A Culture of Purpose Christoph

Lueneburger, 2014-03-18 How innovative leaders create meaningful cultures that attract and retain top talent Building a culture of purpose is one of the greatest

challenges facing modern leaders, as today's best minds are looking for meaning, not just jobs. More than any other single factor, cultures of purpose power winning organizations, attracting the smartest, most creative, most passionate talent. For leaders building cultures of purpose, the commercial pursuit of sustainability provides the most reliable blueprint. While sustainability has been commonly misconstrued as a description of a set of problems, Christoph Lueneburger shows that it is really a solution to problems, capable of inspiring people and forging cultures. Sharing his exclusive, in-depth dialogues with chief sustainability officers, CEOs, and board chairmen, Lueneburger reveals how sustainability works at places where it works best, including Chrysler, Unilever, TNT, Walmart, and Bloomberg. Featuring a clear three-phase process that helps leaders assess the talent needed to develop organizations characterized by energy, resilience, and openness, *A Culture of Purpose* offers leaders the right questions to ask in order to:

- Tap and Nurture Your Current Corporate Strengths: Learn how to recognize, cultivate, and leverage the competencies of your current talent to develop your leadership team.
- Hire the Right Team: Ask the right questions to identify the innate personality traits in potential new hires, regardless of level and function, to bring on board those most likely to succeed in and shape your organization.
- Craft Your Culture: Create an environment that unleashes these competencies and traits and pushes them to the fore. Shape how people relate to one another and collectively go for what would be out of reach to them individually.

Many books have described the what and the how of sustainability, but this is the first to reveal the who. Lueneburger changes dated preconceptions to show that sustainability is not an ideological mindset but a cultural trait of a resilient business. For leaders ready to

build and strengthen a winning business, A Culture of Purpose is an education, a revelation, and an invitation to the next generation of success.

The Orange Revolution Adrian Gostick, Chester Elton, 2010-09-21 From New York Times bestselling authors and renowned leadership consultants Adrian Gostick and Chester Elton comes a groundbreaking guide to building high-performance teams. What is the true driver of a thriving organization's exceptional success? Is it a genius leader? An iron-clad business plan? Gostick and Elton shatter these preconceptions of corporate achievement. Their research shows that breakthrough success is guided by a particular breed of high-performing team that generates its own momentum—an engaged group of colleagues in the trenches, working passionately together to pursue a shared vision. Their research also shows that only

20 percent of teams are working anywhere near this optimal capacity. How can your team become one of them? Based on a groundbreaking 350,000-person study by the Best Companies Group, as well as extraordinary research into exceptional teams at leading companies, including Zappos.com, Pepsi Beverages Company, and Madison Square Garden, the authors have determined a key set of characteristics displayed by members of breakthrough teams, and have identified a set of rules great teams live by, which generate a culture of positive teamwork and lead to extraordinary results. Using a wealth of specific stories from the breakthrough teams they studied, they reveal in detail how these teams operate and how managers can transform their own teams into such high performers by fostering:

- Stronger clarity of goals
- Greater trust among team members
- More open and honest dialogue
- Stronger accountability for all team members
- Purpose-based recognition of team members' contributions

The remarkable stories they tell about these teams in action provide a simple and powerful step-by-step guide to taking your team to the breakthrough level, igniting the passion and vision to bring about an Orange Revolution.

Mojo is honest about her failures and is confident that, if she can do it, so can you! So, stop reading and get straight into it.
