Casting off the Veil Sania Sharawi Lanfranchi, 2012-11-06 In 1923, when the pioneer of feminist activism, Huda Shaarawi, removed her veil in Cairo's train station, she created what became a landmark (and much-copied) gesture for feminists throughout Egypt and the Middle East and cemented her status as one of the most important feminists in twentieth-century Egypt. In *Casting off the Veil*, her granddaughter Sania Sharawi Lanfranchi uses never-before seen letters and photographs to explore the life and thought of Egypt's first feminist, as she campaigned against British occupation, as well as striving to improve conditions for women throughout the country. From her birth into a wealthy and powerful family, her early years spent in a harem, to her iconic status as one of the most influential feminists in Middle Eastern history, this is a fascinating portrait of a determined and ground-breaking woman, a rich and important story which will captivate everyone with an interest in Egyptian, feminist or colonial history.

Studio Saint-Ex Ania Szado, 2014-04-22 In the glittering world of Manhattan's French expats and 1942 Quebec, a twenty-two-year-old fashion designer on the cusp of launching her career is swept away by the charms of French writer and war pilot Antoine de Saint-Exupéry ... and enmeshed in the schemes of his beautiful, estranged Salvadoran wife, who is determined to win back her husband—at all costs and seductions. With Paris under occupation by Hitler's troops, New York's Mayor LaGuardia vows to turn his city into the new fashion capital of the world—and Mig Lachapelle leaves Montreal for New York to make her name. She finds herself pulled into a fiery romantic triangle in which ambitions, creativity, and passions catch a literary giant between two talented, mesmerizing women and imperil the fate of his work-in progress, *The Little Prince*—a poignant tale of a young boy's loneliness and love among the stars, one of the best selling and most beloved novels of all time. *Studio Saint-Ex* explores themes of ambition, devotion, and inspiration in deft, sophisticated prose.

Apart in the Dark Ania Ahlborn, 2023-06-27 Two terrifying novellas from bestselling author Ania Ahlborn, "a great storyteller who spins an atmosphere of dread literally from the first page" (Jeff Somers). *The Pretty Ones* New York, 1977. The sweltering height of the Summer of Sam. The entire city is gripped with fear, but all Nell Sullivan worries about is whether or not she'll ever make a friend. The self-proclaimed "Plain Jane" does her best to fit in with the girls at work, but Nell's brother, Barrett, assures her that she'll never be like them. When Nell manages to finally garner some much-yearned-for attention, the unthinkable happens to her newfound friend. And then there were the other things...the darker things...the shadow that followed her home from the cemetery and settled into the corners of her home, refusing to let her grow up in peace. Now, after three years away from the place she's convinced she inadvertently haunted, and after yet another family tragedy strikes, Maggie is forced to return to the sweltering heat of a Savannah summer to come to terms with her past. All along, she's been telling herself, it was just in your head, and she nearly convinces herself

**Rethinking Feminism in Early Modern Studies** Ania Loomba, Melissa E Sanchez, 2016-07-12

Winner of the Society for the Study of Early Modern Women's Collaborative Book Prize 2017 Rethinking Feminism in Early Modern Studies is a volume of essays by leading scholars in the field of early modern studies on the history, present state, and future possibilities of feminist criticism and theory. It responds to current anxieties that feminist criticism is in a state of decline by

attending to debates and differences that have emerged in light of ongoing scholarly discussions of race, affect, sexuality, and transnationalism-work that compels us continually to reassess our definitions of 'women' and gender. Rethinking Feminism demonstrates how studies of early modern literature, history, and culture can contribute to a reimagination of feminist aims, methods, and objects of study at this historical juncture. While the scholars contributing to Rethinking Feminism have very different interests and methods, they are united in their conviction that early modern studies must be in dialogue with, and indeed contribute to, larger theoretical and political debates about gender, race, and sexuality, and to the relationship between these areas. To this end, the essays not only analyze literary texts and cultural practices to shed light on early modern ideology and politics, but also address metacritical questions of methodology and theory. Taken together, they show how a consciousness of the complexity of the past allows us to rethink the genealogies and historical stakes of current scholarly norms and debates.

**Ace Against Odds** Sania Mirza,2018-11-22 Sania Mirza became an instant sensation when she won the Wimbledon Championships girls' doubles title at the age of sixteen. From 2003 until her retirement from the singles circuit in 2012, she was ranked by the Women's Tennis Association as India's top player, both in singles and doubles. A six-time Grand Slam champion, she notched up an incredible forty-one consecutive wins with her doubles partner, Martina Hingis, between August 2015 and February 2016. Ace against Odds is the story of this most iconic Indian player who beat incredible odds to get to the top of her sport. Sania writes with candour of the hardships along the way, of the physical and emotional trauma caused by injuries and medical procedures, of the friends and partners who became her mainstay along with her family, of the pressures of constant public scrutiny and, not least, the politics and heartbreaks that inevitably accompany success.

**Choked Pipes** Sania Nishtar,2010 Choked Pipes is the first consolidated review of Pakistan's health system, which analyzes impediments and offers a phased implementation roadmap for reform. It outlines the existing configuration of the country's health system, presents a brief overview of the factors responsible for poor health status, and outlines weaknesses of 'reform' approaches adopted in the past. By describing the Mixed Health Systems Syndrome, the book has drawn attention to the systemic challenges in an environment where publicly-funded government health delivery coexists with privately-financed market delivery. The direction of reform proposed in the book draws attention to a number of structural factors, both within and outside of the healthcare system and lay emphasis on reform of governance and social welfare as an important adjunct to reform within the healthcare system. The reform roadmap is relevant to current efforts aimed at achieving development goals in today's macro-economically constrained environment and meeting broader development objectives in the context of Pakistan's prevailing geo-strategic challenges. The reform agenda proposed herein comes at a critical time in the evolution of interest in global health from 'diseases' to 'systems' and therefore has a bearing on health systems in other developing countries, most of which have mixed health systems. As such, the normative framework is envisaged to be a useful contribution in the space of global health.

**Laker** Ania Gzresik, Greg Dix, 2020-02-07 Sir Freddie Laker was one of Britain's most renowned entrepreneurs. After leaving school at age 16, his early years include the Berlin Airlift, Aviation Traders, the 'Accountant' aircraft - designed to replace the venerable DC-3 - the innovative Carvair and BUA. He was a millionaire before he'd turned 25. After starting Laker Airways following the tragic death of his 17 year-old son Kevin, Freddie built the airline into a powerhouse, specialising in the European and North American markets. He then took on governments on both sides of the Atlantic for the licences to fly his revolutionary 'Skytrain' service, for which he is most known. Laker's Skytrain created hysteria akin to a grass roots movement. It gave the opportunity of affordable air travel between the UK and the USA to millions who could never before have the experience. The impact of Skytrain was pivotal in President Jimmy Carter's deregulation of the U.S. airline industry. Numerous airlines followed Laker's example to the point that now his original low-cost / no-frills model has become the industry standard for many of the world's air carriers. Fueled by commercial success followed by a well-deserved knighthood, Sir Freddie embarked on a massive expansion programme. He purchased many more aircraft, took on immense financial commitments and sought hundreds of routes across the globe. Laker Airways was one of the top six transatlantic airlines by 1982 and Sir Freddie had made enemies amongst his competitors, who conspired against him. Despite monumental efforts to assist Laker Airways with a refinancing plan, a perfect storm of events compounded by ill-timed personal upheaval brought Sir Freddie's airline down on the 5th of February, 1982. Now, for the first time, the unsanitised story of Sir Freddie, his brilliant and overly-ambitious business ventures and his turbulent personal life is being told.

**Seed** Ania Ahlborn, 2012 With nothing but the clothes on his back--and something horrific snapping at his heels--Jack Winter fled his rural Georgia home when he was still just a boy. Watching the world he knew vanish in a trucker's rearview mirror, he thought he was leaving an unspeakable nightmare behind forever. But years later, the bright new future he's built suddenly turns pitch black, as something fiendishly familiar looms dead ahead. When Jack, his wife Aimee, and their two small children survive a violent car crash, it seems like a miracle. But Jack knows what he saw on the road that night, and it wasn't divine intervention. The profound evil from his past won't let them die...at least not quickly. It's back, and it's hungry; ready to make Jack pay for running, to work its malignant magic on his angelic youngest daughter, and to whisper a chilling promise: I've always been here, and I'll never leave. Country comfort is no match for spine-tingling Southern gothic suspense in Ania Ahlborn's tale of an ordinary man with a demon on his back. Seed plants its page-turning terror deep in your soul, and lets it grow wild.

**Salt Lick** Lulu Allison, 2021-09-16 LONGLISTED FOR THE WOMEN'S PRIZE FOR FICTION 'A compelling fable of decline, a lament for a way of life, and a warning about what society is already becoming. Food production has moved overseas and people are forced to move to the cities for work. The countryside is empty. A chorus, the herd voice of feral cows, wander this newly
