Marking Time Nicole R. Fleetwood, 2020-04-28 A powerful document of the inner lives and creative visions of men and women rendered invisible by America's prison system. More than two million people are currently behind bars in the United States. Incarceration not only separates the imprisoned from their families and communities; it also exposes them to shocking levels of deprivation and abuse and subjects them to the arbitrary cruelties of the criminal justice system. Yet, as Nicole Fleetwood reveals, America's prisons are filled with art. Despite the isolation and degradation they experience, the incarcerated are driven to assert their humanity in the face of a system that dehumanizes them. Based on interviews with currently and formerly incarcerated artists, prison visits, and the author's own family experiences with the penal system, *Marking Time* shows how the imprisoned turn ordinary objects into elaborate works of art. Working with meager supplies and in the harshest conditions—including solitary confinement—these artists find ways to resist the brutality and depravity that prisons engender. The impact of their art, Fleetwood observes, can be felt far beyond

prison walls. Their bold works, many of which are being published for the first time in this volume, have opened new possibilities in American art. As the movement to transform the country's criminal justice system grows, art provides the imprisoned with a political voice. Their works testify to the economic and racial injustices that underpin American punishment and offer a new vision of freedom for the twenty-first century.

The Witch Hunter Nicole R. Taylor, 2015-05-11 I was born into the world covered in blood, and that's exactly the way I left it. Ever since, I have been damned to walk the boundary between life and death alone. Unwillingly turned and left to my nightmare, I have seen men commit countless horrors and committed many of my own. My origins shall remain unknown, my true self hidden. I have been called by many names, but in this life I am known as the Witch Hunter. I have been asleep these past 150 years, until I was awoken by a haunting call. Zachary Degaud was twenty three when he died. The problem was, he didn't stay that way. Present day, he's just another vampire with another unremarkable story. That is, until he manages to provoke a two thousand year old witch named Katrin,

who wants to make him pay in the most horrible way imagined. Along with his brother Sam, newly made vampire Liz and their only witch ally, Gabby, his only chance for survival is to summon the ancient and unpredictable vampire known as the Witch Hunter. Zac is just looking for a way out of his psychopathic witch problems, but instead will find himself falling head first into a blood feud that has stretched thousands of years. Aya has been asleep for the past 150 years, until she was awoken by a haunting call. The witch she has been hunting for thousands of years, Katrin, has resurfaced and marked a young, annoyingly arrogant vampire by the name of Zachary Degaud. Unless she does something, he will die a slow and painful death. He has given her an opportunity to end the witch, but does she want to help him or leave him to his fate? Zac will get under her skin like no one else has and she just might find herself making the ultimate sacrifice before he is gone forever. They will both have to choose sides and look deep within themselves before the end. But, what Zac learns about himself, will surprise him most of all.

On Racial Icons Nicole R. Fleetwood, 2015-07-15 What meaning does the American public attach

to images of key black political, social, and cultural figures? Considering photography's role as a means of documenting historical progress, what is the representational currency of these images? How do racial icons "signify"? Nicole R. Fleetwood's answers to these questions will change the way you think about the next photograph that you see depicting a racial event, black celebrity, or public figure. In *On Racial Icons*, Fleetwood focuses a sustained look on photography in documenting black public life, exploring the ways in which iconic images function as celebrations of national and racial progress at times or as a gauge of collective racial wounds in moments of crisis. Offering an overview of photography's ability to capture shifting race relations, Fleetwood spotlights in each chapter a different set of iconic images in key sectors of public life. She considers flash points of racialized violence in photographs of Trayvon Martin and Emmett Till; the political, aesthetic, and cultural shifts marked by the rise of pop stars such as Diana Ross; and the power and precarity of such black sports icons as Serena Williams and LeBron James; and she does not miss Barack Obama and his family along the way. *On Racial Icons* is an eye-opener in every sense of the phrase. Unlike her ex, who happens to also be a college professor, she won't sleep with students. And

because her specialty is psychology, she knows before she can think of sleeping with anyone, she needs time to heal, but her friend swears nothing will fix her faster than a fling. Who could possibly ignite her passion again? Daring Her Captor: He's the last man she should want... Off Limits: A bad decision waiting to happen, a forbidden fruit begging to be savored ... a best friend's ex is strictly off limits. Unless... Keeping Her: He's my ex and now my client. There are so many reasons to say no to him. So why can't I stop saying yes?

Here and Again Nicole R. Dickson, 2014-06-03 Deep in the Shenandoah Valley, the present and the past are as restless as the river mists. And when they collide, the heart is the only compass pointing home. For nurse Ginger Martin, her late husband's farm is both a treasured legacy and the harbinger of an uncertain future. Since he was recently killed in Iraq, every day is fraught with grief that won't abate. Keeping the farm going and nourishing her children's hopes without him seems as impossible as having dreams for the future—or going back into the past.... By a curious coincidence, a stranger appears in Ginger's life, always showing up to help in unexpected and much-needed ways.

He says he's a soldier, lost and trying to make his way home, but Ginger understands that Samuel is a kindred spirit, longing to repair a life interrupted. The challenges of their hopes and longings will test who they really are in the most heartbreaking of ways. And only by coming to terms with their losses and the necessity of change will Ginger and Samuel be able to each make a future of their own—and discover at last where their true home lies....

Dracula and Philosophy Nicolas Michaud, Janelle Pötzsch, 2015-07-14 Twenty-four nocturnal philosophers stake out and vivisect Dracula from many angles, unearthing evidence from numerous movies and shows—macabre, terrifying, tragic, and comic. Altmann decides whether Dracula can really be blamed for his crimes, since it's his nature as a vampire to behave a certain way. Arp argues that Dracula's addiction to live human blood dooms him to perpetual misery. Karavitis sees Dracula as a Randian individual pitted against the Marxist collective. Ketcham contrives a meeting between Dracula and the Jewish theologian Maimonides. Littmann maintains that if we disapprove of Dracula's behavior, we ought to be vegetarians. Mahon uses the example of Dracula to resolve nagging

problems about the desirability of immortality. McCrossin and Wolfe, disinter some of the re-interpretations of this now-mythical character, and asks whether we can identify an essential Dracula. Pramik shows how the Dracula tale embodies Kierkegaard's three stages of life. Barkman and Versteeg ponder what it would really feel like to be Dracula. The Greens publish some previous unknown letters between Dracula and Camus's Meursault. Vuckovich looks at the sexual morality of characters in the Dracula saga. De Waal explains that Dragula is scary because every time this being appears, it causes gender trouble.

Home Truths? David Buckingham, Rebekah Willett, Maria Pini, 2011-01-10 An academic approach to the popular use of video production technology

Haunted Backroads Nicole R. Kobrowski, 2011-08 Wander one of Indiana's most haunted cities with the state's most trusted paranormal investigator! Once a conductor hub on the Underground railroad, the very nature of Westfield has always been unusual. Author Nicole Kobrowski recalls chilling tales of ghosts who haunt many of the local homes and businesses. You will journey through the

deserted streets of this Indiana city and visit with pioneers who refuse to leave. Through her accounts of unearthly inhabitants who would rather scratch or scare you than share the space, Kobrowski reveals for the first time in print, the creepy, unnatural, and downright frightening supernatural stories that are part of Westfield's history and allure.

Troubling Vision Nicole R. Fleetwood, 2011-01-15 *Troubling Vision* addresses American culture's fixation on black visibility, exploring how blackness is persistently seen as a problem in public culture

and even in black scholarship that challenges racist discourse. Through trenchant analysis, Nicole R. Fleetwood reorients the problem of black visibility by turning attention to what it means to see blackness and to the performative codes that reinforce, resignify, and disrupt its meaning. Working across visual theory and performance studies, Fleetwood asks, How is the black body visualized as both familiar and disruptive? How might we investigate the black body as a troubling presence to the scopic regimes that define it as such? How is value assessed based on visible blackness? Fleetwood documents multiple forms of engagement with the visual, even as she meticulously underscores how the terms of engagement change in various performative contexts. Examining a range of practices from the documentary photography of Charles “Teenie” Harris to the “excess flesh” performances of black female artists and pop stars to the media art of Fatimah Tuggar to the iconicity of Michael Jackson, Fleetwood reveals and reconfigures the mechanics, codes, and metaphors of blackness in visual culture. “Troubling Vision is a path-breaking book that examines the problem of seeing blackness—the simultaneous hyper-visibility and invisibility of African Americans—in US visual culture in

the last half century. Weaving together critical modes and methodologies from performance studies, art history, critical race studies, visual culture analysis, and gender theory, Fleetwood expands Du Bois's idea of double vision into a broad questioning of whether 'representation itself will resolve the problem of the black body in the field of vision.' With skilled attention to historical contexts, documentary practices, and media forms, she takes up the works of a broad variety of cultural producers, from photographers and playwrights to musicians and visual artists and examines black spectatorship as well as black spectacle. In chapters on the trope of 'non-iconicity' in the photographs of Charles (Teenie) Harris, the 'visible seams' in the digital images of the artist Fatimah Tuggar, and a coda on the un-dead Michael Jackson, Fleetwood's close analyses soar. Troubling Vision is a beautifully written, original, and important addition to the field of American Studies."—Announcement of the American Studies Association for the 2012 Lora Romero First Book Publication Prize

Crescent Calling Nicole R. Taylor, 2018-02-09 One reluctant witch. One hot Irishman. One epic battle to save magic from extinction. When Skye Williams receives news of her estranged mother's

death, she must go to Ireland to claim her inheritance. But when she arrives in the tiny village of Derrydun, she isn't prepared for what she finds nestled amongst the rolling hills of the Emerald Isle. Lumped with her mother's crystal shop, a moody goth girl for an employee, and a crumbling cottage, selling up sounds like a great plan...until she sees the hot Irishman she's been crushing on turn into a fox. Thrust into a world she never knew existed, Skye discovers she's a witch, like her mother before her, but it comes with a heavy price. She is the last of her coven, the Crescent Witches, and is on her own with a terrible burden. Witches are being hunted—and Skye might be the only one who can stop magic dying out...before it's gone forever. The Crescent Witch Chronicles is a series stuffed full of Irish charm, myth and mayhem. Come on an adventure fraught with danger and forbidden romance...and the ultimate battle to save magic before it's gone forever. The Tao of Stress Robert G. Santee, 2013-11-01 Imagine, for a moment, a branch in the wind. If it moves with the wind, it will sway gracefully and remain intact; but if it refuses to bend, it will break.

Like that unbendable branch, many of us refuse to be in harmony with the changes around us, and it is out of this conflict that much of our stress is created. As with most emotions, stress is a natural part of life, but it must be carefully managed in order to keep a sense of balance. When we allow stress to take control, a number of psychological and physical health problems can follow. Anxiety, depression, headaches, high blood pressure, heart problems, and even diabetes can all be caused or exacerbated by stress. In order to live a healthy life, you need to make a change. In *The Tao of Stress*, an expert in Taoist psychology presents daily meditative skills and movement exercises that can help you simplify your life, fight fatigue, and calm a busy mind. After learning the basics of the Taoist approach to stress management, you will be able to put theory into practice through the various simple exercises and activities offered in this book. By creating your own stress management program, you will stay on the path (Tao) to good health, both in body and mind. Remember, even Zen masters aren't immune to stress. But they do know that in order to break the cycle of stress, you must be willing to give yourself up to the flow of life. This book will show you how.

From the War on Poverty to the War on Crime Elizabeth Hinton,2016-05-09 How did the land of the free become the home of the world's largest prison system? Elizabeth Hinton traces the rise of mass incarceration to an ironic source: not the War on Drugs of the Reagan administration but the War on Crime that began during Johnson's Great Society at the height of the civil rights era.
