they are virtual bystanders. The Providence will take them to where the enemy are and she will dictate the strategy in any battle. The crew's only job role is to publicise their glorious war to a sceptical Earth. Social media and video clips are THEIR weapons in an endless charm offensive. THEIR chief enemy is not the space reptiles but each other, and boredom. But then everything changes. A message comes from base: the Providence is going into the Violet Zone, where there are no beacons and no communications with Earth. It is the heart of the enemy empire - and now the crew are left to wonder whether this is a mission of ultimate destruction or, more sinisterly, of ultimate self-destruction... PROVIDENCE is a dazzling, inventive, and thought-provoking new novel from the author of Lexicon.
