**Authority** Jeff VanderMeer, 2014-05-06 John Rodriguez, the new head of a secret agency tasked to monitor Area X—a lush and remote terrain mysteriously sequestered from civilization—is faced with disturbing truths about himself and the agency he has sworn to serve when the secrets of Area X begin to reveal themselves. Original. 50,000 first printing.

**Authority** Nathan Barry, 2014-04-03 THE IDEA THAT AUTHORS CANNOT MAKE MONEY IS 100% FALSE. And no, you do not have to be famous or have a huge online following In less than one calendar year, Nathan Barry made over \$250,000 by independently publishing three books he wrote himself. Making money from book sales is wonderful but it is just the beginning. Getting a raise, landing a new job, and gaining new clients are all direct results of writing and publishing a book. In Authority, Nathan shows you: -How NOT to be a poor, starving author -How to establish a consistent writing habit -How to implement a successful marketing strategy -How to replace traditional publishing methods with methods that can earn far more, in far less time -How to position yourself as an AUTHORITY in your chosen field and enjoy benefits far beyond simply making money

**The Authority and Interpretation of the Bible** Jack Rogers, Donald K. McKim, 1999-02-05 This book is a detailed and comprehensive study of attitudes toward biblical authority and interpretation held from the beginnings of the Christian era to the present day. In clear and readable fashion, the authors examine the writings of early church fathers, the medieval exegetes, and the leaders of the Protestant Reformation to locate the source of, and refute, the position of inerrancy.

**We Answer to Another** David T. Koyzis, 2014-03-13 The quest to escape authority has been a persistent feature of the modern world, animating liberals and Marxists, Westerners and non-Westerners alike. Yet what if it turns out that authority is intrinsic to humanity? What if authority is characteristic of everything we are and do as those created in God's image, even when we claim to be free of it? What if kings and commoners, teachers and students, employers and employees all possess authority? This book argues that authority cannot be identified with mere power, is not to be played off against freedom, and is not a mere social construction. Rather it is resident in an office given us by God himself at creation. This central office is in turn dispersed into a variety of offices relevant to our different life activities in a wide array of communal settings. Far from being a conservative bromide, the call to respect authority is foundational to respect for humanity itself.

**Annihilation** Jeff VanderMeer, 2014-02-04 A MAJOR MOTION PICTURE FROM ALEX GARLAND, STARRING NATALIE PORTMAN AND OSCAR ISAAC The Southern Reach Trilogy begins with Annihilation, the Nebula Award-winning novel that reads as if Verne or Wellsian adventurers exploring a mysterious island had warped through into a Kafkaesque nightmare world (Kim Stanley Robinson). Area X has been cut off from the rest of the continent for decades. Nature has reclaimed the last vestiges of human civilization. The first expedition returned with reports of a pristine, Edenic landscape; the second expedition ended in mass suicide; the third expedition in a hail of gunfire as its members turned on one another. The members of the eleventh expedition returned as shadows of their former selves, and within weeks, all had died of cancer. In Annihilation, the first volume of Jeff VanderMeer's Southern Reach trilogy, we join the twelfth expedition. The group is made up of four women: an anthropologist; a surveyor; a psychologist, the de facto leader; and our narrator, a biologist. Their mission is to map the terrain, record all observations of their surroundings and of one another, and, above all, avoid being contaminated by Area X itself. They arrive expecting the unexpected, and Area X delivers—they discover a massive topographic anomaly and life forms that surpass understanding—but it's the surprises that came across the border with them and the secrets the expedition members are keeping from one another that change everything.

**The Seat of Authority in Religion** James Martineau, 1905

**Obedience to Authority** Stanley Milgram, 2017-07-11 A part of Harper Perennial's special "Resistance Library" highlighting classic works that illuminate our times: A special edition reissue of Stanley Milgram's landmark examination of humanity's susceptibility to authoritarianism. "The classic account of the human tendency to follow orders, no matter who they hurt or what their consequences." — Washington Post Book World In the 1960s, Yale University psychologist Stanley Milgram famously carried out a series of experiments that forever changed our perceptions of morality and free will. The subjects—or "teachers"—were instructed to administer electroshocks to a human "learner," with the shocks becoming progressively more powerful and painful. Controversial but now strongly vindicated by the scientific community, these experiments attempted to determine to what extent people will obey orders from authority figures regardless of consequences. "Milgram's experiments on obedience have made us more aware of the dangers of uncritically accepting authority," wrote Peter Singer in the New York Times Book Review. With an introduction from Dr. Philip Zimbardo, who conducted the famous Stanford Prison Experiment, Obedience to Authority is Milgram's fascinating and troubling chronicle of his classic study and a vivid and persuasive explanation of his conclusions.

**Good Authority** Jonathan Raymond, 2018-05-15 Society's current narrative of work/life balance is focusing on the wrong thing. It's not about benefit packages, flexible work hours or ping pong but rather changing the experience of work itself. As a leader, your number one priority should be to create a work environment where personal and professional growth are one in the same.

**Authority** David Martyn Lloyd-Jones, 1958

**Results Without Authority** Tom KENDRICK, 2012-01-29 It's tricky enough to spearhead a big project when you're the boss. But when you're the leader of a team of people who don't report to you, the obstacles are even greater. Results Without Authority is the definitive book for project managers looking to establish credibility and control. A groundbreaker in the field, it supplies a start-to-finish system for getting successful project results from cross-functional, outsourced, and other types of teams. The completely updated second edition includes new information on: ò Agile methods and evolving project management tools ò Strategies for working with virtual teams ò Analytical versus òblinkö decision processes ò The use (and misuse) of social media in project environments ò The myth of multitasking. For project leaders lacking clear-cut authority, getting everyone on board—and keeping them there—can be a challenge. Results Without Authority is the must-have guide for getting the best results from your team.

**Prophecy and Authority** Kemper Fullerton, 1919

**The Meaning of Authority** John E. Skinner, 1983

**Of Kings and Prophets** Mark Rutland, 2021-10-05 FROM NEW YORK TIMES BEST-SELLING AUTHOR Power is only as strong as the authority that sustains it. This book will help you be a better leader. It will help you receive a healthy dose of accountability through applied spiritual authority. The biblical prophets did not live or prophesy in a contextual vacuum. They spoke into real-life circumstances to real-life leaders such as kings, queens, governors, and generals. Drawing on biblical accounts, Dr. Mark Rutland shows how these interactions, sometimes in the form of advice but more often as dramatic confrontations, demonstrate the tension between heaven's authority and the princes of this world. Readers will discover that: God positions His messengers to confront and advise those who lead in the natural realm. Likewise, Satan is also working to position his own servants near the world's leaders hoping to steer them away from the things and plans of God. To whom those leaders listen will determine, to a large extent, the fate of nations. God often positions His servants at the right elbow of leaders in a wide range of disciplines, from business to education to entertainment to politics. Every believer should be open to being God's prophetic voice in someone else's life, whether that person is a child, a boss, or a town councilman. Likewise, every believer should be in constant prayer for and humbly sensitive to wise counsel sent from God as a gift of grace. God makes and unmakes kings. When they can discern and listen to His voice, He sustains their well-wielded authority with His supernatural power.

**The Authority Book Two** Mark Millar,Doselle Young,Tom Peyer,Joe Casey,2021-05-25 As the 21st century dawns, a battle-hardened Authority turns its attention to a previously unchallenged class of villains-the invisible power brokers who manipulate the world’s political figureheads to advance their own selfish interests. The powers that be, however, didn’t get where they are by playing nice. They’ve made plans for every contingency-including teams of insanely powerful superhumans with sentient, city-size, interdimensional spaceships. So when the Authority begins to seriously upset their hard-won networks of control, the backlash that results is as swift as it is devastating. But as bad as things get, these attacks are still comprehensible on a human scale. The same can’t be said for what is following in their wake. This volume collects The Authority #13-29, The Authority Annual 2000 #1, and stories from WildStorm Summer Special #1, along with an introduction by Tim Miller, director of Deadpool.

**The Secret to Spiritual Power, Authority and Dominion!** Anthony Needham,2011-03-26

**The Authority Book One** Warren Ellis,2020-12-22 This is the Authority. Pay allegiance, or get your head kicked in. Whether they’re up against an invasion from an alternate Earth, an international terrorist who is laying waste to major cities, or a hostile alien intelligence who calls himself God, the Authority are ready for action. Collects The Authority #1-12, Planetary/The Authority: Ruling the World, and a story from WildStorm: A Celebration of 25 Years.

**Authority and the Individual** Bertrand Russell,2005-08-02 First published in 1985. Routledge is an imprint of Taylor & Francis, an informa company.

*Authority* Frank Furedi,2013-09-12 Concern with authority is as old as human history itself. Eve's sin was to challenge the authority of God by disobeying his rule. Frank Furedi explores how authority was contested in ancient Greece and given a powerful meaning in Imperial Rome. Debates about religious and secular authority dominated Europe through the Middle Ages and the Reformation. The modern world attempted to develop new foundations for authority - democratic consent, public opinion, science - yet Furedi shows that this problem has remained unresolved, arguing that today the authority of authority is questioned. This historical sociology of authority seeks to explain how the contemporary problems of mistrust and the loss of legitimacy of many institutions are informed by the previous attempts to solve the problem of authority. It argues that the key pioneers of the social sciences (Marx, Durkheim, Simmel, Tonnies and especially Weber) regarded this question as one of the principal challenges facing society.

**The Problem of Political Authority** Michael Huemer,2012-10-29 The state is often ascribed a special sort of authority, one that obliges citizens to obey its commands and entitles the state to enforce those commands through threats of violence. This book argues that this notion is a moral illusion: no one has ever possessed that sort of authority.
