The Lone Wolf Louis Joseph Vance,2019-05-09 Rival members of the underworld, jealous of Lone Wolf Michael Lanyard's success as a jewel thief, threaten to reveal his true identity unless he surrenders his independence and joins their pack. Lonewolf John Lonewolf,2023-10-13 John Masterson is a man that belongs on the trail, riding through the glory days of the wild west. Unlike most gunslingers, he never chooses the life, as it seems to have chosen him. Instead of seeking fame and a reputation, all he cares about is using his skills to help people. His reputation grows, as he is approached to come and help a Mexican rancher, who's wife and daughter have been taken. Lonewolf is the story of a loner, fighting for justice, yet what he finds is something much greater, something that he might be willing to give up his way of life for. The open range, Mexican cantinas, and a woman who wants to live the life he lives with him, even as he is hesitant to let that happen. All of it brings legends of the west together with something greater, deeper, having you on an adventure of your own before you're through. Action, love, and loss make Lonewolf a story with an impact, as John and his horse Frank are their own characters without a doubt.

The wilderness song John Lonewolf,2018-02-20

Lone Wolf # 14: Philadelphia Blowup Mike Barry,2012-04-01 When a wolf leaves the pack, he lives only as long as he can kill by himself quicker and surer than any pack he runs up against. Meet a man beyond either forgiveness or vengeance. Meet the Man they Call The Lone Wolf. Better meet him now. The way he lives, he can't live much longer. The warpath of Burt Wulff had begun in New York City, taken him cross-country to San Francisco, then in an ever-increasing ring of fire and brutal vengeance to Cuba, Peru and back to the USA for a killing run across the entire nation. But now Wulff's string was finally running out. Both the syndicate and the official police were gunning The Lone Wolf—and now it was just a matter of time . . .

The Lone Wolf Joseph Louis VanCe,2007-12-01

The Lone Wolf Louis Joseph Vance,2005-05-01 1914. American screenwriter, short story writer and novelist. Vance's The Lone Wolf books feature Michael Lanyard as a charming sort of rogue, a European jewel thief with a soft spot for damsels in distress, trained in the criminal arts by the mysterious Irishman, Bourke. The book begins: It must have been Bourke who first said that even if you knew your way about Paris you had to lose it in order to find it to Troyon's. But then Bourke was proud to be Irish. Lone Wolf's Run Wayne Littrell,2014-09-18 When a vicious serial-killer comes looking for John 'Wolf' Trotter and his biker brothers, she has more than torture and death in mind. This time, she's backed up by a well-trained paramilitary band of disciples fueled by their own hatred. Wolf, a writer named for his passion for riding the back roads as a lone-wolf biker, has a troubled past. It started when he and his friends brought a killer for hire's career to a sudden end. Blondie, the dead assassin's unique and illusive partner, has devised a plan that will destroy the fragile trust among motorcycle clubs, the police, and the public that has taken decades to build. When Wolf and his buddies try to lure this devious chameleon out, bodies begin to pile up in apparently unrelated incidents. While the authorities spin their wheels, Wolf and his brothers devise their own risky plan. Will it derail the growing national threat before it sparks a bloody conflict that could be impossible to stop and almost certain to get them killed? Delivering more than just suspense and excitement, Lone Wolf's Run is an innovative hybrid thriller that skillfully incorporates safety advice and actual unique destinations into the plot—map included. “Lone Wolf's Run put me on my motorcycle ... Strange is the experience that teaches one to value riding safety while witnessing unexpected mayhem in the riding community.” —Larry Lindsey, legislative director, Alabama ABATE, MSF rider/coach

The Lone Wolf Murders Wayne Littrell,2013-03 A lone wolf biker is faced with an impossible dilemma when he witnesses the murder of a local, prominent political figure by a pair of assassins he knows are bikers. These cold, ruthless, serial killers are bikers that even one-percenters shun. John Trotter, aka Wolf, is an experienced, daily rider torn between his love of family, friends, and the freedom of the road. The biker code he lives by is challenged by his conscience to do the right thing. He calls on his biker brothers for assistance as other bikers start to die in mysterious accidents. The intensity is turned up when Wolf is forced on a long ride to hell and back. The characters, scenes, routes, and rallies are based on actual bikers, places, and events that took place when the author rode the story, minus the murders. The story was guided by coincidence, karma, and totems to the scenes described. Biker humor, chases, crashes, and tips are woven into the story. The characters are believable, everyday bikers from all walks of life, unlike the image frequently portrayed to the public. The journey Wolf and his biker brothers take is enriched by rides to rallies and locations across the southeastern U.S. taking routes frequented by bikers. The book can be used as a guide for rides to fully experience the story while exploring the area. Bikers and non-bikers alike will gain understanding of the call of freedom and its relationship to the motorcycle culture.

Full Wolf Moon Lincoln Child,2018-02-06 NEW YORK TIMES BESTSELLER • On the trail of a killer who cannot possibly exist ... Jeremy Logan, the renowned enigmologist, has often found himself in situations where keeping an open mind could mean the difference between life and death, and that has never been more true than now. When Logan travels to an isolated writers' retreat deep in the Adirondacks to work on his book, he discovers the remote community has been rocked by the grisly death of a hiker on Desolation Mountain. The attack occurred during the full moon and the body was severely mauled, but the unusual savagery calls into question the initial suspicions of a bear attack. Logan's theories take a dramatic turn when he meets Laura Feverbridge, a respected scientist who is still struggling with the violent loss of her father months earlier. As Feverbridge shares her

research with Logan, he begins to wonder whether he is actually up against something he can't believe is real.
